## GENERAL INSTRUCTIONS

This instruction manual describes the data elements collected by the Nebraska Student and Staff Record System (NSSRS) via the Student, Student Snapshot, Student Summary Attendance, School Enrollment, and Student Grades templates. Valid values and data validation rules that can be performed prior to data submission are listed where appropriate. NSSRS validation reports ensure data submitted is of high quality.

The detailed NSSRS Data Source Templates (i.e. file layout specifications) for all NSSRS templates can be downloaded from the "NSSRS Secured Information web site", which is accessible via the NDE Portal (<http://portal.education.ne.gov>). The "NSSRS Desktop Database" is also available for download from this web site. Contact the NDE Helpdesk ([nde.helpdesk@nebraska.gov](mailto:nde.helpdesk@nebraska.gov) or 888-285-0556) for additional information regarding the NSSRS Secured Information web site and the NSSRS Desktop Database.

### Scope

All students enrolled in your district/system must be reported via the Nebraska Student and Staff Record System (NSSRS) templates. Codes to be provided by nonpublic systems are specified for data elements that are not applicable to nonpublic systems.

Please refer to the "Who Reports What" guidance on the "Documents" page of the NSSRS website (<http://www.education.ne.gov/nssrs>) for additional information on student-related data reporting requirements of various agency types.

#### Option Out

Students that option out of your district will be reported by the receiving district and your district will be specified as the district of residence. Such students will not be included in the NSSRS templates you provide. "Option Out" is not applicable to nonpublic systems. "Option Out" is also not applicable to students being served outside Nebraska.

#### Option In

Students that option into your district are to be included in the NSSRS templates you provide with the other district specified as the district of residence. Such students will be included in the Student, October Student Snapshot (if enrolled on the last Friday in September), School Enrollment, Student Grades and Student Summary Attendance templates. Such students may also appear in any other student-related NSSRS template (e.g. Assessment Fact, Assessment Response, Programs Fact, Special Education Snapshot and Title I Programs) as determined by the same criteria used for any student enrolled in your district.

The appropriate Residence Status [School Enrollment:Residence Status Code (10)] is 6 (Optioning in from another school district).

"Option In" is not applicable to nonpublic systems.

**Contracted Out**

Only students contracted out to a public district are to be reported as contracted out. Such students are only included in the Student and School Enrollment templates.

The appropriate Residence Status [School Enrollment:Residence Status Code (10)] is 5 (Contracted out).

Students receiving services by an entity that is not a public school remain enrolled at your district and are not reported as contracted out. Such students are included in the Student, October Student Snapshot (if enrolled on the last Friday in September), School Enrollment, Student Grades, and Student Summary Attendance templates. Such students may also appear in any other student-related NSSRS template (e.g. Assessment Fact, Assessment Response, Programs Fact, Special Education Snapshot and Title I Programs) as determined by the same criteria used for any student enrolled in your district.

**Contracted In**

Students who are contracted into your district/system are to be included in the NSSRS templates you provide with the other district specified as the district of residence. Such students will be included in the Student, October Student Snapshot (if enrolled on the last Friday in September), School Enrollment, Student Grades, and Student Summary Attendance templates. Such students may also appear in any other student-related NSSRS template (e.g. Assessment Fact, Assessment Response, Programs Fact, Special Education Snapshot and Title I Programs) as determined by the same criteria used for any student enrolled in your district.

See "Residence Status [School Enrollment:Residence Status Code (10)]" for the appropriate codes related to contracted in students.

### Data Element Names

The following syntax is used throughout this document when referencing data elements.

Format: \* NDE Field Name [Template Name:Field Name(Field Number)]

Where:

- An asterisk (\*) indicates the data element is a key field. A value must be supplied in all key fields for each record or the data loading process will reject the record.
- **NDE Field Name** represents the name of the data element commonly used by the Nebraska Department of Education (NDE).
- **Template Name** indicates the formal name of the template.
- **Field Name** indicates the formal name of the field within the specified Template Name.
- **Field Number** indicates the position of the field within the specified Template Name.

Example: \* County District Number [Student:District Code (1)] indicates a key field referenced at NDE as "County District Number" that is the first field on the Student template with a field name of "District Code."

