INDIVIDUAL STUDENT REPORT
SPRING 2011**

STUDENT NAME: **Last Name, First Name MI.**
BIRTH DATE: **99/99/9999**

DISTRICT: **SAMPLE DISTRICT (99-9999-999)**
SCHOOL: **SAMPLE SCHOOL (99-9999-999)**

GRADE: **11**

Student's Overall Performance

	Student's Scale Score*	Student's Performance Level	Student's State Percentile Rank	State Average Scale Score
Reading	126	Meets the Standards	999	999
Mathematics	127	Meets the Standards	999	999

This report provides a record of student's test results on the NeSA in reading and mathematics.

Scale Score
A student's scale score is a transformed version of the raw score. It provides comparable meaning across grades and across years, but only within the same subject area. Scores should not be compared across content standards or years because the items vary in difficulty level. No score means the student did not test.

Performance Levels
The NeSA is designed to measure knowledge against state standards. Scores on these tests are grouped into three performance levels. The performance level chart (found below) shows the scale score ranges associated with each level.

Percentile Rank
A student's percentile rank is the percentage of the peer group (e.g., grade) that the student surpassed.

Performance on Content Standards
Reading and mathematics are composed of different content standards. The chart on the right shows how the student did on these content standards.

Interpretation of Chart
The chart displays where the performance cut score lies within the possible scale score range. Scale scores are represented by the diamond (◆). For example, student's scale score in reading is 126. Note that the diamond representing this score falls in the Meets the Standards scale score range. If students with this scale score were retested, they would usually be expected to fall between 118 and 130.

Performance Level	Scale Score Ranges	Reading State Percent	Mathematics State Percent
Exceeds the Standards	135–200	999	999
Meets the Standards	085–134	999	999
Below the Standards	084 and below	999	999

Nebraska State Accountability—the NeSA tests are intended to measure, report, and compare student performance on academic content standards in all Nebraska public school buildings.

For more information about the NeSA testing program including the curriculum standards, performance level descriptors, and converting your child's scale score to a percentile rank can be found on the Nebraska Department of Education website at www.education.ne.gov
