## GENERAL INSTRUCTIONS

This instruction manual describes the data elements collected by the Nebraska Student and Staff Record System (NSSRS) via the Student, Student Snapshot, Student Summary Attendance, School Enrollment, Student Grades, Assessment Fact, Special Education Snapshot, Programs Fact and Title I Programs templates. Valid values and data validation rules that can be performed prior to data submission are listed where appropriate. NSSRS validations ensure data submitted is of high quality. A link to an interactive list of all NSSRS validations is available on the NSSRS Resources page of the NSSRS website (<http://www.education.ne.gov/nssrs>).

The detailed NSSRS Data Source Templates (i.e., file layout specifications) for all NSSRS templates can be downloaded from the "NSSRS Secured Information Website", which is accessible via the NDE Portal (<http://portal.education.ne.gov>). The "NSSRS Desktop Database" is also available for download from this website. Contact the NDE Helpdesk ([nde.helpdesk@nebraska.gov](mailto:nde.helpdesk@nebraska.gov) or 888-285-0556) for additional information regarding the NSSRS Secured Information Website and the NSSRS Desktop Database.

### Scope

All students enrolled in your district/system must be reported via the Nebraska Student and Staff Record System (NSSRS) templates.

Please refer to the "Who Reports What" guidance on the NSSRS Resources page of the NSSRS website (<http://www.education.ne.gov/nssrs>) for additional information on student-related data reporting requirements of various agency types.

### Definitions

School of Membership - For most students, the School of Membership is the school where the student is enrolled for the majority of their instruction. For students attending a program (e.g. focus, Rule 18, ESU, alternative programs, or career academies), the School of Membership is the school where the student would be enrolled either due to residence in the district or due to assignment.

School Year - June 30 is used throughout NSSRS as the logical representation of a school year. As with all dates in NSSRS, it must be in ISO format (YYYY-MM-DD). Therefore, since this document applies to the "2016-2017" school year, all template fields that are to be populated with a logical school year will simply read: Provide the literal "2017-06-30".

**Data Element Names**

The following syntax is used throughout this document when referencing data elements.

Format: \* NDE Field Name [Template Name:Field Name (Field Number)]

Where:

- An asterisk (\*) indicates the data element is a key field. A value must be supplied in all key fields for each record or the data loading process will reject the record.
- **NDE Field Name** represents the name of the data element commonly used by the Nebraska Department of Education (NDE).
- **Template Name** indicates the formal name of the template.
- **Field Name** indicates the formal name of the field within the specified Template Name.
- **Field Number** indicates the position of the field within the specified Template Name.

Example: \* County District Number [Student:District Code (1)] indicates a key field referenced at NDE as "County District Number" that is the first field on the Student template with a field name of "District Code."

STUDENT

## STUDENT AND STUDENT SNAPSHOT

The Student and Student Snapshot templates are used to collect student demographic data and are nearly identical in format but different in content. The differences are:

1. The Student template is a cumulative set of all students enrolled in your district/system at any time during the school year and represents a student's most current information.
2. The Student Snapshot includes only those students enrolled on a particular day and represents the student's information as of that particular day, specifically:
  - **October Student Snapshot** includes only those students enrolled on the last Friday in September.
3. Snapshot Date [Student:Snapshot date (83)] is only required in Student Snapshot. The value expected is:
  - **2016-10-01** for the October Student Snapshot.

Unless otherwise specified, a value should be provided for each field listed. For example, First Name Alias [Student:First Name Alias (127)] should be left blank if no data is available.

### \* **County District Number [Student:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

### **School Number [Student:Location Code (2)]**

Provide the School of Membership (see definitions, page 1) for the student. The three-digit School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>). This is a mandatory field; a value must be supplied for each record or the data loading process will reject the record.

### \* **School Year [Student:School Year Date (3)]**

Provide the literal "2017-06-30". This is a key field; a value must be supplied for each record or the data loading process will reject the record.

