## GENERAL INSTRUCTIONS

This instruction manual describes the data elements collected by the Nebraska Student and Staff Record System (NSSRS) via the Student, Student Snapshot, Student Summary Attendance, School Enrollment, Student Grades, Assessment Fact, Special Education Snapshot, Programs Fact and Title I Programs templates. Valid values and data validation rules that can be performed prior to data submission are listed where appropriate. NSSRS validations ensure data submitted is of high quality. A link to an interactive list of all NSSRS validations is available on the NSSRS Resources page of the NSSRS website (<http://www.education.ne.gov/nssrs>).

The detailed NSSRS Data Source Templates (i.e., file layout specifications) for all NSSRS templates can be downloaded from the "NSSRS Secured Information website", which is accessible via the NDE Portal (<http://portal.education.ne.gov>). The "NSSRS Desktop Database" is also available for download from this website. Contact the NDE Helpdesk ([nde.helpdesk@nebraska.gov](mailto:nde.helpdesk@nebraska.gov) or 888-285-0556) for additional information regarding the NSSRS Secured Information website and the NSSRS Desktop Database.

### Scope

All students enrolled in your district/system must be reported via the Nebraska Student and Staff Record System (NSSRS) templates.

Please refer to the "Who Reports What" guidance on the NSSRS Resources page of the NSSRS website (<http://www.education.ne.gov/nssrs>) for additional information on student-related data reporting requirements of various agency types.

### Definitions

School of Membership - For most students, the School of Membership is the school where the student is enrolled for the majority of their instruction. For students attending a program (e.g. focus, Rule 18, ESU or alternative programs), the School of Membership is the school where the student would be enrolled either due to residence in the district or due to assignment.

School Year - June 30 is used throughout NSSRS as the logical representation of a school year. As with all dates in NSSRS, it must be in ISO format (YYYY-MM-DD). Therefore, since this document applies to the "2013-2014" school year, all template fields that are to be populated with a logical school year will simply read: Provide the literal "2014-06-30".

### Data Element Names

The following syntax is used throughout this document when referencing data elements.

Format: \* NDE Field Name [Template Name:Field Name (Field Number)]

Where:

- An asterisk (\*) indicates the data element is a key field. A value must be supplied in all key fields for each record or the data loading process will reject the record.
- **NDE Field Name** represents the name of the data element commonly used by the Nebraska Department of Education (NDE).
- **Template Name** indicates the formal name of the template.
- **Field Name** indicates the formal name of the field within the specified Template Name.
- **Field Number** indicates the position of the field within the specified Template Name.

Example: \* County District Number [Student:District Code (1)] indicates a key field referenced at NDE as "County District Number" that is the first field on the Student template with a field name of "District Code."

STUDENT

## STUDENT AND STUDENT SNAPSHOT

The Student and Student Snapshot templates are used to collect student demographic data and are nearly identical in format but different in content. The differences are:

1. The Student template is a cumulative set of all students enrolled in your district/system at any time during the school year and represents a student's most current information.
2. The Student Snapshot includes only those students enrolled on a particular day and represents the student's information as of that particular day, specifically:
  - **October Student Snapshot** includes only those students enrolled on the last Friday in September.
3. Snapshot Date [Student:Snapshot date (83)] is only required in Student Snapshot. The value expected is:
  - **2013-10-01** for the October Student Snapshot.

Unless otherwise specified, a value should be provided for each field listed. For example, First Name Alias [Student:First Name Alias (127)] should be left blank if no data is available.

### \* **County District Number [Student:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

### **School Number [Student:Location Code (2)]**

Provide the School of Membership (see definitions, page 1) for the student. The three-digit School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>). This is a mandatory field; a value must be supplied for each record or the data loading process will reject the record.

### \* **School Year [Student:School Year Date (3)]**

Provide the literal "2014-06-30". This is a key field; a value must be supplied for each record or the data loading process will reject the record.

### \* **NDE Student ID [Student:Student ID (4)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

### **Middle Initial [Student:Middle Initial (9)]**

Provide the middle initial of this student. Please note that this is the middle initial only - not the full middle name. If the Student Information System (SIS) contains the full middle name, the extract program must pull the initial only. Leave blank if not applicable or not available.

