GENERAL INSTRUCTIONS

This instruction manual describes the data elements collected by the Nebraska Student and Staff Record System (NSSRS) via the Post School Survey template. The Post School Survey template collects the post-graduate activities of Career Education Concentrators who have graduated. Valid values and data validation rules that can be performed prior to data submission are listed where appropriate. NSSRS validations ensure data submitted is of high quality. A link to an interactive list of all NSSRS validations is available on the NSSRS Resources page of the NSSRS website (<http://www.education.ne.gov/nssrs>).

The detailed NSSRS Data Source Templates (i.e., file layout specifications) for all NSSRS templates can be downloaded from the "NSSRS Secured Information website", which is accessible via the NDE Portal (<http://portal.education.ne.gov>). The "NSSRS Desktop Database" is also available for download from this website. Contact the NDE Helpdesk (nde.helpdesk@nebraska.gov or 888-285-0556) for additional information regarding the NSSRS Secured Information website and the NSSRS Desktop Database.

Scope

All public districts. The Post School Survey template is provided for all 12th grade Career Education Concentrators identified as a **2013-2014** completer with diploma.

Post school activity for 2013-2014 school year Career Education Concentrator graduates is determined within the second quarter **after** the program year of graduation (i.e., October 1, 2014 – December 31, 2014). The completed Post School Survey template is submitted during the 2014-2015 Year-end data collection. For more information and resources on definition or processes, visit the Perkins Accountability Resources site at <http://www.education.ne.gov/nce/Accountability/Secondary/>.

Data Element Names

The following syntax is used throughout this document when referencing data elements.

Format: * NDE Field Name [Template Name:Field Name(Field Number)]

Where:

- An asterisk (*) indicates the data element is a key field. A value must be supplied in all key fields for each record or the data loading process will reject the record.
- **NDE Field Name** represents the name of the data element commonly used by the Nebraska Department of Education (NDE).
- **Template Name** indicates the formal name of the template.
- **Field Name** indicates the formal name of the field within the specified Template Name.
- **Field Number** indicates the position of the field within the specified Template Name.

Example: * County District Number [Post School Survey:District Code (1)] indicates a key field referenced at NDE as "County District Number" that is the first field on the Post School Survey template with a field name of "District Code."

School Year

June 30 is used throughout NSSRS as the logical representation of a school year. As with all dates in NSSRS, it must be in ISO format (YYYY-MM-DD). Therefore, since this document applies to Career Education Concentrators who graduated in 2013-2014, all template fields that are to be populated with a logical school year will simply read: Provide the literal "**2014-06-30**".
