

**Course Codes
and
Clearing Endorsements**
(Formerly called Appendix D)

2011-2012

**Version 3.1.1
April 20, 2012**

**Nebraska Department of Education
Data Services**

GENERAL INFORMATION

Nebraska approval regulations (Rule 14) and accreditation regulations (Rule 10) require that certain percentages of F.T.E. (Full Time Equivalency) elementary and middle grade teachers hold appropriate endorsements and that certain percentages of instructional units at the secondary grades be assigned to teachers holding appropriate endorsements. For teachers to be considered appropriately endorsed for their assignments, they must teach the grade levels indicated on their certificate. The grade level designations are shown on the following chart.

Certificate/Endorsement Level

LEVEL	Appropriate for the following grades
00	Pre School
01	Pre Primary – 3 all schools
02	K-6
03	K-8
04	7-9
05	K-9
06	7-12
07	K-12
08	9-12
09	4-9
10	B-12
11	B-K
12	B-3
13	PK-6
14	PK-8
15	PK-12
16	10-12
17	6-12

The following pages show courses or subjects taught in Nebraska schools and the appropriate endorsements for those subjects or courses. In instances where no specific endorsement is required, the “level” of endorsement must still be appropriate for the assignment.

The following items describe special cases or circumstances.

Middle Grades:

- 1) When grades four through six are designated as middle grades, either an elementary or a middle grades endorsement is appropriate.
- 2) A middle grades endorsement clears any subject area and course code for grades 4-9.
- 3) For grades seven and eight, a middle grades endorsement or an appropriate secondary endorsement is appropriate.

- 4) Teachers holding an elementary endorsement may teach in grades seven and eight if they acquire six credit hours per year towards the “Middle Grades” endorsement or if they participate in staff development in accordance with a local mission or plan for education of middle grade students.
- 5) Teachers holding a content area endorsement at the secondary level may teach grade six in that content area if they acquire six credit hours per year toward the elementary or middle grades endorsement or participate in staff development in accordance with a local mission and plan for education of middle grade students.
- 6) When grade nine is designated as a middle grade, an appropriate secondary endorsement or a middle grades endorsement covers a ninth-grade teaching assignment.
- 7) Secondary teachers may be assigned to integrated courses or curriculum in grades seven through nine if they hold an endorsement for any of the subjects or fields included in the course. See 10.007.02A2A
- 8) Teachers not holding an appropriate endorsement may be assigned to the middle grades if they acquire six credit hours per year towards a middle grades endorsement.

Secondary Grades:

- 9) In secondary grades, teachers holding a subject endorsement are considered appropriately endorsed for any other subject within the appropriate broad field if they annually acquire, prior to the opening of school, six credit hours toward the subject endorsement or the broad field endorsement.
- 10) In secondary grades, teachers assigned to integrated courses or curriculum are considered appropriately endorsed if they hold an endorsement for any of the subjects or fields included in the course.
- 11) Course descriptions in this manual shown for grades 10, 11, and 12 are intended to describe higher level courses. If, however, the course is taught at a 9th grade level, the appropriate middle grades endorsement will cover the assignment.

Elementary Grades:

- 12) An elementary endorsement is appropriate for courses taught in grades K-8.

AGRICULTURE, FOOD AND NATURAL RESOURCES**INTRODUCTION TO AG, FOOD & NATURAL RESOURCES**Short NameCourse Code**AG/EN-INTR****011000**

The introductory course for the Agriculture, Food and Natural Resources Career Cluster providing a knowledge base and technical skills in all aspects of the industry. Learners will be exposed to a broad range of agriculture, food and natural resources careers, cluster foundation knowledge and skills, introduction to leadership development, the FFA organization and career exploration. Classroom and laboratory activities are supplemented through supervised agricultural experiences and leadership programs and activities.

