

TO: Matthew L. Blomstedt, Ph.D.
Commissioner of Education

FROM: Dean Folkers

SUBJECT: Amendment of Contract with Double Line Partners

Proposed Board Action:

Grant the Commissioner the authority to amend the contract with Double Line Partners in support of the SLDS grant project work.

Background Information:

The initial contract with Double Line Partners (DLP) included an initial planning stage that would consider the current environment, options available, and future opportunities. Upon completion of the plan an amendment to the contract was required to redefine scope, costs, or other changes discovered during the process. The plan and scope is complete and as the work continues, requires an amendment to the contract approved by the state board of education. The work of the contract focuses on increasing security and identity management, the District Data Dashboard, Data Dictionary, and infrastructure features to ensure future systems capacity in support of continuous school improvement and emerging accountability requirements.

Estimated Cost:

2.4 million of 1.5 years.
