

TO: Roger Breed, Ed.D.
Commissioner of Education

FROM: Gary M. Sherman/Carol McClain, Office of Special Education

SUBJECT: Continue contracting for assistance with professional development as relates to the Individuals with Disabilities Education Act (IDEA) Part C (Infants/Toddlers)

Proposed Board Action:

Grant the Commissioner authority to continue contracting for assistance with professional development as relates to the IDEA Part C (Infants/Toddlers)

Background Information:

The Office of Special Education intends to continue to contract for assistance with planning and implementing professional development and child find activities focused on undeserved infants and toddlers with disabilities and their families. The contractor will provide training and consultation/coaching on early childhood topics of strategic planning for services to young children. IDEA ARRA Part C funding was used to conduct a statewide needs assessment to identify areas where additional support could improve services to infants and toddlers with disabilities and their families. The groups that were identified as needing expanded services included families who are homeless, migrant, incarcerated, in treatment programs, non-English speakers, Native American, and African American. The Part C ARRA funded activities proved to be successful and warrant continuation with regular Part C funds. Priority activities to be continued include but are not limited to increased efforts in identifying infants and toddlers with disabilities, training in providing home-based services and Routines Based Interventions.