Target Level: Grades 9-12

Career Cluster: Agriculture, Food, and Natural Resources Systems

Clearing Endorsement - - - Endorsement Level must be in accord with student grade level:Endorsement NameEndorsement NumberAG, FOOD & NATURAL RESOURCES
AGRICULTURE2901
0100**ANIMAL BIOLOGY**Short NameCourse Code**ANI BIO****011004**

A course focusing on the basic scientific principles and processes that are involved in animal physiology, breeding, nutrition, and care in preparation for an animal systems career. Topics include animal diseases, introduction to animal science, animal nutrition, animal science issues, career opportunities and animal evaluation. Classroom and laboratory activities are supplemented through supervised agricultural experiences and leadership programs and activities.

Target Level: Grades 9-12

Career Cluster: Agriculture, Food, and Natural Resources Systems

BIOTECHNOLOGY

Short Name

Course Code

BIOTECH

012004

This course equips students with a working knowledge of biotechnology as it is used in Agricultural, Food, Natural Resources, and Health Sciences. Students will diagram how classical processes have influenced trait improvement throughout history. Through application of DNA structure and gene insertion methods, students will demonstrate how genetic engineering has been applied to organism improvement and solving human health issues. Student will apply DNA and protein detection to determine presence of specific traits. Additionally, students will distinguish between scientific and societal biotechnology issues.

ADVANCED PLACEMENT ENVIRONMENTAL SCIENCE	<u>Short Name</u>	<u>Course Code</u>
	AP ENV SCI	018050

The AP Environmental Science course is designed to be the equivalent of a one semester, introductory college course in environmental science. Unlike most other introductory-level college science courses, environmental science is offered from a wide variety of departments, including geology, biology, environmental studies, environmental science, chemistry and geography.

This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

ADVANCED PLACEMENT MACROECONOMICS

Short Name

Course Code

AP MACECON

038500

The purpose of an AP course in macroeconomics is to give students a thorough understanding of the principles of economics that apply to an economic system as a whole. This course places particular emphasis on the study of national income and price-level determination and also develops students' familiarity with economic performance measures, the financial sector, stabilization policies, economic growth, and international economics.

This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

COMMUNICATION AND INFORMATION SYSTEMS**INFORMATION TECHNOLOGY FUNDAMENTALS**Short NameCourse Code**ITECH FUND****270504**

Students are introduced to information technology and voice, video, and data communications and will demonstrate knowledge and problem-solving skills in the area of operating systems and computer hardware and understand information technology's ethical issues. Units would include, but not be limited to storage and drives, system boards, processors, memory and peripherals. Students may have the opportunity to build a computer, install the operating systems, and add peripherals. Help-desk skills may be included in the course.

Target Level: Grades 10-12

ADVANCED PLACEMENT COMPUTER SCIENCE A	<u>Short Name</u> AP COMSC A	<u>Course Code</u> 270700
--	--	-------------------------------------

The course emphasizes object-oriented programming methodology with a concentration on problem solving and algorithm development, and is meant to be the equivalent of a first-semester college-level course in computer science. It also includes the study of data structures, design and abstraction. Students should be able to: * design and implement solutions to problems by writing, running, and debugging computer programs. * use and implement commonly used algorithms and data structures. * develop and select appropriate algorithms and data structures to solve problems. * code fluently in an object-oriented paradigm using the programming language Java. Students are expected to be familiar with and be able to use standard Java library classes from the AP Java subject. * read and understand a large program consisting of several classes and interacting objects. Students should be able to ready and understand a description of the design and development process leading to such a program. (An example of such a program is the AP Computer Science Case Study.) *recognize the ethical and social implications of computer use. This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

ADVANCED PLACEMENT ENGLISH LANGUAGE & COMPOSITION

Short Name

Course Code

AP ENGCOMP

050050

An AP course in English Language and Composition engages students in becoming skilled readers of prose written in a variety of rhetorical contexts, and in becoming skilled writers who compose for a variety of purposes. Both their writing and their reading should make students aware of the interactions among a writer's purposes, audience expectations, and subjects, as well as the way genre conventions and the resources of language contribute to effectiveness in writing. The purpose of this course is to enable students to read complex texts with understanding and to write prose of sufficient richness and complexity to communicate effectively with mature readers. This course should help students move beyond such programmatic responses as the five-paragraph essay that provides an introduction with a thesis and three reasons, body paragraph on each reason, and a conclusion that restates the thesis.

