NOTE: The term “remaining in the community” means “residing in their own homes, alone, with spouses, children or guardians.” Adults residing in institutions are not eligible for CACFP benefits. Institutions include, but are not limited to, hospitals, nursing homes, asylums for the mentally ill or for the mentally or physically handicapped, convalescent homes, apartment complexes designed only for the functionally impaired that provide meals and full-time care and hospices.

Not included as institutions are houses in the community which may be subsidized by Federal, State or local funds but which are private residences housing an individual or a group of individuals who are primarily responsible for their own care but who may receive on-site monitoring.
