Dr. Swisher

I received your letter and I would be happy to serve on the Nebraska State Council on Educational Opportunities for the Military Child. I have read through the compact and I do not have any questions at this time. From a district perspective, the Compact will not require any changes in practice for Bellevue. I will try to attend the State School Board meeting, not specifically because of the appointment but being new to the state it would be good for me to go to one and July is the kind of month that might work. Please let me know if there is anything else I need to do, I will let you know if my plans change regarding attending the meeting.

Frank