This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

0502

ENGLISH LANGUAGE ARTS**ADVANCED PLACEMENT ENGLISH LITERATURE & COMPOSITION**Short NameCourse Code**AP ENG LIT****050051**

An AP English Literature and Composition course engages students in the careful reading and critical analysis of imaginative literature. Through the close reading of selected texts, students deepen their understanding of the ways writers use language to provide both meaning and pleasure for their readers. As they read, students consider a work's structure, style and themes, as well as such smaller-scale elements as the use of figurative language, imagery, symbolism and tone. Reading in an AP course is both wide and deep. This reading necessarily builds upon and complements the reading done in previous English courses so that by the time students complete their AP course, they will have read works from several genres and periods - from the 16th to the 21st century.

This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

ADVANCED STUDIES IN HEALTH SCIENCE

Short Name

Course Code

ADVHS

077302

Advanced Studies is the appreciation and exploration of a variety of health science careers or an in-depth study of a specific health science career. Course work would include work-based learning experiences, advanced career planning, and mentorship opportunities in the student's career interest. This could be designated as an individualized study program. It is recommended for senior year; with appropriate prerequisite course work and faculty and/or industry approval.

PERSONAL AND COMMUNITY MEDICAL ISSUES

Short Name

Course Code

MEDISSUE

077303

This course is designed to develop an understanding of the principles necessary for promoting lifelong wellness and preparation for careers in the Health Sciences Support Service Pathway. Students will develop a concept of health and wellness from the perspective of health consumer as well as a potential health professional. Focus will be on a holistic approach to recognize and evaluate oneself in order to improve one's own quality of life. The course will include a study of critical issues which affect the individual and may include stress, nutrition, weight control, physical fitness, infections and non-infectious diseases, alcohol and drug abuse, environmental health, and human sexuality

ADVANCED PLACEMENT BIOLOGY

Short Name

Course Code

AP BIOLOGY

135000

The AP Biology course is designed to be the equivalent of a two-semester college introductory biology course usually taken by biology majors during their first year. AP Biology should include those topics regularly covered in a college biology course for majors. The college course in biology differs significantly from the usual first high school course in biology with respect to the kind of textbook used, the range and depth of topics covered, the type of laboratory work done by students, and the time and effort required of students. The textbooks used for AP Biology should be those used by the college biology majors. The kinds of labs done by AP students must be the equivalent of those done by college students. It aims to provide students with the conceptual framework, factual knowledge, and analytical skills necessary to deal critically with the rapidly changing science of biology.

This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

Clearing Endorsement - - - Endorsement Level must be in accord with student grade level:

BIOLOGY	1303
GENERAL SCIENCE	1302
NATURAL SCIENCE	1301

NATURAL SCIENCES**ADVANCED PLACEMENT CHEMISTRY**Short Name**AP CHEM**Course Code**135010**

The AP Chemistry course is designed to be the equivalent of the general chemistry course usually taken during the first college year. This course should meet the objectives of a good college general chemistry course. Students should attain understanding of fundamentals and a reasonable competence in dealing with chemical problems. The course should contribute to the development of the students' abilities to think clearly and express their ideas, orally & in writing, with clarity & logic. The college course in general chemistry differs qualitatively from the usual first secondary school course in chemistry with respect to the kind of textbook used, the topics covered, the emphasis on chemical calculations and the mathematical formulation of principles, and the kind of lab work done. Quantitative differences appear in the number of topics treated, the time spent on the course, and the nature and the variety of experiments done in the lab. Secondary schools that wish to offer an AP Chemistry course must be prepared to provide a lab experience equivalent to a typical college course.

This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

ADVANCED PLACEMENT PHYSICSShort Name**AP PHYSICS**Course Code**135020**

AP Physics courses are intended to be representative of courses commonly offered in college and universities, but they do not necessarily correspond precisely to courses at any particular institution. The aim of an AP secondary school course in physics should be to develop the students' ability to do the following: 1) read, understand and interpret physical information - verbal, mathematical and graphical, 2) describe and explain the sequence of steps in the analysis of a particular physical phenomenon or problem, 3) use basic mathematical in a physical situation or problem, and 4) perform experiments and interpret the results of observations, including making an assessment of experimental uncertainties. In the achievement of these goals, concentration on basic principles of physics and their applications through careful and selective treatment of well-chosen areas is more important than superficial and encyclopedic coverage of many detailed topics.

