

**Identifying CTE Concentrators and CTE Programs of Study**

Contact: Rich Katt (402-471-4808 or [rich.katt@nebraska.gov](mailto:rich.katt@nebraska.gov))

NDE had set a goal for collecting sufficient student-level information from the school districts to eventually allow for calculation of nearly all Perkins accountability items “in-house”. Doing so would have allowed for a decrease in the reporting burden by eliminating the Career Education Program Facts as well as an increase in the reliability of Perkins accountability data. The goal of NDE was to identify all CTE participation information by extracting student course-taking data using the course codes provided annually by school districts.

**Originally**, NDE set a goal that upon completion of the 2016-2017 academic year, CTE concentrators would be identified using the State Model POS course sequences developed by NCE.

See: <http://cestandards.education.ne.gov/>. For accurate coding of courses, see:

[http://www.education.ne.gov/nssrs/docs/COURSE\\_CODES\\_CLEARING\\_ENDORSEMENTS\\_20142015\\_5\\_0\\_0.pdf](http://www.education.ne.gov/nssrs/docs/COURSE_CODES_CLEARING_ENDORSEMENTS_20142015_5_0_0.pdf)

**HOWEVER,**

Due to the complications with districts not using appropriate course codes provided by NDE, the 2016-17 goal will not be achievable. We have too many courses miss-coded in the system to provide a reliable source of information for pulling our federal data. We are working with schools to correct the coding issues, but do not yet have the confidence in the accuracy of course coding to use it as our data source.

- A new timeline has not yet been determined.
- Districts will continue to report the “Programs Fact-Career Education” template.
- Information will not be pulled from the “Student Grades template” as planned after the 2016-17 school year.

All school districts (including districts that do NOT have approved/accredited non-public schools or exempt home schools located within the district's jurisdiction) are required by the Individuals with Disabilities Education Act (IDEA) to complete and submit the 2015-16 IDEA Proportionate Share application. This collection is found under the "Data Collection" Tab in the portal. This collection is based on the October 1, 2014 child count of eligible children with disabilities (ages 3-21) and represents the amount of IDEA funds that must be expended for eligible parentally placed children with disabilities in an accredited/approved nonpublic school or an exempt home school within the school district boundaries.
