FIRST TIME USERS:
Enter the activation code provided by your Administrator.
After you enter the code, click Add.
(Your District’s ID, Name and your User Type level will appear in a table below the code box.
The table will list your access to this collection by District and by User Type.)

Click the blue link “Return to Previous Page”.

Registering with the Activation code is a one-time procedure. Your next use of the Portal will proceed directly from the login and password page.

District Intent to Participate in Perkins Career & Technical Education funds
Certify Career Education Essential Components

Perkins IV Career & Technical Education 20112012

OFFICIAL Submission can only be done by the District Administrator.

Introduction

The purpose of the data collection is to determine district intent to participate in federal Carl D. Perkins funding for the 2011-2012 year and to certify the existence of the essential components.

Submission and NDE approval of the data through this collection ensures participation in federal funded Perkins activities. All school districts must determine participation intent.

The first segment of this data collection verifies the intent to participate in Perkins IV funding for the 2011-2012 school year. If a district chooses not to participate, no further information is needed.

If a district chooses to participate, identification of the method must occur. Two options exist for secondary school districts. If a district exceeds the minimum federal allocation ($15,000 as defined in the Perkins Act) the district may select standalone status, or a district may join a consortium with a participating ESU or community college area. The district 2011-2012 allocation information is available at [http://www.education.ne.gov/PerkinsIV.htm](http://www.education.ne.gov/PerkinsIV.htm).

The second segment requests district official certification that all Career Education Essential Components exist. The essential components meet Perkins IV requirements that school districts offer career education of significant size, scope, and quality.

Perkins IV requires that a district offer at least one program of study to be eligible to participate. The approved programs of study from 2010-2011 can be found at [http://perkcareer.education.ne.gov/perkcareerview/Default.aspx](http://perkcareer.education.ne.gov/perkcareerview/Default.aspx).

Due Dates

The data must be submitted no later than April 15, 2011 to ensure the grant funds are available on July 1, 2011.

Read the Introduction and “Click Here To Continue”.
Select your District – Click on “Submit” to continue.

Read the Intent to Participate page, scrolling to the bottom of the screen. Select one of the options and Click on “Confirm” then click on “Next Segment.”