This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

SKILLED AND TECHNICAL SCIENCES

INTRODUCTION TO CONSTRUCTION, DESIGN AND MFG	<u>Short Name</u> INTROCDM	<u>Course Code</u> 100100
---	--------------------------------------	-------------------------------------

This course provides the skills and technical knowledge for a beginning student in areas of industry, safety, material, equipment and process understanding. The student will develop awareness construction, design, and manufacturing areas. This course serves as an introductory course to material processing and drafting.

Target Level: Grades 9-12
 Career Cluster: Architecture and Construction and Manufacturing

Clearing Endorsement - - - Endorsement Level must be in accord with student grade level:

SKILLED AND TECHNICAL SCIENCES

AUTOMOTIVE & MOBILE EQUIP SERV & REPAIR

Short Name

Course Code

AUTOSERV

101630

This capstone semester course in Automotive and Mobile Equipment Repair and Service will build upon the previous knowledge of skills from the Mobile Equipment Program of Study. Advanced diagnostic and repair procedure will be addressed in each of the major systems of engine repair, i.e. Ignition, fuel, cooling, lubrication, electronics, drive train, suspension & chassis, brakes, and engine performance.

Target Level: Grades 11-12

Career Cluster: Transportation, Distribution and Logistics

AUTOMOTIVE BODY REPAIR AND REFINISHING

Short Name

Course Code

AUTOREPAIR

101640

A course that provides students with knowledge and skills regarding the repair and refinishing of damaged or used cars. Course content may include (but is not limited to) stretching and shrinking auto body sheet metal; welding skills; frame and metal straightening; repair of fiberglass and synthetic materials; removing, repairing, and installing auto body parts.

Target Level: Grades 11-12

Career Cluster: Transportation, Distribution and Logistics

Clearing Endorsement - - - Endorsement Level must be in accord with student grade level:

WORLD LANGUAGE

WORLD LANGUAGE - LATIN I

Short Name

Course Code

LATIN I

060105

This beginning course includes the study of the language, literature and culture of the Roman world. Students will be able to understand familiar words, interpret very simple sentences and respond appropriately to simple questions, statements, and commands. Students will be able to read and write words, phrases and simple sentences. This course should help students gain insight into the nature of their own language and culture and apply the language and cultural knowledge within and beyond the school setting.

ADVANCED PLACEMENT LATIN: VERGIL

Short Name

Course Code

AP LATIN

060107

The aims of the AP Latin: Vergil course are in general conformity with college Latin studies in the fourth through sixth semesters. As in all such courses at this level, the basic objective is progress in reading, translating, understanding, analyzing, and interpreting Latin. In the course, as in the parallel courses at colleges, students are expected to be able to translate accurately from Latin into English the poetry they are reading and to demonstrate a grasp of grammatical structures and vocabulary.

This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

CHINESE I

060271

This beginning course includes the study of speaking, listening, reading, writing, and culture of the people. Students will be able to understand familiar words and very basic phrases concerning themselves, their family and immediate surroundings when people speak slowly and clearly. They will be able to understand familiar names, words, and very simple sentences and ask and answer simple questions in the areas of immediate need or on very familiar topics. Students will be able to use and write simple phrases and sentences to describe situations. This course should help students gain insight into the nature of their own language and culture and apply the language and cultural knowledge within and beyond the school setting.

WORLD LANGUAGE - CHINESE II

Short Name

CHINESE II

Course Code

060272

This course enables student to understand phrases and commonly used vocabulary related to areas of personal relevance and recognize the main point in short, clear, simple messages and announcements. Students will be able to read very short, simple texts and find specific, predictable information in simple everyday materials. Student can communicate in simple and routine tasks requiring a direct exchange of information on familiar topics and activities. They will be able to handle very short social exchanges and use a series of phrases and sentences to describe in simple terms their family and other people. This course should help students gain insight into the nature of their own language and culture and apply the language and cultural knowledge within and beyond the school setting.