### \* **NDE Student ID [Student:Student ID (4)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

### **Middle Initial [Student:Middle Initial (9)]**

Provide the middle initial of this student. Please note that this is the middle initial only - not the full middle name. If the Student Information System (SIS) contains the full middle name, the extract program must pull the initial only. Leave blank if not applicable or not available.

**Grade Level [Student:Current Grade Level (10)]**

Provide the grade level to which this student is assigned at the time of reporting. All students, including ungraded students, should be assigned a Grade Level in accordance with local school board policy. Please include in Grade 12 students who have passed typical graduation age but remain enrolled. Provide the Grade Level as of the last Friday in September on the October Student Snapshot.

<b>Code</b>	<b>Description</b>

**Birthdate [Student:Birth Date (14)]**

Provide the birthdate of this student in the form YYYY-MM-DD. The data loading process will check for valid dates (e.g. values of 2006-02-30 and 2006-13-01 would be rejected as invalid).

**Gender [Student:Gender Code (15)]**

Provide the gender of this student.

<b>Code</b>	<b>Description</b>

M	Male

**Race 1 Code [Student:Race or Ethnicity Code (27)]**

  - If two races are identified:
    - Race 1 Code [Student:Race or Ethnic Code (27)] and Race 2 Code [Student:Race 2 Code (146)].
  - If three races are identified:
    - Race 1 Code [Student:Race or Ethnic Code (27)], Race 2 Code [Student:Race 2 Code (146)] and Race 3 Code [Student:Race 3 Code (147)].

    - Race 1 Code [Student:Race or Ethnic Code (27)], Race 2 Code [Student:Race 2 Code (146)], Race 3 Code [Student:Race 3 Code (147)], and Race 4 Code [Student:Race 4 Code (148)].
  - If five races are identified:
    - In all five fields.
- Records containing the same race code value in more than one race field will be rejected by the data loading process.

**LEP Participation [Student:LEP Participation (41)]**

Provide an indication of this student’s participation in a Limited English Proficient (LEP) program. See definition of Limited English Proficient (LEP) program under LEP Eligibility [Student:LEP/ELL Eligibility (95)].

Code	Description
1	Yes
2	No

**LEP Duration [Student:Duration of LEP (42)]**

Provide the code indicating the length of time, as of the last Friday in September of the current school year, this student is eligible for Limited English Proficient (LEP) services and has participated in an LEP program and/or in the mainstream/regular classroom.

The LEP Duration [Student:Duration of LEP (42)] should not change during the school year. If known, this should include the length of time participating in LEP programs of other districts prior to enrolling in the current district/system. LEP Duration [Student:Duration of LEP (42)] may stay the same for two consecutive years for students who enroll or begin participation in an LEP program and/or in the mainstream/regular classroom after the last Friday in September.

See definition of Limited English Proficient (LEP) program under [Student:LEP/ELL Eligibility (95)].

Code	Description
0	Less than one year
1	More than one year and less than two years
2	More than two years and less than three years
3	More than three years and less than four years
4	More than four years and less than five years
5	More than five years
6	Not an LEP student

LEP Duration [Student:Duration of LEP (42)] should = “6” (Not an LEP Student) if LEP Eligibility [Student:LEP/ELL Eligibility (95)] = “2” (No).

**Nonpublic Targeted Assistance [Student:Targeted Assistance (44)]**

Provide the code indicating “Yes” to identify a nonpublic student reported by a public district as receiving Title I services from the public district. This student receives the majority of their instruction in a nonpublic school.

Indicate “No” for all other students reported by a public district (including those served by Title I).

Code	Description
1	Yes
2	No

**Expected Graduation Year [Student:Expected Graduation Timeframe (53)]**

A student's Expected Graduation Year is determined by adding four years to the school year in the fall in which the student enters grade nine for the first time. For example, the Expected Graduation Year is 2019 for students who entered grade nine for the first time during the 2016-2017 school year and are therefore members of the 2019 Cohort.