### School Year

June 30 is used throughout NSSRS as the logical representation of a school year. As with all dates in NSSRS, it must be in ISO format (YYYY-MM-DD). Therefore, since this document applies to the "2010-2011" school year, all template fields that are to be populated with a logical school year will simply read: Provide the literal "2011-06-30".

STUDENT

## STUDENT AND STUDENT SNAPSHOT

The Student and Student Snapshot templates are used to collect student demographic data and are nearly identical in format but different in content. The differences are:

1. The Student template is a cumulative set of all students enrolled in your district/system at any time during the school year and represents a student's most current information.
2. The Student Snapshot includes only those students enrolled on a particular day and represents the student's information as of that particular day, specifically:
  - **October Student Snapshot** includes only those students enrolled on the last Friday in September.
3. Snapshot Date [Student:Snapshot date (83)] is only required in Student Snapshot. The value expected is:
  - **2010-10-01** for the October Student Snapshot.

Unless otherwise specified, a value should be provided for each field listed. For example, First Name Alias [Student:First Name Alias (127)] should be left blank if no data is available.

### \* **County District Number [Student:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. You have used this number in reporting before NSSRS; it was preprinted on your forms in the past. This value is used in every template. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

### **School Number [Student:Location Code (2)]**

Provide the primary school number the student is attending. This number is the last three digits of the county district school number which was preprinted on your forms in the past. The School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>). This is a mandatory field; a value must be supplied for each record or the data loading process will reject the record.

### \* **School Year [Student:School Year Date (3)]**

Provide the literal "2011-06-30". This is a key field; a value must be supplied for each record or the data loading process will reject the record.

### \* **NDE Student ID [Student:Student ID (4)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

### **Middle Initial [Student:Middle Initial (9)]**

Provide the middle initial of this student. Please note that this is the middle initial only - not the full middle name. If the Student Information System (SIS) contains the full middle name, the extract program must pull the initial only. Leave blank if not applicable or not available

**Grade Level [Student:Current Grade Level (10)]**

Provide the grade level to which this student is assigned at the time of reporting. All students, including ungraded students, should be assigned a Grade Level in accordance with local school board policy. Please include in Grade 12 students who have passed typical graduation age but remain enrolled. Provide the Grade Level as of the last Friday in September on the October Student Snapshot.

The LEP Duration [Student:Duration of LEP (42)] should not change during the school year. If known, this should include the length of time participating in LEP programs of other districts prior to enrolling in the current district/system. LEP Duration [Student:Duration of LEP (42)] may stay the same for two consecutive years for students that enroll or begin participation in an LEP program and/or in the mainstream/regular classroom after the last Friday in September.

**Nonpublic Targeted Assistance [Student:Targeted Assistance (44)]**

Provide the code indicating “Yes” to identify a nonpublic student reported by a public district as receiving Title I services from the public district. This student receives the majority of their instruction in a nonpublic school.

Indicate “No” for all other students reported by a public district (including those served by Title I).

Code	Description
1	Yes
2	No

**Nonpublic systems:** Provide code ‘2’ (No).

**Expected Graduation Year [Student:Expected Graduation Timeframe (53)]**

A student's Expected Graduation Year is determined by adding four years to the school year in which the student enters grade nine for the first time. For example, the Expected Graduation Year is 2011 for students who entered grade nine for the first time during the 2007-2008 school year and are therefore members of the 2011 Cohort.

Provide the year based on a four-year graduation in the YYYY format in which the diploma/credential is expected to be awarded to this student in recognition of his/her completion of the curricular requirements. This field can be left blank until a student enters grade nine for the first time, at which time the Expected Graduation Year must be determined and remain unchanged. An Expected Graduation Year must be assigned to all students, including Foreign Exchange students, in grades 9, 10, 11 and 12.

All students who transfer into a district in grades 9, 10, 11 and 12 must be assigned an Expected Graduation Year. For high school students previously served by a Nebraska school, the NDE "Expected Graduation Year Lookup" tool within NSSRS Validation provides the Expected Graduation Year for a particular NDE Student ID as determined by the first Nebraska school serving the student in a high school grade (i.e. grades 9, 10, 11 or 12). The Expected Graduation Year provided by this tool is the statewide value all Nebraska districts must use for this student.

