SUBJECT: Contract with MTW (Making Technology Work) for services and continuing support for the NDE Grants Management System for the period from July 1, 2012 through June 30, 2013.

Grant the Commissioner the authority to contract with MTW for services and continuing support for the NDE Grants Management System (GMS) for the period from July 1, 2012 through June 30, 2013.

Background Information:

A bidding process was used to secure this contractor in 2003. NDE has continued to contract with MTW since that time. Changing providers at this time would seriously disrupt service to districts, ESUs and NDE.

\$150,000