**Grade Level [Student:Current Grade Level (10)]**

Provide the grade level to which this student is assigned at the time of reporting. All students, including ungraded students, should be assigned a Grade Level in accordance with local school board policy. Please include in Grade 12 students who have passed typical graduation age but remain enrolled. Provide the Grade Level as of the last Friday in September on the October Student Snapshot.

**Birthdate [Student:Birth Date (14)]**

Provide the birthdate of this student in the form YYYY-MM-DD. The data loading process will check for valid dates (e.g. values of 2005-02-30 and 2005-13-01 would be rejected as invalid).

**Gender [Student:Gender Code (15)]**

**LEP Participation [Student:LEP Participation (41)]**

Provide an indication of this student’s participation in a Limited English Proficient (LEP) program. See definition of Limited English Proficient (LEP) program under LEP Eligibility [Student:LEP/ELL Eligibility (95)].

| Code | Description |

**LEP Duration [Student:Duration of LEP (42)]**

Provide the code indicating the length of time, as of the last Friday in September of the current school year, this student is eligible for Limited English Proficient (LEP) services and has participated in an LEP program and/or in the mainstream/regular classroom.

The LEP Duration [Student:Duration of LEP (42)] should not change during the school year. If known, this should include the length of time participating in LEP programs of other districts prior to enrolling in the current district/system. LEP Duration [Student:Duration of LEP (42)] may stay the same for two consecutive years for students who enroll or begin participation in an LEP program and/or in the mainstream/regular classroom after the last Friday in September.

See definition of Limited English Proficient (LEP) program under [Student:LEP/ELL Eligibility (95)].

| Code | Description                                    |
|------|--|
| 0    | Less than one year                             |

LEP Duration [Student:Duration of LEP (42)] should = “6” (Not an LEP Student) if LEP Eligibility [Student:LEP/ELL Eligibility (95)] = “2” (No).

**Nonpublic Targeted Assistance [Student:Targeted Assistance (44)]**

Provide the code indicating “Yes” to identify a nonpublic student reported by a public district as receiving Title I services from the public district. This student receives the majority of their instruction in a nonpublic school.

Indicate “No” for all other students reported by a public district (including those served by Title I).

| Code | Description |
|------|-------------|
| 1    | Yes         |
| 2    | No          |

**Expected Graduation Year [Student:Expected Graduation Timeframe (53)]**

A student's Expected Graduation Year is determined by adding four years to the school year in the fall in which the student enters grade nine for the first time. For example, the Expected Graduation Year is 2017 for students who entered grade nine for the first time during the 2013-2014 school year and are therefore members of the 2017 Cohort.

Provide the year in the YYYY format. This field can be left blank until a student enters grade nine for the first time, at which time the Expected Graduation Year must be determined and remain unchanged. An Expected Graduation Year must be assigned to all students, including Foreign Exchange students, in grades 9, 10, 11, and 12.

All students who transfer into a district in grades 9, 10, 11, and 12 must be assigned an Expected Graduation Year. For high school students previously served by a Nebraska school, the NDE "Expected Graduation Year Lookup" tool within NSSRS Validation provides the Expected Graduation Year for a particular NDE Student ID as determined by the first Nebraska school serving the student in a high school grade (i.e. grades 9, 10, 11 or 12). The Expected Graduation Year provided by this tool is the statewide value all Nebraska districts must use for this student. The "Graduation Cohort Analysis" tool, also available within NSSRS Validation, provides the ability to review the students included within each graduation cohort.

Please visit the NSSRS Resources page of the NSSRS website (<http://www.education.ne.gov/nssrs>) for additional information, including:

- ... "Guidance for Graduation Cohort" that contains the Nebraska Department of Education's description of how graduation cohort data is processed; and
- ... "AYP Cohort High School Graduation Rate" that contains the U.S. Department of Education's December 2008 High School Graduation Rate non-regulatory guidance.

**Section 504 [Student:ADA Status Indicator (70)]**

Provide the code indicating if this student is receiving services under Section 504 of the Rehabilitation Act of 1973. That Act guarantees specific rights in federally funded programs and activities to people who qualify as disabled. The student may have an Individual Accommodation Plan (or 504 Plan) that may be developed by the Student Assistance Team (SAT) or Multidisciplinary Team and should be reviewed at least annually. It is similar to the Individualized Education Program (IEP) in Special Education.

| <b>Code</b> | <b>Description</b> |
|-------------|--------------------|
| 1           | Yes                |

| 1    | Yes         |
| 2    | No          |

**High Ability Learner Participant [Student:Gifted Participation Code (80)]**

Provide the code indicating if this student participated in a High Ability Learner program. Rule 3 definition:

"Learner with high ability means a student who gives evidence of high performance capability in such areas as intellectual, creative, or artistic capacity or in specific academic fields and who requires accelerated or differentiated curriculum programs in order to develop those capabilities fully." (Nebraska Revised Statute Sec. 79-1107(3)).