Please visit the NSSRS Documents page (<http://www.nde.state.ne.us/nssrs/Documents.htm>) for additional information, including the link titled "AYP Cohort High School Graduation Rate" that contains the U.S. Department of Education's December 2008 High School Graduation Rate non-regulatory guidance.

**Section 504 [Student:Plan 504 Indicator (70)]**

Provide the code indicating if this student is receiving services under Section 504 of the Rehabilitation Act of 1973. That Act guarantees specific rights in federally funded programs and activities to people who qualify as disabled. The student may have an Individual Accommodation Plan (or 504 Plan) that may be developed by the Student Assistance Team (SAT) or Multidisciplinary Team and should be reviewed at least annually. It is similar to the Individualized Education Program (IEP) in Special Education.

Code	Description
1	Yes
2	No

**Nonpublic systems:** Provide code '2' (No).

**Foreign Exchange Student [Student:Foreign Exchange Student (73)]**

Provide the code indicating if this student has entered the United States on a (usually two-year) student visa and is not intending to remain in the United States permanently. This field should not be used to indicate immigrant status - see Immigrant Indicator [Student:Population Code(89)].

[as defined in Nebraska Revised Statute Sec. 79-1107(3)]. This is used for program funding. A High Ability Learner Participant value of "1" (Yes) indicates this student is not only identified but also participated.

Code	Description
1	Yes
2	No

**Nonpublic systems:** Provide code '2' (No).

**Snapshot Date [Student:Snapshot date (83)]**

Provide the date specified by NDE for the specific data collection. The date should be in the format YYYY-MM-DD. The field can be left blank on a Student template but is required on a Student Snapshot template. Provide the literal "2010-10-01" on the October Student Snapshot.

(iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant;

**and**

(D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual —

(i) the ability to meet the State's proficient level of achievement on State assessments described in section 1111(b)(3);

(ii) the ability to successfully achieve in classrooms where the language of instruction is English; or

(iii) the opportunity to participate fully in society.

Code	Description

03	Redesignated as English Fluent More Than Two Years

**District of Residence [Student:District Code of Residence (117)]**

Provide the County District number corresponding to this student's District of Residence as defined in Nebraska Revised Statute Sec. 79-215 and Rule 19. The District of Residence should include a hyphen ("-") between county number and district number (example: XX-XXXX). The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**Single Parent [Student:Student Is A Single Parent (120)]**

Provide the code indicating if this student is a single parent. The term "single parent" is described as an individual who: a) is unmarried, divorced, or legally separated from a spouse; and b) (i) has a minor child or children for which the parent has either custody or joint custody; or (ii) is pregnant. Secondary schools in Nebraska use self-reporting to determine this status.

This information is used primarily for Career & Technical Education Federal reporting.

Code	Description
1	Yes
2	No

**Nonpublic systems:** Provide code '2' (No).

**Home or Native Language [Student:Home Language Code (123)]**

[as defined in Nebraska Revised Statute Sec. 79-1107(3)]. This is used for program funding. A High Ability Learner Eligibility value of "1" (Yes) indicates this student is identified but not necessarily participating.

# STUDENT SNAPSHOT

**STUDENT SNAPSHOT**

The Student and Student Snapshot templates are used to collect student demographic data and are nearly identical in format but different in content. The differences are:

1. The Student template is cumulative set of all students enrolled in your district/system at any time during the school year and represents a student’s most current information.
2. The Student Snapshot includes only those students enrolled on a particular day and represents the student’s information as of that particular day, specifically:
  - **October Student Snapshot** includes only those students enrolled on the last Friday in September.
3. Snapshot Date [Student:Snapshot date (83)] is only required in Student Snapshot. The value expected is:
  - **2010-10-01** for the October Student Snapshot.

A Student template must first be submitted for each student appearing in a Student Snapshot template or the data loading process will reject the record.

Please see the Student template section of this document for information on all fields other than Snapshot Date [Student Snapshot:Snapshot Date (83)] to be included in the Student Snapshot.