Provide the year in the YYYY format. This field can be left blank until a student enters grade nine for the first time, at which time the Expected Graduation Year must be determined and remain unchanged. An Expected Graduation Year must be assigned to all students, including Foreign Exchange students, in grades 9, 10, 11, and 12.

All students who transfer into a district in grades 9, 10, 11, and 12 must be assigned an Expected Graduation Year. For high school students previously served by a Nebraska school, the NDE "Expected Graduation Year Lookup" tool within NSSRS Validation provides the Expected Graduation Year for a particular NDE Student ID as determined by the first Nebraska school serving the student in a high school grade (i.e. grades 9, 10, 11 or 12). The Expected Graduation Year provided by this tool is the statewide value all Nebraska districts must use for this student. The "Graduation Cohort Analysis" tool, also available within NSSRS Validation, provides the ability to review the students included within each graduation cohort.

Please visit the NSSRS Resources page of the NSSRS website (<http://www.education.ne.gov/nssrs>) for additional information, including:

- ... "Guidance for Graduation Cohort" that contains the Nebraska Department of Education's description of how graduation cohort data is processed; and
- ... "AYP Cohort High School Graduation Rate" that contains the U.S. Department of Education's December 2008 High School Graduation Rate non-regulatory guidance.

**Section 504 [Student:ADA Status Indicator (70)]**

Provide the code indicating if this student is receiving services under Section 504 of the Rehabilitation Act of 1973. That Act guarantees specific rights in federally funded programs and activities to people who qualify as disabled. The student may have an Individual Accommodation Plan (or 504 Plan) that may be developed by the Student Assistance Team (SAT) or Multidisciplinary Team and should be reviewed at least annually. It is similar to the Individualized Education Program (IEP) in Special Education.

Code	Description
1	Yes
2	No

**Foreign Exchange Student [Student:Foreign Exchange Student (73)]**

Provide the code indicating if this student has entered the United States on a (usually two-year) student visa and is not intending to remain in the United States permanently. This field should not be used to indicate immigrant status - see Immigrant Indicator [Student:Population Code(89)].

Code	Description
1	Yes
2	No

**Honors or Advanced Placement [Student:Honors Program (79)]**

Provide the code indicating if this student is in grades 9 through 12 and participated in an honors program or advanced placement classes in accordance with local school board policy. Provide code "2" (No) for all students not in grades 9 through 12.

Code	Description
1	Yes
2	No

**High Ability Learner Participant [Student:Gifted Participation Code (80)]**

Provide the code indicating if this student participated in a High Ability Learner program. Rule 3 definition:

(Nebraska Revised Statute Sec. 79-1107(3)).

This data element is used for program funding. A High Ability Learner Participant value of "1" (Yes) indicates this student is not only identified but also participated.

Code	Description
1	Yes
2	No

**Snapshot Date [Student:Snapshot date (83)]**

Provide the date specified by NDE for the specific data collection. The date should be in the format YYYY-MM-DD. The field can be left blank on a Student template but is required on a Student Snapshot template. Provide the literal "2016-10-01" on the October Student Snapshot.

**Immigrant Indicator [Student:Population Code (89)]**

0	Not an Immigrant
1	Immigrant <1 year (new immigrant)
2	Immigrant >=1 year but <=3 complete school years
3	Immigrant > 3 years

- All students born in any State will have an Immigrant Indicator [Student:Population Code (89)] of “0” (Not an Immigrant), where the term ‘State’ means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.
- All students not born in any State will have an Immigrant Indicator other than “0” (Not an Immigrant), where the term ‘State’ means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.
- Code 1 definition – First time enrolled in a U.S. public school for less than one year.

# STUDENT SNAPSHOT

**STUDENT SNAPSHOT**

The Student and Student Snapshot templates are used to collect student demographic data and are nearly identical in format but different in content. The differences are:

- The Student template is cumulative set of all students enrolled in your district/system at any time during the school year and represents a student’s most current information.
- The Student Snapshot includes only those students enrolled on a particular day and represents the student’s information as of that particular day, specifically:
  - **October Student Snapshot** includes only those students enrolled on the last Friday in September.
- Snapshot Date [Student:Snapshot date (83)] is only required in Student Snapshot. The value expected is:
  - **2016-10-01** for the October Student Snapshot.