WORLD LANGUAGE - CHINESE III

Short Name

CHINESEIII

Course Code

060273

This course enables students to understand main points in a conversation on familiar matters regularly encountered in work, school, leisure, etc. Students will be able to understand the main point of radio or TV programs on current affairs or topics of interest when the delivery is relatively slow and clear and understand texts that consist mainly of everyday language. They can understand the description of events, feelings and wishes in personal letters and deal with basic situations likely to arise when traveling in an area where the language is spoken. Students are able to enter into conversations on topics that are familiar and connect phrases in order to describe experiences and events. Students will be able to write simple connected text and letters on topics, which are familiar, or of personal interest. This course should help students gain insight into the nature of their own language and culture and apply the language and cultural knowledge within and beyond the school setting.

WORLD LANGUAGE - CHINESE IV

Short Name

CHINESE IV

Course Code

060274

This course enables students to understand extended conversations provided the topic is reasonably familiar, some TV news, current affairs programs, and films in standard language. Students will be able to read articles and literary prose in which the writers adopt particular attitudes or viewpoints. Students can interact with a degree of competency and take an active part in discussion in familiar contexts. Students will be able to present clear, detailed descriptions and write clear, detailed texts on subjects related to their interests. Students can write text that conveys information and letters highlighting the personal significance of events and experiences. This course should help students gain insight into the nature of their own language and culture and apply the language and cultural knowledge within and beyond the school setting.

ADVANCED PLACEMENT CHINESE & CULTURE

Short Name
AP CHINESE

Course Code
060276

The AP Chinese Language and Culture course is designed to be comparable to fourth semester (or the equivalent) college/university courses in Mandarin Chinese. These college courses, which deepen students' immersion into the language and culture of the Chinese-speaking world, typically represent the point at which students approximately 250 hours of college-level classroom instruction. Course work provides students with opportunities to perform Intermediate- to Advanced-level tasks, and students are expected to achieve proficiencies throughout, and sometimes beyond, the Intermediate range, as described in the American Council on the Teaching of Foreign Languages (AFTFL) Proficiency Guidelines.

This course is governed by the AP College Board. Individual teachers are required to have approval of syllabus and course materials by the College Board prior to offering the course. Topics are defined by the College Board located on their website: www.collegeboard.com.

MISCELLANEOUS CURRICULUM

JROTC (Junior Reserve Officers' Training Corps)	<u>Short Name</u> JROTC	<u>Course Code</u> 230101
--	-----------------------------------	-------------------------------------

The purpose of JROTC is "to instill in students in [United States] middle and secondary educational institutions the values of citizenship, service to the United States, and personal responsibility and a sense of accomplishment". Additional objectives are established by the service departments of the Department of Defense. Under 542.4 of Title 32 (National Defense) of the Code of Federal Regulations, the objectives for each grade are: *Developing good citizenship and patriotism, *Developing self-reliance, leadership, and responsiveness to constituted authority, *Improving the ability to communicate well both orally and in writing, *Developing an appreciation of the importance of physical fitness, *Increasing a respect for the role of the U.S. Armed Forces in support of national objectives, *Developing knowledge of team building skills and basic military skills. JROTC follows a prescribed curriculum that helps cadets develop life-long leadership and decision making. The curriculum supports the school's mission and mandates by integrating technology, linking content to state standards, integrating reading and writing, and providing character and financial education.

Clearing Endorsement - - - Endorsement Level must be in accord with student grade level:

SPANISH FOR NATIVE SPANISH SPEAKERS	<u>Short Name</u> SPANSPEAK	<u>Course Code</u> 230601
--	---------------------------------------	-------------------------------------

Courses in Spanish for Native Spanish Speakers support, reinforce and expand students' knowledge of their own Spanish tongue. Because students understand at least the rudiments and structure of the language and have a working vocabulary (to a greater or lesser degree), courses in Spanish for native Spanish Speakers often move faster than do regular foreign language courses. It may be structured similar to an English Language Arts course (with a study of literature and composition.) These courses may incorporate more of the culture or history of the people than do regular foreign language courses and may introduce translation skills. This course may also be called Spanish for Spanish Speakers or Spanish for Proficient/Native Speakers.