This data element is used for program funding. A High Ability Learner Participant value of "1" (Yes) indicates this student is not only identified but also participated.

| Code | Description |
|------|-------------|
| 1    | Yes         |
| 2    | No          |

**Snapshot Date [Student:Snapshot date (83)]**

Provide the date specified by NDE for the specific data collection. The date should be in the format YYYY-MM-DD. The field can be left blank on a Student template but is required on a Student Snapshot template. Provide the literal "2013-10-01" on the October Student Snapshot.

**Immigrant Indicator [Student:Population Code (89)]**

Provide the code that best reflects the student's immigrant status:

| <b>Code</b> | <b>Description</b>   |
|-------------|--|
| 0           | Not an Immigrant   |
| 1           | Immigrant <1 year (new immigrant)                          |
| 2           | Immigrant $\geq 1$ year but $\leq 3$ complete school years |
| 3           | Immigrant > 3 years  |

- All students born in any State will have an Immigrant Indicator [Student:Population Code (89)] of "0" (Not an Immigrant), where the term 'State' means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.
- All students not born in any State will have an Immigrant Indicator other than "0" (Not an Immigrant), where the term 'State' means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.
- Code 1 definition – First time enrolled in a U.S. public school for less than one year.
- Students with code 1 or 2 will be used for Title III funding.

**Local Student Identifier [Student:Alternate Student ID (93)]**

Provide the unique number used to designate an individual student at the district/system. This field can be left blank if there is no local identifier. This identifier will be included in the validation and verification reports to assist schools in researching data issues.

**LEP Eligibility [Student:LEP/ELL Eligibility (95)]**

Provide the code indicating if this student has been identified as Limited English Proficient (LEP). The term 'limited English proficient', when used with respect to an individual, mean an individual -

- (A) who is aged 3 through 21;
- (B) who is enrolled or preparing to enroll in an elementary school or secondary school;
- (C)(i) who was not born in the United States or whose native language is a language other than English;
- (ii)(I) who is a Native American or Alaska Native, or a native resident of the outlying areas; and (II) who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or
- (iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant;

**and**

(D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual —

- (i) the ability to meet the State's proficient level of achievement on State assessments described in section 1111(b)(3);
- (ii) the ability to successfully achieve in classrooms where the language of instruction is English; or
- (iii) the opportunity to participate fully in society.

| Code | Description |
|------|-------------|
| 1    | Yes         |
| 2    | No          |

If Foreign Exchange Student [Student:Foreign Exchange Student (73)] equals "1" (Yes), then LEP Eligibility [Student:LEP/ELL Eligibility (95)] cannot equal "1" (Yes).

**Redesignated as English Fluent [Student:English Proficiency (113)]**

Provide the code indicating if this student has been redesignated as English Fluent and, if redesignated, for how many school years.

| Code | Description  |
|------|--|
| 00   | Not Applicable                                     |
| 02   | Redesignated as English Fluent Two Years or Less   |
| 03   | Redesignated as English Fluent More Than Two Years |

If a student does not meet the definition of "02" (Redesignated as English Fluent Two Years or Less) or "03" (Redesignated as English Fluent More Than Two Years), use "00" (Not Applicable). Not Applicable includes both students where LEP Eligibility [Student:LEP/ELL Eligibility (95)] = "1" (Yes) and students who have never been considered LEP.

**District of Residence [Student:District Code of Residence (117)]**

Provide the County District number corresponding to this student’s District of Residence as defined in Nebraska Revised Statute Sec. 79-215 and Rule 19. The District of Residence should include a hyphen (“-”) between county number and district number (example: XX-XXXX). The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

The term “single parent” is described as an individual who: a) is unmarried, divorced, or legally separated from a spouse; and b) (i) has a minor child or children for which the parent has either custody or joint custody; or (ii) is pregnant. Secondary schools in Nebraska use self-reporting to determine this status.

