# persons interviewed:		

2011-2012 School Year
Form 7

Student (Grades 7-12 and OSY) Focus Group Questions

I. ACADEMICS

1. How has the program helped you complete requirements for high school graduation or go back for a GED?

PROBE: What tutoring did you receive? Did program staff help you keep track of your academics? What credit recovery options were offered through the program? What materials or resources did the program provide to help you finish high school credits or obtain a GED?

--
--
--

2. How has the program helped you make plans for after high school?

PROBE: What activities or speakers provided by the program helped you think about a career or going to college? What activities provided by the program helped you learn life skills such as how to balance a checkbook, apply for a job, or keep track of bills? What help have you received to apply for college scholarships?

--
--
--

3. What else can the program do to help with graduation and/or meeting your career goals?

--
--
--

II. SUPPORT SERVICES

1. Some examples of support services are assistance with dental work or medical care, translating/interpreting for parents and students, referrals to community agencies, and transportation to/from school. What support services have you and/or your family received and how have they helped?

PROBE: How have the services met your needs? Have the support services helped you stay in school? How? Have the support services helped you participate in school activities? How?

--
--
--

2. How could the support services the program provides be improved?

--
--
--

3. Do you have other comments or suggestions you would like to share?

--
--
--
