

2014 EMERGENCY MEDICAL WAIVER for NeSA - Reading-Mathematics-Science Tests

An emergency medical waiver may be granted by the Statewide Assessment Office when a student cannot take the assessment during the testing window due to a significant medical emergency. For example this might include a situation in which a student is recovering from a car accident or an emergency medical situation that prevents the student from being physically capable of taking the test. A statement from a physician is required. These students remain enrolled at the school, although physical circumstances prevent the student's participation in the test. A waiver is not intended for use for a permanent disability or if the student is otherwise receiving education services from the district or other provider.

Explanation to the Physician: The Nebraska Department of Education strives to ensure that all students have equitable opportunities to demonstrate their knowledge and skills on NeSA tests. State tests are mandatory for every student grades 3-8, and 11 who are enrolled in a public school.

Nebraska school districts are required to provide physician-signed medical waivers in cases where a medical emergency prevents a student from participating in the NeSA tests (Nebraska State Accountability.)

If the school is otherwise providing education with accommodations to the student for an on-going medical condition or permanent disability, that is not considered a basis for a medical waiver on the NeSA tests. Districts are able to provide the test to the student at a location outside of the school building and/or may make other accommodations appropriate to the student’s medical needs in order for them to participate in testing.

EMERGENCY MEDICAL WAIVER REQUIREMENTS

The Nebraska Department of Education strives to ensure that all students have equitable opportunities to demonstrate their knowledge and skills on the NeSA tests. This document is provided to help districts determine whether a medical waiver is justified. Below are some examples that may help you determine whether a student qualifies for a waiver; these are not inclusive of every medical situation, but are meant as a guideline to help you determine if your student meets the requirements prior to requesting a physician signature on the waiver.

NDE values and trusts the medical opinion of physicians, however, they must be informed of the guidelines for testing prior to providing excused waivers for students. Nebraska districts are charged with providing education to all students, regardless of their disability.

APPROVED FOR WAIVER	NOT APPROVED FOR WAIVER
Emergency situation – hospitalization, e.g. recovering from a car accident	Long term hospitalization where students are receiving educational services outside of the school.
Emergency Medical conditions where medication or treatment makes It impossible for student to test. e.g. chemotherapy, radiation.	Permanent disability – education is being provided by district or other provider. e.g. cerebral palsy, multiple impairments, student participates in alternate assessment
Out-of-state medical care.	In-state non-emergency medical care.
Surgery and recovery.	Surgery where student could be tested as part of regular education
Emergency mental health issue that is not normally part of a student’s IEP.	Mental health issues that are being accommodated by the school in an on-going basis.
Emergency pregnancy complications – by doctor’s orders	Pregnancy/birth of child where student could be tested off-site.

In order to maintain the confidentiality of students’ medical situations; actual medical records are not to be included with the waiver.

If you have questions about an individual situation, please do not hesitate to contact our office at 402 471-2495.