A Student template must first be submitted for each student appearing in a Student Snapshot template or the data loading process will reject the record.

Please see the Student template section of this document for information on all fields other than Snapshot Date [Student Snapshot:Snapshot Date (83)] to be included in the Student Snapshot.

**Snapshot Date [Student Snapshot:Snapshot Date (83)]**

Provide the date specified by NDE for the specific data collection. The date should be in the format YYYY-MM-DD. This is a key field; a value must be supplied for each record or the data loading process will reject the record. Provide the literal “2016-10-01” on the October Student Snapshot.

The Snapshot Date for 2016-2017 is:

<b>Snapshot Date</b>	<b>Description</b>
2016-10-01	<b>October Student Snapshot:</b> Include all students, and only those students, enrolled as of the last Friday in September. Students appearing in the October Snapshot will be considered in Fall Membership if Full-Time Equivalency (FTE) [Student:FTE Percent (137)] is greater than 50 or if the Grade Level [Student:Current Grade Level (10)] is HP or PK.

# STUDENT SUMMARY ATTENDANCE

**STUDENT SUMMARY ATTENDANCE**

The Student Summary Attendance template contains aggregate information on student attendance. There is one record for each combination of student and location for each date range provided; for exceptions to this see **Additional Guidance** at the end of the Student Summary Attendance instructions. Students who have multiple enrollments will have multiple records in Student Summary Attendance.

There are four "Collection Periods" for Student Summary Attendance data. The collection periods and their appropriate date ranges are as follows:

Collection Period	From [Period Start Date]	To [Period End Date]
1	First Day of School but no earlier than 2016-07-01	2016-10-15
2	2016-10-16	2016-12-31
3	2017-01-01	2017-03-15
4	2017-03-16	Last Day of School but no later than 2017-06-30

More information on Student Summary Attendance collection periods can be found in the "Excessive Absenteeism and Student Summary Attendance Template Collection Periods" document. Information on when the data from each collection period should be submitted can be found in the NSSRS Calendar. Both documents are on the NSSRS Resources web page at <http://www.education.ne.gov/nssrs/>.

A Student template must first be submitted for each student appearing in a Student Summary Attendance template or the data loading process will reject the record.

**\* County District Number [Student Summary Attendance:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**\* School Number [Student Summary Attendance:Location Code (2)]**

Provide the School of Membership (see definitions, page 1) for the student. The three-digit School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>). This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* School Year [Student Summary Attendance:School Year Date (3)]**

Provide the literal "2017-06-30". This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* NDE Student ID [Student Summary Attendance:Student ID (4)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

**\* Period Start Date [Student Summary Attendance:Attendance Period Start Date (5)]**

Provide the beginning date of the Reporting Period for the aggregated attendance and enrollment information in the ISO format YYYY-MM-DD. The Reporting Period is the period of time between the Period Start Date and Period End Date, inclusive. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The data loading process will check for valid dates (e.g. values of 2017-02-30 and 2016-13-01 would be rejected as invalid) and the date must fall on or between 2016-07-01 and 2017-06-30.

**\* Period End Date [Student Summary Attendance:Attendance Period End Date (6)]**

Provide the ending date of the Reporting Period for the aggregated attendance and enrollment information in the ISO format YYYY-MM-DD. The Reporting Period is the period of time between the Period Start Date and Period End Date, inclusive. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The data loading process will check for valid dates (e.g. values of 2017-02-30 and 2016-13-01 would be rejected as invalid) and the date must fall on or between 2016-07-01 and 2017-06-30.

**Days Present [Student Summary Attendance:Days Present (7)]**

Provide the total number of days within the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)], that the student was marked as present at the location/school. If the student transferred to a second school within the same district during the Reporting Period, there should be two Student Summary Attendance records for that student for that Reporting Period – one for each school.

