

## Nutrition Webinar Scheduled

*"Don't wish it were easier, wish you were better. Don't wish for fewer problems, wish for more skills. Don't wish for less challenges, wish for more wisdom."* - Earl Shoaf

The USDA will host a one-hour webinar as part of its series to help community leaders battle childhood obesity.

"Together We Can Teach About Nutritious Cooking and Eating" will take place at 2 p.m. (EST) July 25.

The webinar will highlight federal resources available in communities for providing nutrition education.

This is one of four remaining parts in the series. Topics covered will be providing after-school meals, teaching nutrition education and building local food systems.
