

## Targeted Teaching Topic

**Author:** Deb Koehlmoos  
**School:** Pierce Public Schools

**Summary of Topic:**

Charades

**Main Curriculum Tie:**

Medical terms.

**Required Materials for Lesson:**

Note cards (or small pieces of paper) with a term written on them.

**Background for Teacher:**

Knowledge of medical terms.

**Student Prior Knowledge:**

Students have completed a specific unit containing medical terms.

**Intended Learning Outcome:**

Reinforce medical terms for a given unit.

**Instructional Procedure:**

Review game:

- As students walk into room, hand each one a notecard with a specific term.
- One student at a time comes up front and acts out his or her term until classmates guess it.

**How to Measure Outcome:**

Observation or point if they get classmates to guess the term.
