

Following is a request from CAEP for volunteers in a variety of different opportunities, one of which is to be trained as a site visitor for out-of-state institutions who are seeking national accreditation. Nebraska has been fortunate over the years to have individuals trained as site visitors (Board of Examiners) – those individuals not only are able to serve on in-state teams, but also bring back insight from other states/institutions.

Deadline for applications is March 20. Although not a requirement, it would be VERY helpful if you would let me know if you plan to pursue any of these opportunities! If you have questions about these opportunities – please give me a call. If I can't answer the questions, I can forward you to other Nebraska individuals who are serving in the capacity of site visitors.

Dear Supporter of Quality Educator Preparation, CAEP's mission is to advance excellence in educator preparation through evidence-based accreditation that assures quality and supports continuous improvement to strengthen P-12 student learning. To achieve our mission, CAEP relies heavily on a community of dedicated professionals, deeply committed to ensuring – through many aspects of the accreditation process – that providers are preparing effective, high quality educators. CAEP is the single accrediting body for educator preparation, serving educator preparation providers previously accredited by the National Council for Accreditation of Teacher Education (NCATE) and the Teacher Education Accreditation Council (TEAC).

#### SEEKING VOLUNTEERS

We are seeking professionals, from across the education field that not only reflect the diversity of our country's P-12 learners, but are also inclusive of affiliation and experiences, to serve in every area of our organization.
