

## The New GMS Front Door

### What's New!

Beginning in April 2016, NDE grants management partner, MTW Solutions, will be taking on a larger role in how the NDE grants management systems (GMS) works. There will be a new “front door” to access the GMS outside of the NDE Portal. This is only the beginning of an updated GMS experience that will be made possible through MTW’s robust IT architecture, resources, and experience hosting other implementations of the GMS in other states. While the overall content will remain the same, the look and feel of GMS at NDE will be evolving. As NDE harnesses MTW’s industry standard technologies, the GMS promises to become more mobile and efficient for school district users.

### Webinar Dates with Registration Link

Join us on one of the dates listed below as we begin exploring GMS through a new “front door.”

March 10, 10:00 AM (CST)

March 15, 2:00 PM (CST)

March 17, 11:00 AM (CST)