**Snapshot Date [Student Snapshot: Snapshot Date (83)]**

Provide the date specified by NDE for the specific data collection. The date should be in the format YYYY-MM-DD. This is a key field; a value must be supplied for each record or the data loading process will reject the record. Provide the literal “2010-10-01” on the October Student Snapshot.

The Snapshot Date for 2010-2011 is:

<b>Snapshot Date</b>	<b>Description</b>
2010-10-01	<b>October Student Snapshot:</b> Include all students, and only those students, enrolled as of the last Friday in September. Students appearing in the October Snapshot will be considered in Fall Membership if Full-Time Equivalency (FTE) [Student:FTE Percent (137)] is greater than 50.

# STUDENT SUMMARY ATTENDANCE

## STUDENT SUMMARY ATTENDANCE

The Student Summary Attendance template contains aggregate information on student attendance. There is one record for each combination of student and location for each date range provided. Students that have multiple enrollments will have multiple records in Student Summary Attendance.

**Nonpublic systems:** Do not submit the Student Summary Attendance template.

A Student template must first be submitted for each student appearing in a Student Summary Attendance template or the data loading process will reject the record.

**\* County District Number [Student Summary Attendance:District Code (1)]**

This is the number assigned to your school district by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district headquarters is located and an assigned district number. You have used this number in reporting before NSSRS; it was preprinted on your forms in the past. This value is used in every template. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**\* School Number [Student Summary Attendance:Location Code (2)]**

Provide the primary school number the student is attending. This number is the last three digits of the county district school number which was preprinted on your forms in the past. The School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**\* School Year [Student Summary Attendance:School Year Date (3)]**

Provide the literal "2011-06-30". This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* NDE Student ID [Student Summary Attendance:Student ID (4)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

**\* Period Start Date [Student Summary Attendance:Attendance Period Start Date (5)]**

Provide the beginning date of the Reporting Period for the aggregated attendance and enrollment information in the ISO format YYYY-MM-DD. The Reporting Period is the period of time between the Period Start Date and Period End Date, inclusive. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The data loading process will check for valid dates (e.g. values of 2004-02-30 and 2004-13-01 would be rejected as invalid).

**\* Period End Date [Student Summary Attendance:Attendance Period End Date (6)]**

Provide the ending date of the Reporting Period for the aggregated attendance and enrollment information in the ISO format YYYY-MM-DD. The Reporting Period is the period of time between the Period Start Date and Period End Date, inclusive. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The data loading process will check for valid dates (e.g. values of 2004-02-30 and 2004-13-01 would be rejected as invalid).

**Days Present [Student Summary Attendance:Days Present (7)]**

Provide the total number of days within the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)] that the student was marked as present at the location/school. If the student transferred to a second school within the same district during the Reporting Period, there should be two Student Summary Attendance records for that student for that Reporting Period – one for each school.

Days Present can store up to one decimal place to handle cases where Days Present is defined in fractions of a full day, in which case the decimal point must be provided. Districts are encouraged to submit no more than one decimal position because values containing more than one decimal position will be rounded to one decimal position during the data load process. This rounding may result in a larger than intended Days Enrolled value when combined with Days Absent.

Students should be reported based upon the part of the day they were present compared to the part of the day they were expected to be present. For example, the student's school has six periods but only three periods are on the student's schedule. If the student misses one period, that student would be considered .3 absent for that day and .7 present for that day.

The FTE for the student will be collected in FTE [Student Summary Attendance: FTE Percent (11)].

Days Enrolled = Days Present [Student Summary Attendance: Days Present (7)] + Days Absent [Student Summary Attendance: Days Absent Total (8)]
---

**Days Absent [Student Summary Attendance:Days Absent Total (8)]**

Provide the total number of days within the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)] that the student was marked as absent from the location/school. This field should be used to summarize all absences – excused and unexcused. Days Truant [Student Summary Attendance:Days Absent Without Excuse (10)], should be used to summarize unexcused absences only. If the student transferred to a second school within the same district during the Reporting Period, there should be two Student Summary Attendance records for that student for that Reporting Period – one for each school.

Days Absent can store up to one decimal place to handle cases where Days Absent is defined in fractions of a full day, in which case the decimal point must be provided. Districts are encouraged to submit no more than one decimal position because values containing more than one decimal position will be rounded to one decimal position during the data load process. This rounding may result in a larger than intended Days Enrolled value when combined with Days Present.

