SUBJECT: Approve revisions to Rule 21, "Issuance of Certificates to Teach, Provide Special Services, and Administer in Nebraska Schools"

**Proposed Board Action:**

It is recommended that the State Board of Education (SBOE) approve the revisions to Rule 21 (92 NAC 21), "Issuance of Certificates to Teach, Provide Special Services, and Administer in Nebraska Schools"

**Background Information:**

Rule 21 (92 NAC 21) addresses the certification of individuals to teach, administer or provide special services in Nebraska. Proposed changes to Rule 21 will update the current version of Rule 21 which became effective in May, 2010. Some of the changes in this revision have been made to enhance clarity and consistency; however, changes are also proposed which will change procedures related to certification of educators, including: changing expiration dates for most certificates to August 31 (as opposed to birth date); increasing the validity of the Substitute Teaching Certificate to 45 days (from 40 days); providing that employment experience for counselors, school psychologists and administrators will qualify an applicant for an administrative certificate after completion of the Educational Administration program (currently only teaching experience is recognized); replacing college credit requirements for renewal of School Nurse and Coaching endorsements on Special Services Certificates with appropriate training requirements; and providing the option for postsecondary institutions to request issuance of a Career Education certificate for instructors teaching in Career Academy arrangements. A more detailed list of proposed changes is provided in the support documentation.

As this revision was developed, the Nebraska Council on Teacher Education (NCTE) membership and other education representatives have been provided an opportunity to review this draft and provide input.

**Estimated Cost:**

\$600.00 for costs associated with the Public Hearing and for print copies for distribution upon approval of the revised rule.
