

# Nebraska Indicator (c) (11) Response

---

**Indicator (c)(11)** | *Of the students who graduate from high school consistent with 34 CFR 200.19(b)(1)(i), the number and percentage who enroll in an institution of higher education (IHE) (as defined in section 101(a) of the Higher Education Act of 1965, as amended (HEA)) within 16 months of receiving a regular high school diploma*

Nebraska will start reporting indicator C11 with its 2011 Cohort as outlined in the SFSF Grant application. The Nebraska Department of Education will utilize The National Student Clearinghouse to complete the necessary reporting requirements. As per the definition of indicator C11, we need to identify students who enroll in an institution of higher education within 16 months of receiving a regular high school diploma. Considering the processing times required by The National Student Clearinghouse, Nebraska will be able to provide the C11 reports for the 2011 Cohort in September of 2013.