Version 3.0

August 17, 2011

Numerous changes have been made to course descriptions and clearing endorsements.

Please check carefully before assigning a course code.

1. General information

- a. Certificate/Endorsement Levels

2. General Information

- a. For Provisional Certificates
- b. Middle Grades (change)
- c. Elementary (added new)

3. New Subject Areas and Course Codes in those areas

Education and Training (35)

- 350001 - Introduction to Education
- 350010 - Experiencing Teaching
- 350015 - Early Childhood Education I
- 350020 - Early Childhood Education II
- 359930 – 359934 - Education and Training, Other

Hospitality and Tourism (37)

370010 - Hospitality and Tourism
370015 - Food Service Management I
370020 - Food Service Management II
379930 – 379934 – Hospitality and Tourism, Other

Law, Public Safety and Security (39)

390010 - Foundation of Law, Public Safety, Corrections and Security
390015 - Introduction to Criminal Justice
390020 - Introduction to Fire & Emergency Services
390025 - Courts and Judicial Process
399930 – 399934 – Law, Public Safety and Security, Other

4. New Course Codes

Agriculture, Food and Natural Resources (01)

018050 – Advanced Placement Environmental Science

Visual & Performing Arts (Art) - (02)

020500 – Advanced Placement Studio Art: 2D Design
020501 – Advanced Placement Studio Art: 3D Design
020502 – Advanced Placement Studio Art: Drawing

Business, Marketing and Management (03)

038500 – Advanced Placement Macroeconomics
038501 – Advanced Placement Microeconomics

English Language Arts (05)

050050 – Advanced Placement English Language & Composition
050051 – Advanced Placement English Literature & Composition
050315 – Advanced Placement Spanish Literature

World Language (06)

060107 – Advanced Placement Latin: Vergil
060226 – Advanced Placement French & Culture
060236 – Advanced Placement German & Culture
060246 – Advanced Placement Spanish Language
060253 – Advanced Placement Japanese & Culture
060276 – Advanced Placement Chinese & Culture

Health Science (07)

077302 – Advanced Studies in Health Science
077303 – Personal and Community Medical Issues
077304 – Exploring the Clinical Lab
077401 – Medication Aide
077402 – Emergency Medical Tech – Basic
077800 - Health Information Technology

Skilled and Technical Science (10)

100407 – Energy Generation and Distribution
100706 – Exploring Skilled and Technical Science – 6th Grade

100707 - Exploring Skilled and Technical Science – 7th Grade
100708 - Exploring Skilled and Technical Science – 8th Grade
101601 - Emerging Technologies in Transportation and Logistics
101650 - Business Logistics
101951 - Adv Fabrication & Mfg – Plastics

Mathematics (11)

110620 - Advanced Placement Calculus AB
110621 - Advanced Placement Calculus BC
111720 - Advanced Placement Statistics

Visual & Performing Arts (Music) (12)

120700 - Advanced Placement Music Theory

Natural Sciences (13)

135000 - Advanced Placement Biology
135010 - Advanced Placement Chemistry
135020 - Advanced Placement Physics

Social Sciences/Social Studies (15)

150750 - Advanced Placement Geography
150805 - Advanced Placement World History
150806 - Advanced Placement European History
150830 - Advanced Placement US History
151113 - Advanced Placement Government
151210 - Advanced Placement Psychology

Self-Contained Classroom (18)

180005 - Home-Based Program (non-Sped)

Special Education (19)

194000 - Special Education In-Home Setting

Communication & Information Systems (27)

270700 - Advanced Placement Computer Science A

Career Education, Foundational & Specialty (32)

329930 – 329934 - Career Education, Foundational & Specialty, OTHER

5. Course Codes Removed:

011001 – Comprehensive Agriculture/Natural Resources Animal Science
011002 – Comprehensive Plant and Soil Science
011003 – Comprehensive Agribusiness/Farm Management
013003 – Science of Earth Systems
013004 – Environmental Science
013005 – Ecology of Agriculture
014002 – Biotechnology in Food Products and Processing Systems
015000 – Agricultural Business Management
016004 – Agricultural Mechanics and Technology
