

Standards Met

- 1.1: Communication – Interaction
- 1.2: Communication – Interpretation
- 1.3: Communication – Production
- 3.1: Connections – Reinforce other content areas
- 4.1: Comparisons – French language patterns
- 5.1: Use the target language beyond school

Objectives:

The students will...

- demonstrate knowledge of commands through actions.
- demonstrate comprehension of “ ” by acting out the story as it is told in the target language.
- apply knowledge of numbers, animals, and clothing through a variety of activities

Anticipatory Set

Have students create a food pyramid by coloring and labeling the various food groups. They can review the colors and learn the words for the food groups in French.

<http://www.mypyramid.gov/kids/index.html> - information about the food pyramid and wonderful activities for students

Guided Practice

1. Match phrases from the story with their corresponding pictures.
2. Have students make their own flashcards. These flashcards can then be used to play **Mémoire** (concentration) with a partner.
3. Hide a picture of a vocabulary word while one student is out of the room. The student tries to find the picture with the help of the class. As the student gets closer to the picture, his/her classmates say the name of the animal in French louder and louder. When the student goes away from the picture, the name is said softer and softer.
4. Complete art sheets with numbers and animals.
5. Hand out pictures of animals. Through yes/no questions, students attempt to find out what pictures all their classmates have.
6. Students survey their classmates as to which animals they like and then they can graph the results. They can also survey their classmates as to which foods they like.
7. Talk about pets, and have students say which animals in the story they would like to have as pets.
8. In pairs, students make a sound or action that represents each of the animals in the story. Students can then guess the animal from the actions and sounds done by their classmates.
9. Students determine which word doesn't belong. For example, which word doesn't belong "**serpent lapin caquette** (snake rabbit cap worm)
10. Put a word from the story on the back of each student. By asking only yes/no questions, the student will try to find out which word is on his/her back. When a student thinks that he/she has the correct answer, he/she asks someone to verify that answer. If the answer is correct, he/she removes the paper and places it in correct category on the board (semantic mapping). This may also be done in pairs or small groups.
11. Review the story again by having the students stand with the correct visual as you read the story.
12. List all the things that my little sister ate.
13. Hand out envelopes with the animals and clothing words found in the story as well as the food words that they learned in the anticipatory set. Then have the students categorize these words as to animals, clothing, foods.
14. Have the students categorize various foods according to the food pyramid.
15. Make a giant mouth with a bag attached or a basket with a cloth around it. Then "feed" it with the animals as the students say the word in French. As it vomits the animals out of its mouth, the students say each animal in French.
16. Have the students dress the animals.
17. Have the students work together to retell the story using the visuals.
18. Create vocabulary sheets for the animals by using the Frayer Model.
19. Students can fill in the semantic analysis chart for the various animals.
20. Have the students play charades with the animals found in the story.

21. Say the alphabet in French and then complete the alphabet poetry sheet by filling in the blanks with the words remembered.
22. Students can play the following games using vocabulary from the story: Human Bingo, Bingo, Pictionary, Hangman, and Fly Swatter game

Extension

1. Create a class counting book.
 - Give each student a page with the picture of “ _____ ” (my little sister) on it and a number (1-20)
 - Each student thinks of another strange and silly thing the little sister could eat and draws that number of things on the page.
 - These pictures can all be stapled together for a class counting book.
2. Include other French expressions such as _____ (I am hungry), **Elle dit**(She says), _____ (My stomach hurts), _____ **e** (I like), _____ (I don't like), **Il/Elle aime** (He/She likes)
3. Complete a class picture dictionary.
4. Create as a class a book entitled **Les animaux s'habillent** (The Animals Dress Themselves)
5. Students put on articles of clothing by command
6. Extend to other books such as *There Was An Old Lady Who Swallowed a Fly*.

Evaluation

1. Check comprehension with simple yes/no questions or either/or questions.
2. Give a yes/no quiz in French asking some of the following questions: My little sister eats three snakes. My little sister eats fruits and vegetables
3. Students perform sentences that the teacher says such as “**Le ver mange la caquette** . (The worm eats the cap.).
4. Have the students create living sentences to focus on grammar points that you might wish to emphasize such as singular and plural etc.

Closure

1. Retell the story one last time. Students will fill in the blanks when the teacher pauses.

Connection Activities

Math

- Create word problems from the story and solve these problems using manipulatives.
- Create a class counting book.
- When the number is read in the story, groups of student will create a model of that number. For example when the number three is read, students will collect three objects in the classroom to represent the number three.
- Students will find the pattern in the story. They can then compare this to another pattern storybook.

Language Arts

- Create a story map.
- Dramatize the story.
- Write concrete poetry
- Writing six traits – Sentence Fluency
- Using the three main phrases in the story, each student writes his own book with him/her as the principle character.
- Create own animal and write a story about that animal

Social Studies

- On a map, locate where all the different animals are found.
- Connect to the foods that Native Americans used to eat and also how they used the various animal parts in their survival.
- Research other countries' strange eating habits such as chocolate covered grasshoppers and present these to the class

Health

- Have the students discuss the food pyramid and the importance of healthy eating.
- The students will create paper plate meals being sure to include the necessary food groups.
- My Pyramid Blast Off Game
http://www.mypyramid.gov/kids/kids_game.html
- My Pyramid Worksheet
http://teamnutrition.usda.gov/resources/mpk_worksheet.pdf
- Have students go to the Food Pyramid web site and input their own activity to figure out their intake for the day

Science

- Complete a KWL chart about the animals in the story.
- Complete Semantic Analysis Charts on the various animals.
- Create an animal zoo with these lesser known animals.
- Compare and contrast the different animals found in the story.
- Connect to dissection in biology by using owl pellets.
- Research the eating habits of the various animals in the story and compare them to what humans should eat.

Match the word to the appropriate picture.

le lapin	le serpent	les céréales	la fourmi
les légumes	les sous-vêtements	le raton laveur	les chaussettes
les chaussures	la chauve-souris	le fruit	le blouson
la cravate	la souris	la petite grenouille	les produits laitiers
le ver	le lézard	la viande	les petits pois

le lapin

le serpent

la fourmi

le raton laveur

la chauve-souris

la souris

la petite grenouille

le ver

le lézard

les sous-vêtements

les chaussettes

les chaussures

le blouson

la cravate

la caquette

les petits pois

les céréales

les légumes

les fruits

les produits laitiers

la viande
