**PROPOSED BOARD ACTION**

None – Work Session

**BACKGROUND INFORMATION**

As a pro-active step, the Nebraska Department of Education asked Data Recognition Corporation (DRC) to sub-contract with Caveon Security to conduct a security audit of the NeSA testing program. During the week of April 2-6 the audit was conducted. The audit included a review of all NDE and DRC materials and processes, a statewide survey, and extensive interviews with personnel from both organizations and with school districts.

A report of findings will be presented at this meeting.