Students should be reported based upon the part of the day they were absent compared to the part of the day they were expected to be present. For example, the student's school has six periods but only three periods are on the student's schedule. If the student misses one period, that student would be considered .3 absent for that day and .7 present for that day.

The FTE for the student will be collected in FTE [Student Summary Attendance: FTE Percent (11)].

Days Enrolled = Days Present [Student Summary Attendance: Days Present (7)] + Days Absent [Student Summary Attendance: Days Absent Total (8)]

### **Days Truant [Student Summary Attendance:Days Absent Without Excuse (10)]**

Provide the total number of days within the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)] that the student was charged with an unexcused absence at the location/school. This field should be used to summarize unexcused absences only. Days Absent [Student Summary Attendance:Days Absent Total (8)], should be used to summarize all absences – both excused and unexcused. If the student transferred to a second school within the same district during the Reporting Period, there should be two Student Summary Attendance records for that student for that Reporting Period – one for each school.

Days Truant can store up to one decimal place to handle cases where an unexcused absence is defined in fractions of a full day, in which case the decimal point must be provided. Districts are encouraged to submit no more than one decimal position because values containing more than one decimal position will be rounded to one decimal position during the data load process.

Unexcused absence is defined by NDE as absent without a reasonable excuse. Reasonable excuse is determined by the district. This data will be used to calculate a truancy rate for each school/location.

### **Full-Time Equivalency (FTE) [Student Summary Attendance:FTE Percent (11)]**

Provide the full-time equivalency of student assignment to a public school or district for services or instruction. A full time student would have an FTE Percent value of 100. All students with a Grade Level [Student:Current Grade Level (10)] value of "PK" (Pre Kindergarten) are considered FTE = 100. This FTE will be used to determine Average Daily Attendance and Average Daily Membership.

Determining FTE should be based on the students program, see examples below:

Example 1: Special Education student, Individual Education Plan (IEP) prescribes a program where the student receives services at home for an hour 2 times per week and this is the only education services the student receives.

- FTE 100
- Potential days in attendance 2 per week X 36 weeks = 72 days
- Rationale: This is the student's program.

Example 2: Senior in high school only needs 2 periods of an 8 period day to graduate. Works the rest of the day.

- FTE: The local Board of Education determines the requirements for full-time students.
- Potential days in attendance 180
- Rationale: The student could attend the other 6 periods of the day. The local school board could determine FTE to be 25 or 100 depending on local policy.

Example 3: Senior in high school only needs 2 periods of an 8 period day to graduate, but works the rest of the day and gets Career and Technical Education (CTE) credit toward graduation.

- FTE 100
- Potential days in attendance 180
- Rationale: The student's program includes only 2 scheduled periods and the work is part of their program and they are receiving credit for it.

Example 4: Student comes in for 2 periods of an 8 period day for Band and Music, attends a nonpublic school the rest of the day.

- FTE 25
- Potential days in attendance 180
- Rationale: This is a part-time student situation; the rest of their FTE will be counted in the nonpublic.

Example 5: An expelled student is participating in an alternative program that prescribes the student come to school 2 hours a day, gets his/her school work from the teachers.

- FTE 100
- Potential days in attendance 180
- Rationale: This is the student's program; he/she is not allowed to attend any additional time.

Example 6: A kindergarten student that attends 1/2 day kindergarten.

- FTE 100
- Potential days in attendance 180
- Student:Grade Level = HK
- Rationale: This is the student's program.

Example 7: A kindergarten student that attends all day kindergarten

- FTE 100
- Potential days in attendance 180
- Student:Grade Level = KG
- Rationale: This is the student's program.

**Grade Level [Student Summary Attendance:Grade Level (13)]**

Provide the grade level to which this student was assigned during the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)]. All students, including ungraded students, should be assigned a Grade Level in accordance with local school board policy.