This information is used primarily for Career & Technical Education Federal reporting.

| Code | Description |
|------|-------------|
| 1    | Yes         |
| 2    | No          |

**Home or Native Language [Student:Home Language Code (123)]**

Provide the code indicating the specific language or dialect this student uses to communicate or the language of choice within the home or the non-English language considered the student’s native language (e.g., the native language of a student adopted by a family that speaks English within the home). The Home or Native Language codes are listed in Appendix B.

If LEP Eligibility [Student:LEP/ELL Eligibility (95)] equals “1” (Yes), then Home or Native Language [Student:Home Language Code (123)] cannot equal “1290” (English).

**Generation Code [Student:Name Suffix (126)]**

Provide an appendage to the name, if any, used to denote this student’s generation in the family (e.g., Jr., Sr., III). Leave blank if not applicable or not available.

**First Name Alias [Student:First Name Alias (127)]**

Provide an additional first name used by this student as an alias. This field can be used to store a student nickname or commonly used name that is different from their formal name. Leave blank if not applicable or not available.

**High Ability Learner Eligibility [Student:Gifted Eligibility Code (129)]**

Provide the code indicating if this student is identified as a High Ability Learner. Rule 3 definition:

"Learner with high ability means a student who gives evidence of high performance capability in such areas as intellectual, creative, or artistic capacity or in specific academic fields and who requires accelerated or differentiated curriculum programs in order to develop those capabilities fully."(Nebraska Revised Statute Sec. 79-1107(3)).

This is used for program funding. A High Ability Learner Eligibility value of "1" (Yes) indicates this student is identified but not necessarily participating.

| Code | Description |
|------|-------------|
| 1    | Yes         |
| 2    | No          |

**Food Program Eligibility [Student:Food Program Eligibility (131)]**

Provide the code indicating this student's eligibility for free/reduced meals/milk.

**Free Meal** means a lunch or breakfast available to a child from a household eligible for free meals based on family size and income or qualifying for benefits based on Supplemental Nutrition Assistance Program (SNAP) or Temporary Assistance for Needy Families (TANF) benefits. It also includes Foster Care, Homeless, and Migrant students and students in Head Start/Even Start programs.

**Reduced Price Meal** means a lunch or breakfast available for a child from a household eligible for a reduced price meal based on family size and income.

The **Special Milk** Program is available only when students do not have access to lunch or breakfast. Free special milk guidelines are identical to free meal guidelines.

| Code | Description                                  |
|------|--|

**Last Name Alias [Student:Last Name Alias (139)]**

Provide the alternate surname if the student has an *alternate* name. Leave blank if not applicable or not available.

**Middle Name Alias [Student:Middle Name Alias (140)]**

Provide the alternate middle name if the student has an *alternate* name. Leave blank if not applicable or not available.

**Hispanic Indicator [Student:Hispanic Ethnicity Indicator (144)]**

Provide the code indicating if this student is identified with an ethnicity of Hispanic/Latino - a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. A value must be provided for Hispanic Indicator [Student:Hispanic Ethnicity Indicator (144)] or the data loading process will reject the record. # STUDENT SNAPSHOT

**STUDENT SNAPSHOT**

The Student and Student Snapshot templates are used to collect student demographic data and are nearly identical in format but different in content. The differences are:

- The Student template is cumulative set of all students enrolled in your district/system at any time during the school year and represents a student’s most current information.
- The Student Snapshot includes only those students enrolled on a particular day and represents the student’s information as of that particular day, specifically:
  - **October Student Snapshot** includes only those students enrolled on the last Friday in September.
- Snapshot Date [Student:Snapshot date (83)] is only required in Student Snapshot. The value expected is:
  - **2013-10-01** for the October Student Snapshot.

A Student template must first be submitted for each student appearing in a Student Snapshot template or the data loading process will reject the record.

Please see the Student template section of this document for information on all fields other than Snapshot Date [Student Snapshot:Snapshot Date (83)] to be included in the Student Snapshot.

**Snapshot Date [Student Snapshot:Snapshot Date (83)]**

Provide the date specified by NDE for the specific data collection. The date should be in the format YYYY-MM-DD. This is a key field; a value must be supplied for each record or the data loading process will reject the record. Provide the literal “2013-10-01” on the October Student Snapshot.

