What is a Standard?

- A standard is a skill that students should know and be able to do.
- Standards set clear and high expectations for student achievement.
- Teachers use standards for consistency so that every student in the same grade is learning the same essential skills.

Who Sets the Standards?

- Academic standards are set by educators and policymakers from across the state.
- The standards are updated every 5 years.

Why Do Students and Families Need to Know About the Standards?

- When students know what they are expected to learn, they perform better.
- When parents know the learning standards, they become more aware of what is expected and can help their children succeed.
- Children can have conversations about their learning with their parents.
- Parents can have conversations with educators about their child's learning.
