

ARRA ESEA Application Schedule

The table below identifies the opening and closing dates of the ARRA ESEA Consolidated Application that will eventually contain ARRA Title I, Part A and ARRA Title II, Part D. There are two applications since ARRA ESEA and NCLB (regular) funds for both Title I and Title II-D are one project with separate accounting.

The very tight timelines and the need for approval of one application before the next one opens are necessary to meet the requirements to (a) get the ARRA Title I funds out quickly; (b) have the ARRA Title II, Part D* funds available by July 1; (c) ensure the data for Title I Targeting (eligible buildings and set-asides) remains the same in both applications; and (d) make it all work in the grants management system. *While we do not yet have allocations or guidance for ARRA Title II, Part D, we have learned that it will have the same flexibility options (REAP-FLEX and Section 6123) as the regular NCLB Title II, Part D funds.

NOTE: If any application is not submitted by the due dates listed below, we are assuming the district does not intend to apply for the funds and the funds will be released for reallocation (in the next year) to districts that do apply. There will be no extensions of the due dates for the ARRA applications. Please submit your application as soon as possible so we can stay on these timelines.

ARRA ESEA Application Schedule	
May 20, 2009	ARRA ESEA Consolidated Application opens with only Title I, Part A available
June 26, 2009	ARRA ESEA Application for Title I, Part A closes. If no application is received by this date, we are assuming the district does not intend to apply and the ARRA Title I funds will be released for later reallocation.
June 30, 2009	All ARRA ESEA Title I application must be approved
July 1, 2009	ARRA Title II, Part D funds become available. This is not a separate application but an amendment of the ARRA ESEA Consolidated Application to add in ARRA Title II, Part D.
August 5, 2009	The ARRA ESEA Consolidated Application closes. Amendments adding in the ARRA Title II, Part D application must be submitted by this date. If no amendment (adding ARRA Title II, Part D) is submitted by this date, we are assuming the district does not intend to apply and the ARRA Title II, Part D funds will be released for later reallocation.
August 25, 2009	All ARRA ESEA Consolidated Applications must be approved.
August 26, 2009	Tentative Date for the NCLB Consolidated Application for 2009-10 opens.
October 9, 2009	NCLB Consolidated Application closes.

ARRA McKinney-Vento Homeless Education Application

The ARRA McKinney - Vento Homeless Education Assistance Competitive grant will open on May 20th and is due on June 30. ARRA McKinney-Vento funds will be awarded to schools based on the quality of the application submitted and on the need (for homeless student education assistance) demonstrated by the district.

Consolidated Data Collections (CDC) Updates

The CDC is now open. There are several new and existing collections that need to be submitted by June 30, 2009. Please click on the following link to view the CDC Calendar

https://cdc.nde.state.ne.us/Instructions/CDC_calendar.pdf

The upload for the Student Transportation Vehicle Data, Part 2 in the Report of Pupil Transportation and the upload for Substitute Teachers, Part 2 of the Non-Certificated Staff and Substitute Teacher Collection is now available.

Changes in the Non-Certificated Staff and Substitute Teachers definitions

In the past we collected both District/System and School support staff under the definition of "Clerical Assistance to Administrative Personnel". This definition has been removed and is now broken out into two separate definitions one for School and one for District.

1. **School Administrative Support Staff**

Staff whose activities are concerned with support of the teaching and administrative duties of the office of the principal or department chairpersons, including clerical staff and secretaries.

2. District/System Administrative Support Staff

Staff members who provide direct support to the District/System administrators (i.e. Superintendent) , business office, human resources, data processing, technical support, secretarial and clerical staff.

Changes in Title I Part A: Annual Participation Report

Beginning with the 2008-09 reporting, ESU Title I Directors will only report staff directly employed by the ESU. Districts will report Title I staff in Targeted Assistance buildings employed in their districts. Schoolwide Title I staff are NOT included in this report.

Reminders:

NCLB Consolidated Application for 2008-09

The following was sent last week – there is still \$1.7 million of carryover funds that must be amended into 2008-09 applications!

Although many of us are busy thinking about ARRA funds and closing the school year, it is important to attend to the 2008-09 application as well. There are a number of districts/ESUs that still have carryover funds from the 2007-08 school year that must be amended into the 2008-09 application. As of today, there are \$1.7 million of carryover funds! This includes carryover funds from NCLB, Special Education (in the GMS), McKinney-Vento and Title I Accountability. Thank you for attending to this promptly.

State of the Schools Report (SOSR) Data Submission Timeline

To provide districts with an opportunity to see how their data will appear on the State of the School Report, a new SOSR Preview site has been developed. Data from all of the templates submitted in the Spring (due by June 30) through the Nebraska Student and Staff Record System (NSSRS) and the Consolidated Data Collection (CDC) will be processed overnight and display on the new SOSR Preview site the next day. This will include AYP decisions as soon as the writing results are available. The SOSR Preview site will be accessed through the Portal and not available to the public. It will remain open continuously until the middle of November.

The addition of SOSR Preview changes the process for reviewing and resubmission of data. Written Requests to Change Data or AYP Appeals are to be submitted during July. This change in timeline provides districts their preliminary AYP status (identified school improvement) for Title I buildings and districts well in advance of the start of the school year as required by No Child Left Behind (NCLB).