The Snapshot Date for 2013-2014 is:

| <b>Snapshot Date</b> | <b>Description</b>  |
|----------------------|---|
| 2013-10-01           | <b>October Student Snapshot:</b> Include all students, and only those students, enrolled as of the last Friday in September. Students appearing in the October Snapshot will be considered in Fall Membership if Full-Time Equivalency (FTE) [Student:FTE Percent (137)] is greater than 50 or if the Grade Level [Student:Current Grade Level (10)] is HP or PK. |

# STUDENT SUMMARY ATTENDANCE

## STUDENT SUMMARY ATTENDANCE

The Student Summary Attendance template contains aggregate information on student attendance. There is one record for each combination of student and location for each date range provided; for exceptions to this see **Additional Guidance** at the end of the Student Summary Attendance instructions. Students who have multiple enrollments will have multiple records in Student Summary Attendance.

There are four "Collection Periods" for Student Summary Attendance data. The collection periods and their appropriate date ranges are as follows:

| Collection Period | From [Period Start Date]                           | To [Period End Date]                            |
|-------------------|--|---|
| 1                 | First Day of School but no earlier than 2013-07-01 | 2013-10-15                                      |
| 2                 | 2013-10-16   | 2013-12-31                                      |
| 3                 | 2014-01-01   | 2014-03-15                                      |
| 4                 | 2014-03-16   | Last Day of School but no later than 2014-06-30 |

More information on Student Summary Attendance collection periods can be found in the "Excessive Absenteeism and Student Summary Attendance Template Collection Periods" document. Information on when the data from each collection period should be submitted can be found in the NSSRS Calendar. Both documents are on the NSSRS Resources web page at <http://www.education.ne.gov/nssrs/Resources.html>.

A Student template must first be submitted for each student appearing in a Student Summary Attendance template or the data loading process will reject the record.

**\* County District Number [Student Summary Attendance:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**\* School Number [Student Summary Attendance:Location Code (2)]**

Provide the School of Membership (see definitions, page 1) for the student. The three-digit School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>). This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* School Year [Student Summary Attendance:School Year Date (3)]**

Provide the literal "2014-06-30". This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* NDE Student ID [Student Summary Attendance:Student ID (4)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

**\* Period Start Date [Student Summary Attendance:Attendance Period Start Date (5)]**

Provide the beginning date of the Reporting Period for the aggregated attendance and enrollment information in the ISO format YYYY-MM-DD. The Reporting Period is the period of time between the Period Start Date and Period End Date, inclusive. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The data loading process will check for valid dates (e.g. values of 2014-02-30 and 2013-13-01 would be rejected as invalid) and the date must fall on or between 2013-07-01 and 2014-06-30.

**\* Period End Date [Student Summary Attendance:Attendance Period End Date (6)]**

Provide the ending date of the Reporting Period for the aggregated attendance and enrollment information in the ISO format YYYY-MM-DD. The Reporting Period is the period of time between the Period Start Date and Period End Date, inclusive. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The data loading process will check for valid dates (e.g. values of 2014-02-30 and 2013-13-01 would be rejected as invalid) and the date must fall on or between 2013-07-01 and 2014-06-30.

**Days Present [Student Summary Attendance:Days Present (7)]**

Provide the total number of days within the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)], that the student was marked as present at the location/school. If the student transferred to a second school within the same district during the Reporting Period, there should be two Student Summary Attendance records for that student for that Reporting Period – one for each school.

Days Present can store up to one decimal place to handle cases where Days Present is defined in fractions of a full day, in which case the decimal point must be provided. Districts are encouraged to submit no more than one decimal position because values containing more than one decimal position will be rounded to one decimal position during the data load process. This rounding may result in a larger-than-intended Days Enrolled value when combined with Days Absent.

Students should be reported based upon the part of the day they were present compared to the part of the day they were expected to be present. For example, the student's school has six periods but only three periods are on the student's schedule. If the student misses one period, that student would be considered .3 absent for that day and .7 present for that day.

The FTE for the student will be collected in FTE [Student Summary Attendance: FTE Percent (11)].

|   |
|---|
| Days Enrolled = Days Present [Student Summary Attendance: Days Present (7)] + Days Absent [Student Summary Attendance: Days Absent Total (8)] |
|---|

**Days Absent [Student Summary Attendance:Days Absent Total (8)]**

Provide the total number of days within the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)] that the student was marked as absent from the location/school. This field should be used to summarize all absences – excused and unexcused. If the student transferred to a second school within the same district during the Reporting Period, there should be two Student Summary Attendance records for that student for that Reporting Period – one for each school.

