RULE 10
DUAL CREDIT – ACCREDITED SCHOOLS
2016-2017 School Year

Please submit this form for dual credit courses. Dual credit is academic credit awarded to high school students in either accredited or approved secondary schools both by the secondary school and a post-secondary school for essentially the same time and work requirements. Thus, students may simultaneously earn academic credit that may be applied both toward high school graduation requirements (or at least will be placed on their high school transcript), as well as applied toward graduation at post-secondary institutions (or at least will be placed on the post-secondary transcript).

(Please be reminded that teachers in dual credit courses must hold a valid Nebraska Teaching Certificate.)

County/District #:	Name of School :	Address:	City:	Zip Code:
