

Holly Jolly Life

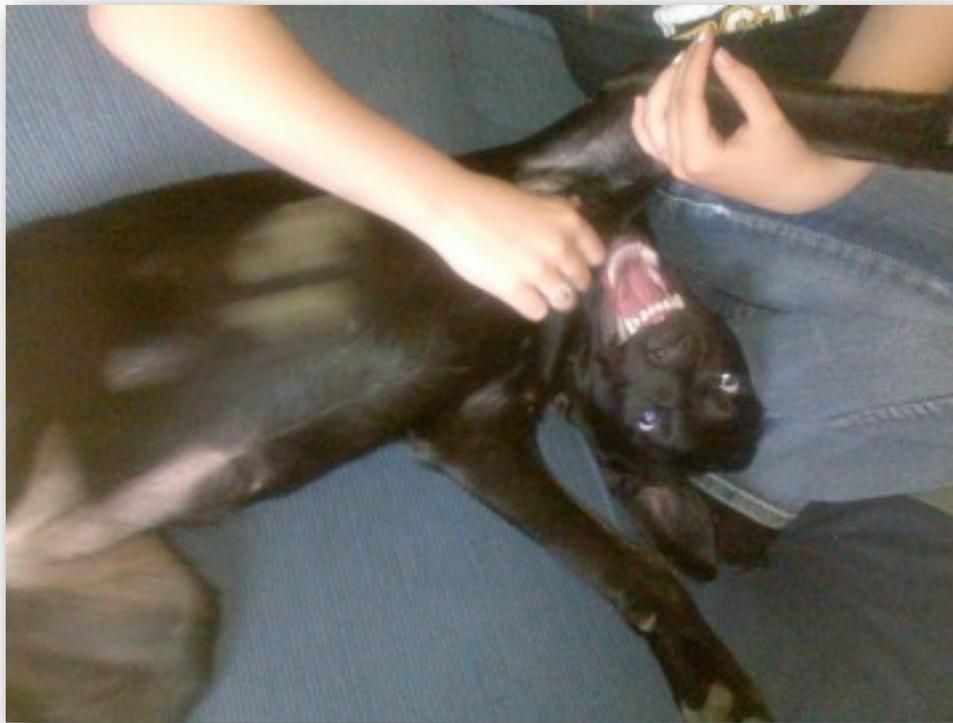

Written By: Holly Jolly, The Black Lab

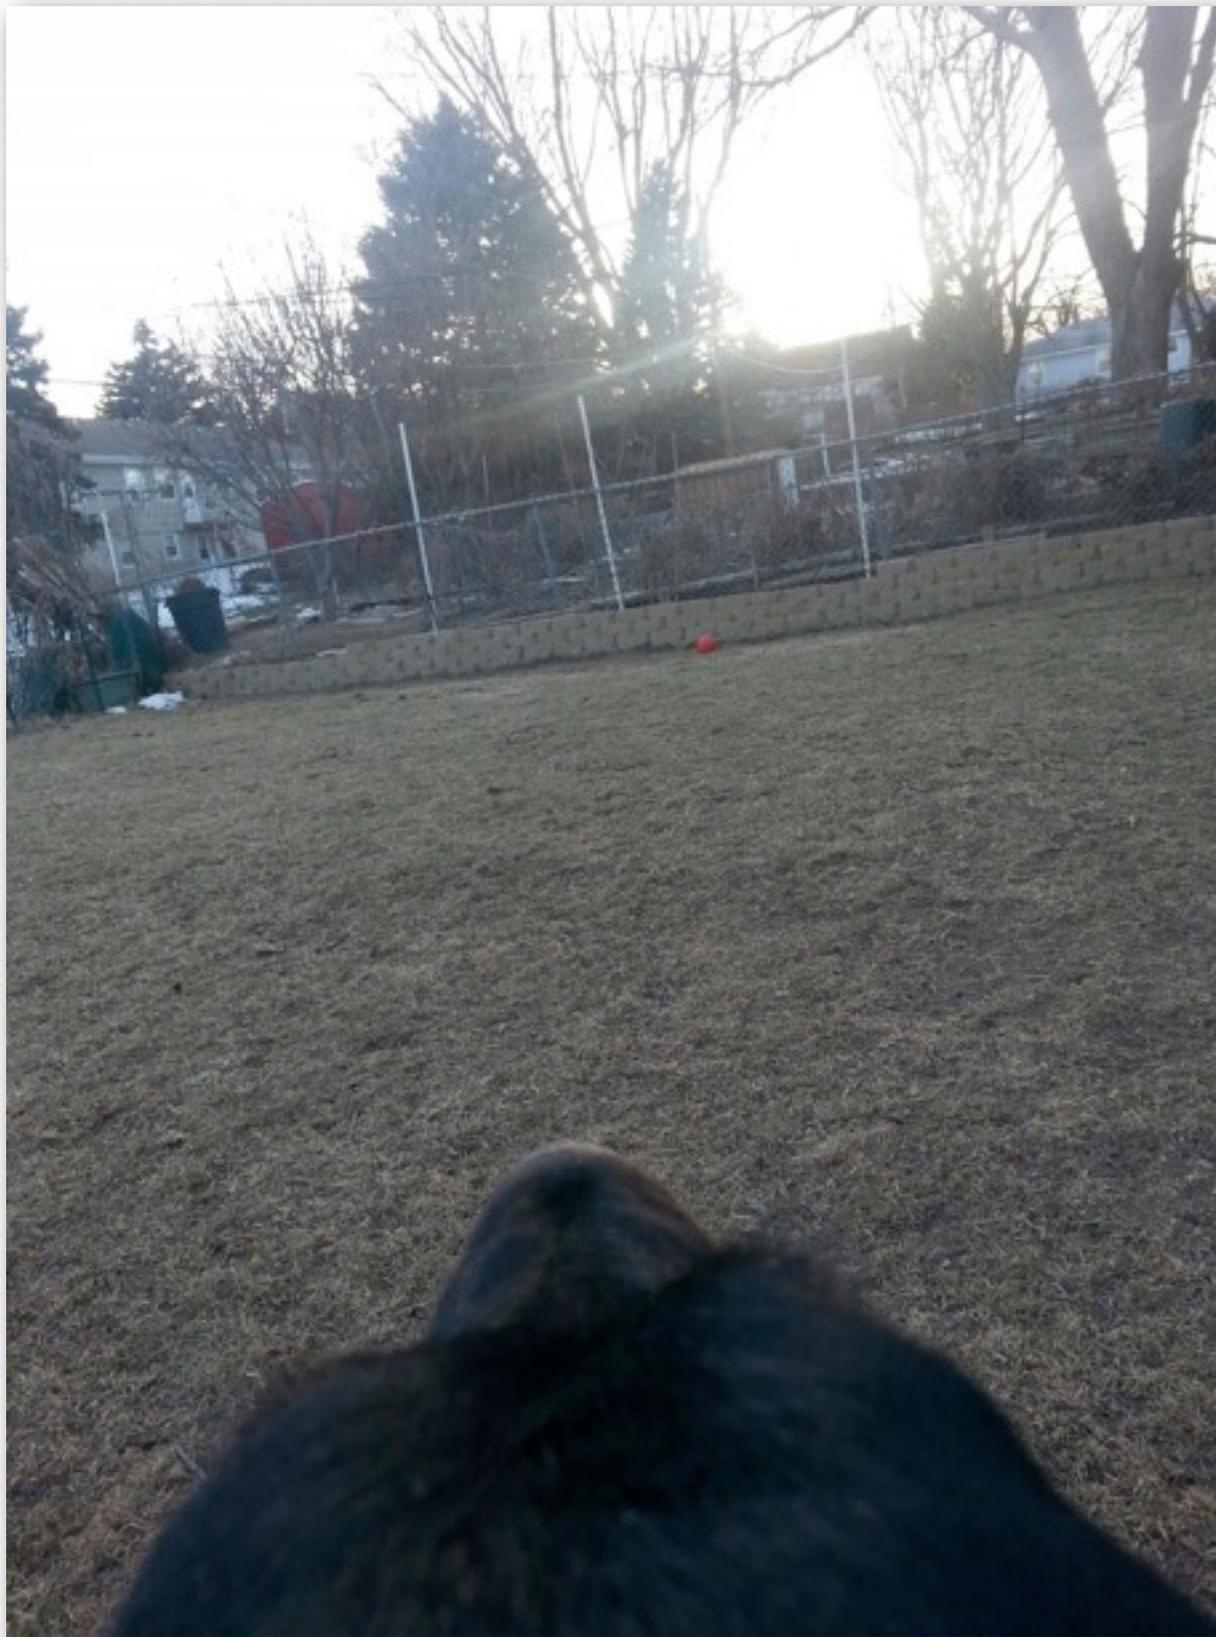

If you are looking to expand your family, contact your local Humane Society or dog rescue.

CAUTION! This book was written by a dog, so if you like cats, do not read this book or even think about turning to the next page!

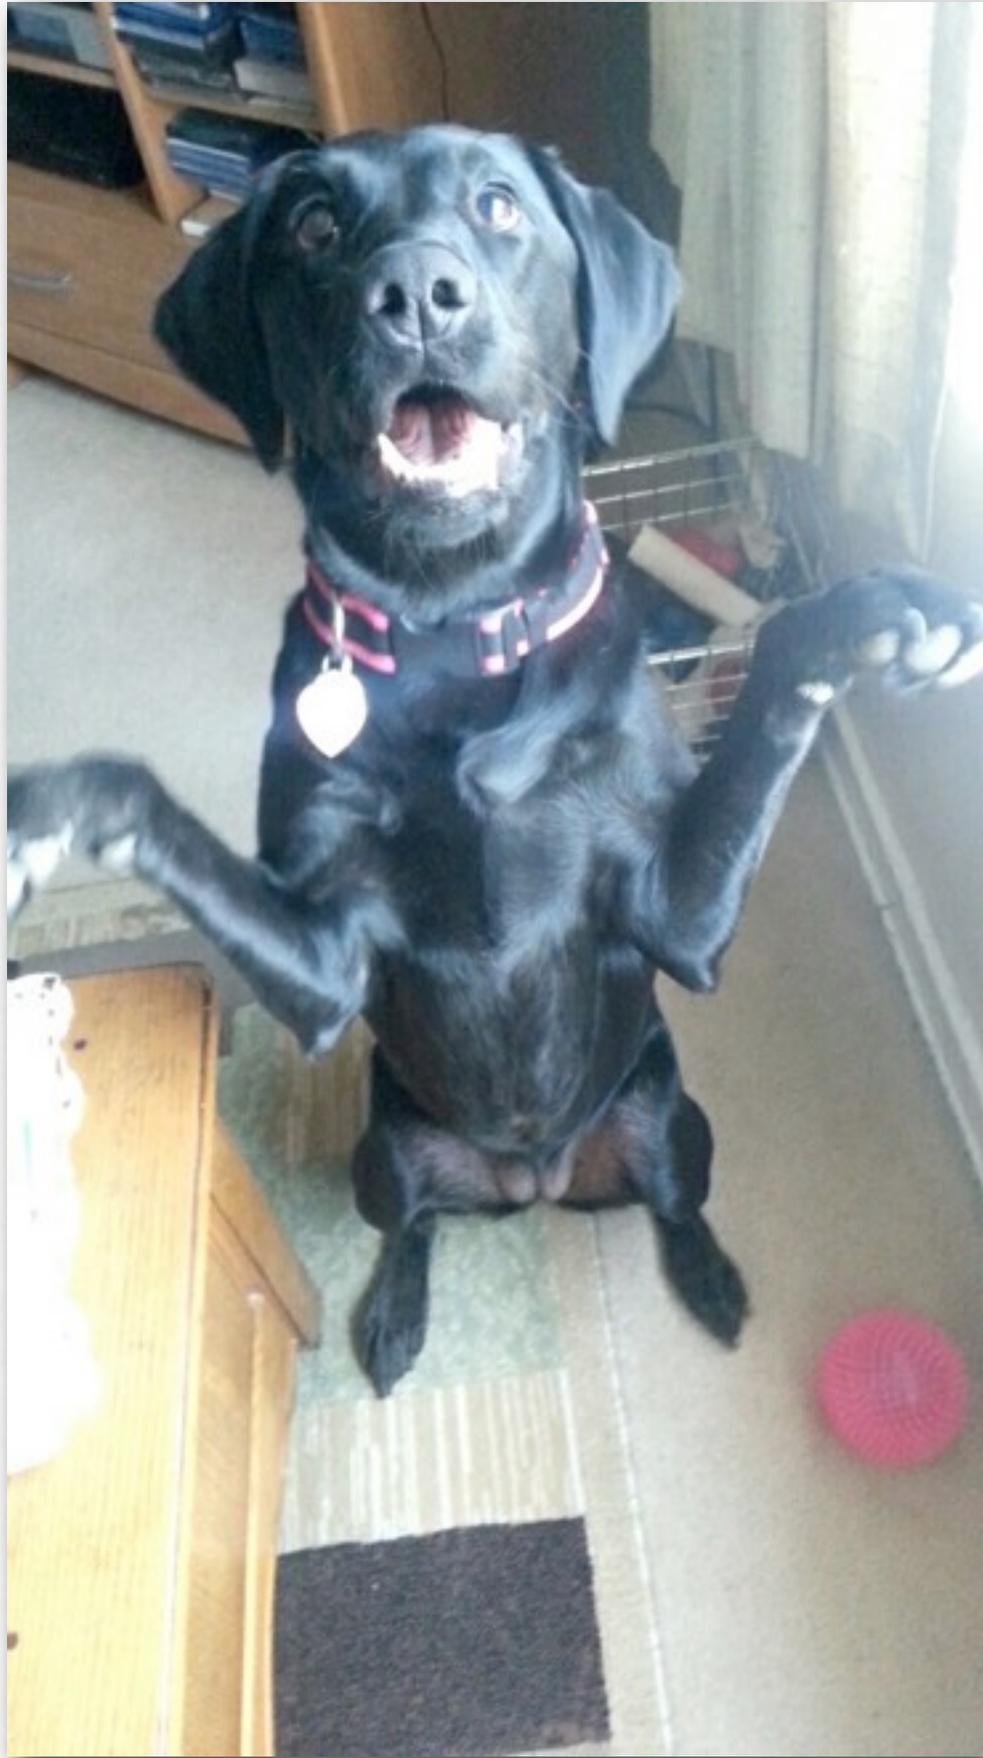

Hi! My name is Holly Jolly! I am a one year old Black Lab full of energy. I love to wrestle and play with my family.

Every morning, I run out the back door like a race car. I have to make sure everything is okay in my backyard.

I do my **business**, then run to the back door and sit **patiently** for my mom to let me back in. Sometimes, I let out a tiny bark to remind her that I am still outside.

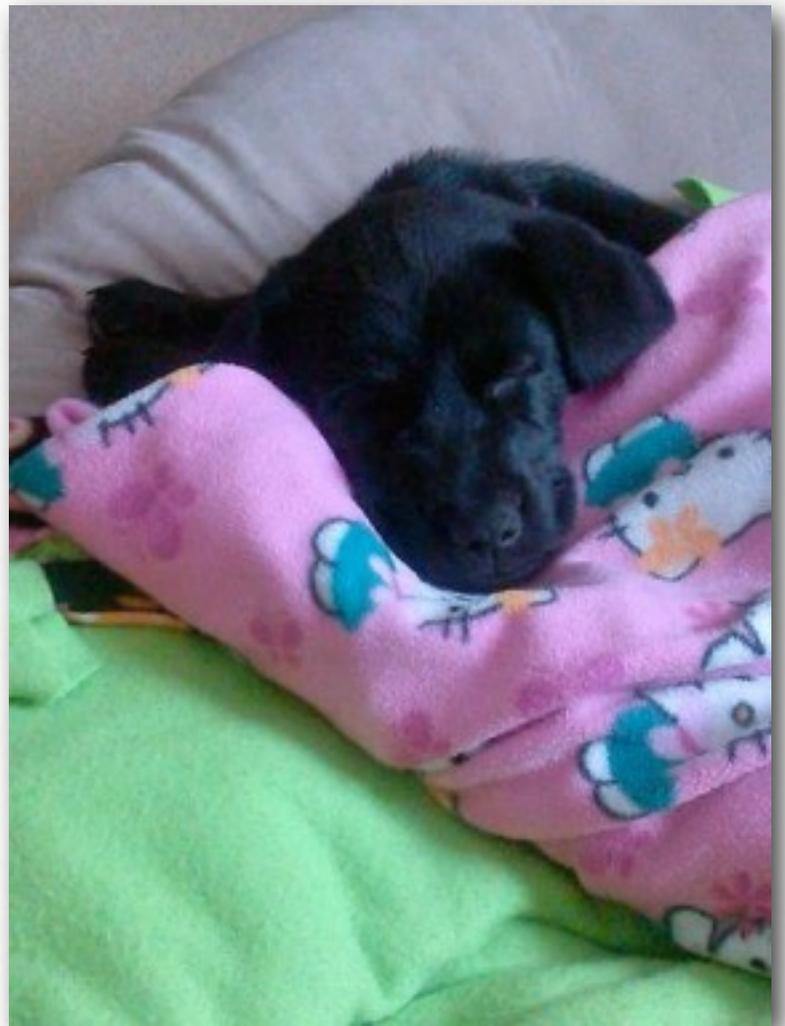

Right when I get inside, I sit and look pretty so I can get a **delicious** treat. I really hope it is a gravy flavored biscuit!

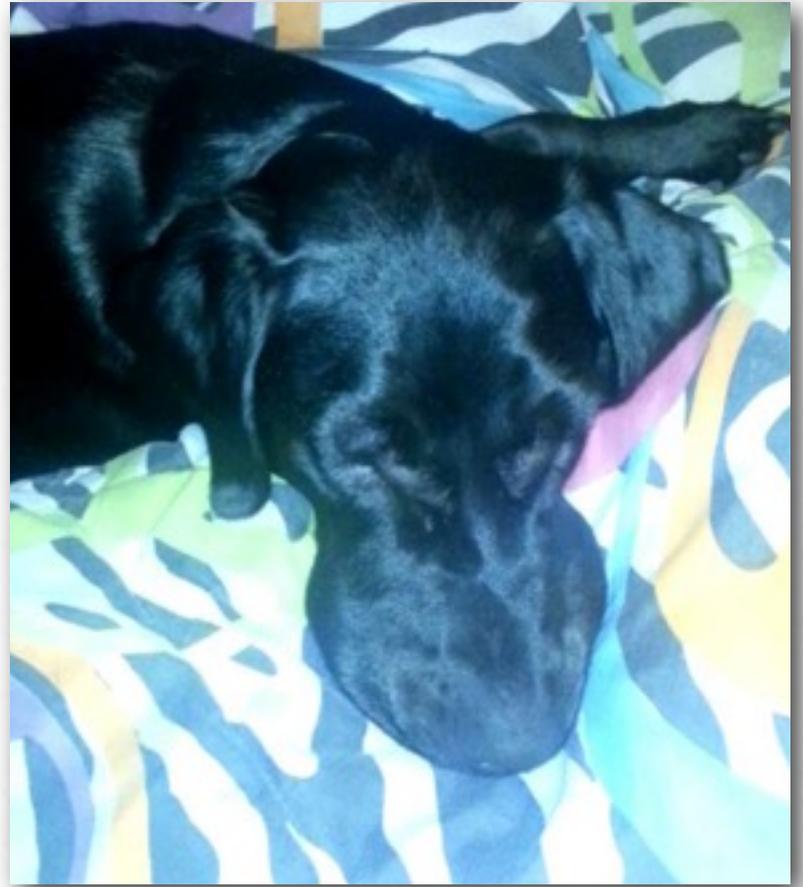

Sometimes, I think I am a little dog and can fit on my mom's lap.

I love playing with everyone all day. Me and the cat are best buddies. I have a lot of friends in the neighborhood!

Sometimes, I get sleepy during the day and I have to take a quick nap. I like to cuddle with my family when I nap. I love my fluffy pink blanket!

Sometimes, I go outside and sit in the sun to **absorb** all the heat I can get. I also get into things I am **allergic** to, and I **swell** up really big.

My friend Boon and I.

When my family is at school and work, my best friend Lou comes over and plays. Sometimes, she brings my dog friend, Boon.

I wait looking out the window for my family to get home so I can **greet** them.

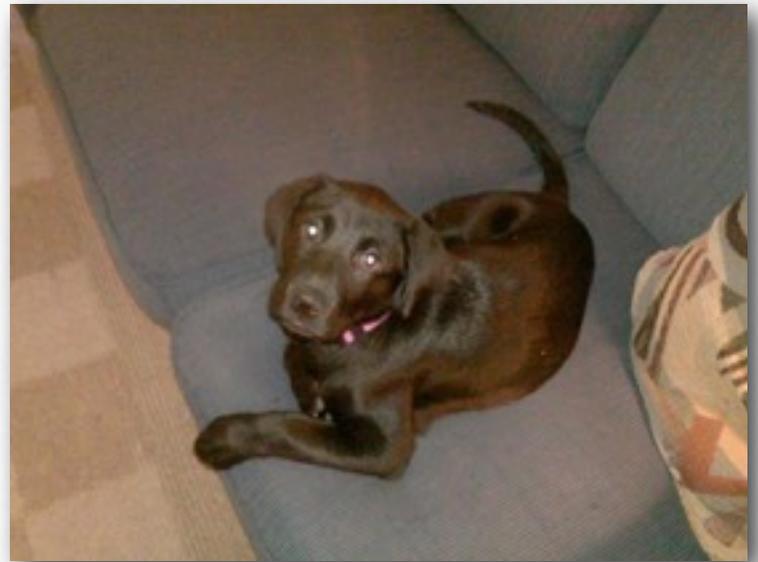

By the end of the night, I start getting sleepy. I get a couple more pets from everyone, then walk upstairs and finally go to sleep.

I lay down and **sigh**, “Oh what a great day!”

My Puppy Pictures

Vocabulary

Business- [biz-nis]- A job.
