

TO: Roger Breed, Ed.D.
Commissioner of Education

FROM: Diane Stuehmer, Federal Programs Administrator and Title I Director
Sharon Katt, Administrator, Adult Program Services

SUBJECT: Approve the 2012 slate of Mathematics and Science Partnership Grants

Proposed Board Action:

Grant the Commissioner the authority to approve the 2012 slate of Mathematics and Science Partnership Grants

Background Information:

This federally-funded statewide grant provides funding for two partnerships, one representing mathematics and one representing science, that each undertake a statewide leadership role in providing innovative teacher professional development that improves the academic achievement of students in mathematics and science. Each project also has established or refined a collaborative network for mathematics and science teachers across the state. The following applicants are recommended for funding in the amounts listed below.

Applicant	Grant Amount
Educational Service Unit #8 (Mathematics)	\$434,189
Educational Service Unit #16 (Science)	\$291,038
TOTAL	\$725,227

Estimated Cost:

These federally-funded Mathematics and Science Partnership grants total \$725,227.