Days Present can store up to two decimal places to handle cases where Days Present is defined in fractions of a full day, in which case the decimal point must be provided. It is acceptable to submit Days Present to either one or two decimal places, where appropriate. Examples given in this document show information being submitted at one decimal place.

Students should be reported based upon the part of the day they were present compared to the part of the day they were expected to be present. For example, the student's school has six periods but only three periods are on the student's schedule. If the student misses one period, that student would be considered .3 absent for that day and .7 present for that day.

The FTE for the student will be collected in FTE [Student Summary Attendance: FTE Percent (11)].

Days Enrolled = Days Present [Student Summary Attendance: Days Present (7)] + Days Absent [Student Summary Attendance: Days Absent Total (8)]
---

**Days Absent [Student Summary Attendance:Days Absent Total (8)]**

Provide the total number of days within the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)] that the student was marked as absent from the location/school. This field should be used to summarize all absences – excused and unexcused. If the student transferred to a second school within the same district during the Reporting Period, there should be two Student Summary Attendance records for that student for that Reporting Period – one for each school.

Days Absent can store up to two decimal places to handle cases where Days Absent is defined in fractions of a full day, in which case the decimal point must be provided. It is acceptable to submit Days Present to either one or two decimal places, where appropriate. Examples given in this document show information being submitted at one decimal place.

Students should be reported based upon the part of the day they were absent compared to the part of the day they were expected to be present. For example, the student's school has six periods but only three periods are on the student's schedule. If the student misses one period, that student would be considered .3 absent for that day and .7 present for that day.

The FTE for the student will be collected in FTE [Student Summary Attendance: FTE Percent (11)].

Days Enrolled = Days Present [Student Summary Attendance: Days Present (7)] + Days Absent [Student Summary Attendance: Days Absent Total (8)]
---

**Full-Time Equivalency (FTE) [Student Summary Attendance:FTE Percent (11)]**

Provide the full-time equivalence of student assignment to a public school or district for services or instruction. A full time student would have an FTE value of 100. All students with a Grade Level [Student:Current Grade Level (10)] value of "PK" or "HP" are considered FTE = 100. This FTE will be used to determine Average Daily Attendance and Average Daily Membership.

Determining FTE should be based on the student's program, see examples below:

Example 1: Special Education student, Individual Education Plan (IEP) prescribes a program where the student receives services at home for an hour 2 times per week and this is the only education services the student receives.

- FTE: 100
- Potential days in attendance: 2 per week X 36 weeks = 72 days
- Rationale: This is the student's program.

Example 2: Senior in high school only needs 2 periods of an 8 period day to graduate. Works the rest of the day. (See Additional Guidance below for more information)

- FTE: The local Board of Education determines the requirements for full-time students.
- Potential days in attendance: 180
- Rationale: The student could attend the other 6 periods of the day. The local school board could determine FTE to be 25 or 100 depending on local policy.

Example 3: Senior in high school only needs 2 periods of an 8 period day to graduate, but works the rest of the day and gets Career and Technical Education (CTE) credit toward graduation. (See Additional Guidance below for more information)

- FTE: 100
- Potential days in attendance: 180
- Rationale: The student's program includes only 2 scheduled periods and the work is part of their program and they are receiving credit for it.

Example 4: Student comes in for 2 periods of an 8 period day for Band and Music, attends a nonpublic school the rest of the day.

- FTE: 25
- Potential days in attendance: 180
- Rationale: This is a part-time student situation; the rest of their FTE will be counted in the nonpublic.

Example 5: An expelled student is participating in an alternative program that prescribes the student come to school 2 hours a day, gets his/her school work from the teachers.

- FTE: 100
- Potential days in attendance: 180
- Rationale: This is the student's program; he/she is not allowed to attend any additional time.

Example 6: A prekindergarten or kindergarten student that attends a 1/2 day program.

- FTE: 100
- Potential days in attendance: 180
- Student:Grade Level: HP or HK
- Rationale: This is the student's program.