Days Absent can store up to one decimal place to handle cases where Days Absent is defined in fractions of a full day, in which case the decimal point must be provided. Districts are encouraged to submit no more than one decimal position because values containing more than one decimal position will be rounded to one decimal position during the data load process. This rounding may result in a larger-than-intended Days Enrolled value when combined with Days Present.

Students should be reported based upon the part of the day they were absent compared to the part of the day they were expected to be present. For example, the student's school has six periods but only three periods are on the student's schedule. If the student misses one period, that student would be considered .3 absent for that day and .7 present for that day.

The FTE for the student will be collected in FTE [Student Summary Attendance: FTE Percent (11)].

|   |
|---|
| Days Enrolled = Days Present [Student Summary Attendance: Days Present (7)] + Days Absent [Student Summary Attendance: Days Absent Total (8)] |
|---|

**Full-Time Equivalency (FTE) [Student Summary Attendance:FTE Percent (11)]**

Provide the full-time equivalency of student assignment to a public school or district for services or instruction. A full time student would have an FTE value of 100. All students with a Grade Level [Student:Current Grade Level (10)] value of "PK" or "HP" are considered FTE = 100. This FTE will be used to determine Average Daily Attendance and Average Daily Membership.

Determining FTE should be based on the student's program, see examples below:

Example 1: Special Education student, Individual Education Plan (IEP) prescribes a program where the student receives services at home for an hour 2 times per week and this is the only education services the student receives.

- FTE: 100
- Potential days in attendance: 2 per week X 36 weeks = 72 days
- Rationale: This is the student's program.

Example 2: Senior in high school only needs 2 periods of an 8 period day to graduate. Works the rest of the day. (See Additional Guidance below for more information)

- FTE: The local Board of Education determines the requirements for full-time students.
- Potential days in attendance: 180
- Rationale: The student could attend the other 6 periods of the day. The local school board could determine FTE to be 25 or 100 depending on local policy.

Example 3: Senior in high school only needs 2 periods of an 8 period day to graduate, but works the rest of the day and gets Career and Technical Education (CTE) credit toward graduation. (See Additional Guidance below for more information)

- FTE: 100
- Potential days in attendance: 180
- Rationale: The student's program includes only 2 scheduled periods and the work is part of their program and they are receiving credit for it.

Example 4: Student comes in for 2 periods of an 8 period day for Band and Music, attends a nonpublic school the rest of the day.

- FTE: 25
- Potential days in attendance: 180
- Rationale: This is a part-time student situation; the rest of their FTE will be counted in the nonpublic.

Example 5: An expelled student is participating in an alternative program that prescribes the student come to school 2 hours a day, gets his/her school work from the teachers.

- FTE: 100
- Potential days in attendance: 180
- Rationale: This is the student's program; he/she is not allowed to attend any additional time.

Example 6: A kindergarten student that attends 1/2 day kindergarten.

- FTE: 100
- Potential days in attendance: 180
- Student:Grade Level: HK
- Rationale: This is the student's program.

Example 7: A kindergarten student that attends all-day kindergarten

- FTE: 100
- Potential days in attendance: 180
- Student:Grade Level: KG
- Rationale: This is the student's program.

**Grade Level [Student Summary Attendance:Grade Level (13)]**

Provide the grade level to which this student was assigned during the Reporting Period, which begins at the Period Start Date [Student Summary Attendance: Period Start Date (5)] and ends at the Period End Date [Student Summary Attendance: Period End Date (6)]. All students, including ungraded students, should be assigned a Grade Level in accordance with local school board policy.

| <b>Code</b> | <b>Description</b>  |
|-------------|---|
| HP          | Prekindergarten (Part day less than 6 hours)              |
| PK          | Prekindergarten (Full day 6 hours or more)                |
| HK          | Kindergarten program of <1032 instructional program hours |
| KG          | Kindergarten 1032 or more instructional program hours     |
| 01          | Grade 1   |
| 02          | Grade 2   |
| 03          | Grade 3   |
| 04          | Grade 4   |
| 05          | Grade 5   |
| 06          | Grade 6   |
| 07          | Grade 7   |
| 08          | Grade 8   |
| 09          | Grade 9   |
| 10          | Grade 10  |
| 11          | Grade 11  |
| 12          | Grade 12  |

## Additional Guidance

Prekindergarten Special Education Students - A Student Summary Attendance record is not required for students who meet all of the following criteria: 1) have a Grade Level of HP or PK, 2) do not have a Programs Fact Record, 3) have a Special Education Snapshot record and 4) are only receiving special education services at home.