<b>Code</b>	<b>Description</b>
PK	Pre Kindergarten
HK	Kindergarten program of <1032 instructional program hours
KG	Kindergarten 1032 or more instructional program hours
01	Grade 1
02	Grade 2
03	Grade 3
04	Grade 4
05	Grade 5
06	Grade 6
07	Grade 7
08	Grade 8
09	Grade 9
10	Grade 10
11	Grade 11
12	Grade 12

# SCHOOL ENROLLMENT

## SCHOOL ENROLLMENT

The School Enrollment template collects information on student enrollment events, both enrollment and withdrawal, during the school year. School Enrollment will be used to identify completers (graduates), dropouts, exclude withdrawn students from rosters for preprinted test labels, etc.

A Student template must first be submitted for each student appearing in a School Enrollment template or the data loading process will reject the record.

**\* County District Number [School Enrollment:District Code(1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen (“-”) between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. You have used this number in reporting before NSSRS; it was preprinted on your forms in the past. This value is used in every template. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**\* School Number [School Enrollment:Location (2)]**

Provide the primary school number the student is attending. This number is the last three digits of the county district school number which was preprinted on your forms in the past. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**\* School Year [School Enrollment:School Year (3)]**

Provide the literal “2011-06-30”. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* NDE Student ID [School Enrollment:Student ID (4)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

**\* Enrollment Date [School Enrollment:Enrollment Date (6)]**

Provide the date on which the enrollment information becomes effective. This applies to both enrollment and withdrawal information. The date must not be greater than the current date. The data must be in YYYY-MM-DD format or the data loading process will reject the record. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* Enrollment Code [School Enrollment:Enrollment Code (7)]**

Provide the enrollment code that indicates the type of enrollment record. This applies to both enrollment and withdrawal information. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

# STUDENT GRADES

**STUDENT GRADES**

The Student Grades template is used to collect information regarding courses students in grade levels kindergarten through 12 completed during a particular school year. Exclude information pertaining to courses started but not completed.

A Student template must first be submitted for each student appearing in a Student Grades template or the data loading process will reject the record.

**\* County District Number [Student Grades:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen (“-”) between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. You have used this number in reporting before NSSRS; it was preprinted on your forms in the past. This value is used in every template. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**School Number [Student Grades:Location Code (2)]**

Provide the primary school number the student is attending. This number is the last three digits of the county district school number which was preprinted on your forms in the past. The School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>). This is a mandatory field; a value must be supplied for each record or the data loading process will reject the record.

**\* School Year [Student Grades:School Year Date (3)]**

Provide the literal “2011-06-30”. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**NDE Staff ID [Student Grades:Staff ID (7)]**

The nine-digit Social Security Number (SSN) corresponding to the teacher of this course. Do not include hyphens (“-”). Ensure leading zeros are included if necessary.

**\* NDE Student ID [Student Grades:Student ID (8)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

**\* Marking Period [Student Grades:Marking Period Number (9)]**

Provide the literal “0”. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**Course Grade [Student Grades:Alpha Grade (11)]**

Provide the appropriate code reflecting the course grade earned in this course by this student if assigned to grades 9, 10, 11, or 12. Provide the literal "0" for all students in grades kindergarten through grade 8. Note that plus (+) and minus (-) values are invalid.

Code	Description
A	
B	
C	
D	
F	Fail
P	Student received a passing mark for a pass or fail course
NP	Student received a not passing mark for a pass or fail course
0	Not applicable

**\* Semester [Student Grades:Semester (22)]**

Provide the appropriate code reflecting when the course was offered and the length of the course. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

Code	Description
0	Not applicable
1	One semester or shorter course beginning during the first semester
2	One semester or shorter course beginning during the second semester
3	Year-long course
4	Summer school course

NDE recommends providing a Semester value of "0" (Not applicable) if the Section Code [Student Grades:Section Code Long (27)] value is unique. If the Section Code value is not unique, then a Semester value of "1", "2", "3", or "4" must be provided for each instance of the course.

**\* Course Code [Student Grades:Course Code Long (26)]**

Provide the code corresponding to this course. See "Appendix D: Course Codes and Clearing Endorsements" at ([http://www.education.ne.gov/nce/documents/AppendixD\\_2010.pdf](http://www.education.ne.gov/nce/documents/AppendixD_2010.pdf)) for a list of valid values. For example, the Course Code for the course titled "College Personal Financial Management" is "033002". This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* Section Code [Student Grades:Section Code Long (27)]**