Example 7: A prekindergarten or kindergarten student that attends an all-day program

- FTE: 100
- Potential days in attendance: 180
- Student:Grade Level: PK or KG
- Rationale: This is the student's program.

Example 8: A prekindergarten student that attends an all-day program but only attends for half of the day

- FTE: 50
- Potential days in attendance: 180
- Student:Grade Level: PK
- Rationale: The student attends half-time for an all-day program.

**Grade Level [Student Summary Attendance:Grade Level (13)]**

Provide the grade level to which this student was assigned during the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)]. All students, including ungraded students, should be assigned a Grade Level in accordance with local school board policy.

<b>Code</b>	<b>Description</b>
HP	Prekindergarten (Part day program less than 6 hours per day)
PK	Prekindergarten (Full day program 6 hours or more per day)
HK	Kindergarten program of <1032 instructional program hours
KG	Kindergarten 1032 or more instructional program hours

**Additional Guidance**

Prekindergarten Students - A Student Summary Attendance record is not required for Prekindergarten (Grades HP or PK) students who are receiving all of their services at home or at a location that is not related to the public school district. This would include students receiving special education services through the public district at a non-public pre-school.

Summer School – Student Summary Attendance records should NOT be submitted for Summer School attendance.

Students with Programs of less than Full Day – For Examples 2 and 3 under Full-Time Equivalency (FTE) [Student Summary Attendance:FTE Percent (11)], attendance on days where the school is in session for less than a full day should reflect the school day length. For example, a student who attends the first two periods as their program on a day where the school is in session for only ½ of the day should have .5 Days Present [Student Summary Attendance:Days Present (7)]. A student's days Days Present + Days Absent should never exceed the schools Days-In-Session for the day.

Absences for School Activities - Title 92, Nebraska Administrative Code, Chapter 2, Section 006.02 provides that students shall be counted as present when actually at school or are present at a school sponsored activity which is supervised by a member or members of the school staff.

Suspended or Expelled Students - Students who are suspended or expelled are counted as absent unless they continue to be in a school setting during their suspension or expulsion, such as serving their suspension in-school or attending an alternative school.

Homebound Students - Section 504 of the Vocation Rehabilitation Act may require a school district to serve homebound students in the home. As such, the "home" is the "school" for purposes of attendance for this student. So long as the student is present when school officials arrive to provide the services required, then the student is in attendance at school.

Early Dismissals and Days In Session – Days where the school has an early dismissal may or may not count as a full day for purposes of Days In Session and Student Summary Attendance.

- If the school's schedule is built around a regular early dismissal day, that day will usually count as a full day
  - Example: Alter High School's schedule is 8 am to 3 pm every weekday except Wednesday, when they release at 2 pm. All 5 days would count as a full day in session.
- If the school releases early due to inclement weather, sporting events or other irregular dismissals, that day will usually count as a part day.
  - Example: The girls' basketball team at Chapin High School made it to the state basketball tournament. School administration decided to close school after ½ day to allow students to attend the game. This would count as a partial day in session.

# SCHOOL ENROLLMENT

## SCHOOL ENROLLMENT

The School Enrollment template collects information on student enrollment events, both enrollment and withdrawal, during the school year. School Enrollment will be used to identify completers (graduates), dropouts, exclude withdrawn students from rosters for preprinted test labels, etc.

A Student template must first be submitted for each student appearing in a School Enrollment template or the data loading process will reject the record.

**\* County District Number [School Enrollment:District Code(1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**\* School Number [School Enrollment:Location (2)]**

Provide the School of Membership (see definitions, page 1) for the student. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The three-digit School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**\* School Year [School Enrollment:School Year Date (3)]**

Provide the literal "2017-06-30". This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* NDE Student ID [School Enrollment:Student ID (4)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

**\* Enrollment Date [School Enrollment:Enrollment Date (6)]**

Provide the date on which the enrollment information becomes effective. This applies to both enrollment and withdrawal information. The date must not be greater than the current date and must fall on or between 2016-07-01 and 2017-06-30. The data must be in YYYY-MM-DD format or the data loading process will reject the record. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* Enrollment Code [School Enrollment:Enrollment Code (7)]**

Provide the enrollment code that indicates the type of enrollment record. This applies to both enrollment and withdrawal information. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

# ASSESSMENT FACT

## ASSESSMENT FACT

The Assessment Fact template captures student national assessment instrument (standardized test) results.

- National Assessment Instrument is language used in Neb. Rev. Stat. 79-760.05 and replaces previous terms such as standardized tests and norm-referenced tests (NRT).
- Districts are required to report national assessment instrument results at one grade level each in elementary, middle school and high school. The state board of education has recommended the following tests:

<b>Recommended National Assessment Instrument</b>
ACT Aspire ACT ACT Compass California Achievement Test (CAT) Iowa Test of Basic Skills (ITBS) Iowa Test of Educational Development (ITED) Measures of Academic Progress (MAP) (Northwest Evaluation Assessment) Terra Nova

- These tests are recommendations, not requirements. Therefore, districts may choose to report a test other than those recommended above.
- A set of scores must be provided for every student enrolled in one of the reporting grades during the national assessment instrument administration window.
- If a student is enrolled during the national assessment instrument administration window and takes the national assessment instrument, then the district needs to report the student's normal curve equivalent (NCE) scores for the student's composite score ("Composite"), sub-score for total reading ("Total Reading"), and sub-score for total mathematics ("Total Mathematics").
- Note: The range of valid NCE scores is 1-99. The NWEA does not report NCE scores nor does it report a composite score; therefore, school districts reporting NWEA test results will report the middle score in the student percentile range for the most recent reading and mathematics assessment. School districts administering the ACT or ASPIRE will also not report NCE scores, but rather "the percent of students scoring at or below your score" for the required reading, and mathematics scores. It should also be noted that each test includes different content areas in its composite scores. The data displayed for the State of the Schools Report will reflect those differences.
- If a student is enrolled during the national assessment instrument administration window, but does not take the national assessment instrument, then the student needs to be included in the national assessment instrument results reported and the field for the student's score(s) should be left blank.

- A student shall not be included in Assessment Fact for National Assessment Instrument results if not enrolled at any time during the national assessment instrument administration window.
- A student who receives a majority of instruction at a nonpublic school or an exempt school shall not be included in Assessment Fact for National Assessment Instrument results.
- For the State of the Schools Report, state averages will be calculated for each test separately (an average for Terra Nova, an average for ITBS, etc.) and will include only the score and sub-scores reported. The blank fields will not be included in building, district, or state averages. Participation percentages, however, will be displayed.

Please visit the NDE Standards, Assessment and Accountability website (<http://www.education.ne.gov/assessment>) for additional information regarding the national assessment instrument reporting. The "Standards, Assessment, and Accountability Update" contains information regarding which fields from specific national assessment instruments are appropriate for use as "Composite", "Total Reading", and "Total Mathematics" scores.

# SPECIAL EDUCATION SNAPSHOT

## SPECIAL EDUCATION SNAPSHOT

### Scope

All public districts and Special Purpose Schools (State Operated Systems). The Special Education Snapshot template collects data on students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP).

### Frequency

The Special Education Snapshot is collected at different points during the school year. The information for each student, particularly Entry Date [Special Education Snapshot:Special Ed Entry Date (33)] and Exit Date [Special Education Snapshot:Special Ed Exit Date (34)], must reflect the values as of certain dates.

Demographic data provided in the Student template, not Student Snapshot, will be used for those students included in Special Education Snapshot.

Both the "Monthly Special Education Snapshot" and "Year-end Special Education Snapshot" are cumulative sets of all students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) at any time during 2016-2017 with information current as of a particular date. However, the "October Special Education Snapshot" is not cumulative; it must include only students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) as of October 1, 2016.

### October Special Education Snapshot

Include only students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) as of **October 1, 2016** and any student who exited special education between July 1, 2016 and October 1, 2016. The value of Snapshot Date [Special Education Snapshot:Snapshot Date (35)] is to be "2016-10-01". The October Special Education Snapshot is accepted during the NSSRS Fall Collection and Fall Audit windows.

This will be the source for the Individuals with Disabilities Education Act (IDEA) Annual Child Count.

### Monthly Special Education Snapshot

Include all students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) at any time during 2016-2017 with information current as of the submission date. The value of Snapshot Date [Special Education Snapshot:Special Ed Snapshot Date (35)] is to be "2017-06-30". Submission of the Monthly Special Education Snapshot is accepted during the NSSRS Year End Collection and Year End Audit windows.

The Monthly Special Education Snapshot is the source of special education data to be compared with data provided by the Department of Health and Human Services (DHHS) that occurs on the 24<sup>th</sup> day of each month for the purpose of creating the Medicaid in Public Schools (MIPS) claim forms/lists. Participation in MIPS is required by Nebraska Revised Statute 43-2511. A Monthly Special Education Snapshot must be submitted when there are new students in special education and whenever there are changes in Physical Therapy, Occupational Therapy or Speech Therapy services.

**Year-end Special Education Snapshot**

Include all students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) at any time during 2016-2017 with information current as of **June 30, 2017**. The value of Snapshot Date [Special Education Snapshot:Special Ed Snapshot Date (35)] is to be "2017-06-30". The Year-end Special Education Snapshot is accepted during the NSSRS Year-end Collection Window.

The Year-end Special Education Snapshot will be the source for the Individuals with Disabilities Education Act (IDEA) Special Education Exiter Report. Records from the October Special Education Snapshot do NOT carry over to the Year-end Special Education Snapshot; initial Year-end Special Education Snapshot files should include all students from the October Special Education Snapshot.

The Special Education Snapshot template collects data on students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP).

A Student template must first be submitted for each student appearing in a Special Education Snapshot template or the data loading process will reject the record. School of Attendance [Student:Location of Resident(165)] will be required for contracted in/out students.

**\* County District Number [Special Education Snapshot:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**School Number [Special Education Snapshot:Primary Special Ed Location Code (2)]**

**First Name [Special Education Snapshot:First Name Short (7)]**

OPTIONAL: Provide this student's name given to this individual at birth, baptism, or during another naming ceremony, or through legal change. Including this optional field will make locating an individual student's record easier when district staff are working with the output data file.

**Middle Initial [Special Education Snapshot:Middle Initial (8)]**

OPTIONAL: Provide the middle initial of this student. Please note that this is the middle initial only - not the full middle name. If the Student Information System (SIS) contains the full middle name, the extract program must pull the initial only. Leave blank if not applicable or not available. Including this optional field will make locating an individual student's record easier when district staff are working with the output data file.

**Verified Disability [Special Education Snapshot:Primary Disability Code (11)]**

Provide the appropriate code indicating the verified disability of this student who is receiving special education and related services according to an Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP). # PROGRAMS FACT

**PROGRAMS FACT: Career Education**

Type of Program	When included in Programs Fact
Career Education	Expected at year-end.

Career Education Programs Fact data is collected to support the federal reporting of the Carl D. Perkins Career and Technical Education Act.

Key considerations when reporting the Career Education: Programs Fact template data:

- Data submission includes all grades 7-12 in schools that offer career education courses.
- Career Education Participants are determined during the current program year (July 1, 2016 – June 30, 2017) only.
- Concentrators are determined by evaluating the course sequences of the student throughout the 9-12 high school experience in specific program areas.
- No students can concentrate in CEFOUND Programs Code.
- Students may have multiple Programs Fact records if participating and/or concentrating in more than one Programs Code.
- Although students may only concentrate in an approved program of study, students may be considered participants in courses not part of an approved program of study.

For more information and resources on definitions, crosswalks, and other resources please visit the Perkins Accountability Resources at <http://www.education.ne.gov/nce/Accountability/Secondary/>.

A Student template must first be submitted for each student appearing in a Programs Fact template or the data loading process will reject the record.