Summer School – Student Summary Attendance records should NOT be submitted for Summer School attendance.

Students with Programs of less than Full Day – For Examples 2 and 3 under Full-Time Equivalency (FTE) [Student Summary Attendance:FTE Percent (11)], attendance on days where the school is in session for less than a full day should reflect the school day length. For example, a student who attends the first two periods as their program on a day where the school is in session for only ½ of the day should have .5 Days Present [Student Summary Attendance:Days Present (7)]. A student's days Days Present + Days Absent should never exceed the schools Days-In-Session for the day.

Absences for School Activities - Title 92, Nebraska Administrative Code, Chapter 2, Section 006.02 provides that students shall be counted as present when actually at school or is present at a school sponsored activity which is supervised by a member or members of the school staff.

Suspended or Expelled Students - Students who are suspended or expelled are counted as absent unless they continue to be in a school setting during their suspension or expulsion, such as serving their suspension in-school or attending an alternative school.

Homebound Students - Section 504 of the Vocation Rehabilitation Act may require a school district to serve homebound students in the home. As such, the "home" is the "school" for purposes of attendance for this student. So long as the student is present when school officials arrive to provide the services required, then the student is in attendance at school.

Early Dismissals and Days In Session – Days where the school has an early dismissal may or may not count as a full day for purposes of Days In Session and Student Summary Attendance.

- If the school's schedule is built around a regular early dismissal day, that day will usually count as a full day
  - Example: Alter High School's schedule is 8 am to 3 pm every weekday except Wednesday, when they release at 2 pm. All 5 days would count as a full day in session.
- If the school releases early due to inclement weather, sporting events or other irregular dismissals, that day will usually count as a part day.
  - Example: The girls' basketball team at Chapin High School made it to the state basketball tournament. School administration decided to close school after ½ day to allow students to attend the game. This would count as a partial day in session.

Provide the date on which the enrollment information becomes effective. This applies to both enrollment and withdrawal information. The date must not be greater than the current date and must fall on or between 2013-07-01 and 2014-06-30. The data must be in YYYY-MM-DD format or the data loading process will reject the record. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**Controlling District Code [Student Grades: Evaluator 1 Controlling District Code (33)]**

**Courses completed during regular school year**

Provide the County District Number associated with the NDE Staff ID [Student Grades: Evaluator 1 Staff ID (7)] provided. In most cases, Controlling District Code will match the County District Number [Student Grades: District Code (1)] value provided, but can be different when reporting staff for whom another district, or an Educational Service Unit, holds the contract. If another district or an Educational Service Unit holds the contract, provide that district or ESU's County District Number. Provide the literal "00-0000" if the NDE Staff ID [Student Grades: Evaluator 1 Staff ID (7)] provided is a staff person from an agency that does not report staff data to NDE (i.e., post secondary or contracted service providers).

**Courses completed during summer school**

Leave this field blank; records will be rejected if this field is not blank. Only summer school courses completed by students assigned to grades 9, 10, 11, or 12 are to be included. Records for summer school must be submitted in a separate file containing only Student Grades records for courses completed during summer school.

**Course Delivery Model [Student Grades:Course Delivery Model (42)]**

Provide the code indicating the method used to deliver instructions for this course.

# ASSESSMENT FACT

**ASSESSMENT FACT**

The Assessment Fact template captures student national assessment instrument (standardized test) results.

- National Assessment Instrument is language used in Neb. Rev. Stat. 79-760.05 and replaces previous terms such as standardized tests and norm-referenced tests (NRT).
- Districts are required to report national assessment instrument results at one grade level each in elementary, middle school and high school. The state board of education has recommended the following tests in the following grades:

| <b>Recommended Grades</b> | <b>Recommended National Assessment Instrument</b>  |
|---------------------------|--|
| Grade 4 and Grade 8       | Terra Nova<br>Iowa Test of Basic Skills<br>Stanford Achievement Test<br>Northwest Evaluation Assessment (NWEA) |
| Grade 10                  | PLAN Test  |

- These grades and tests are recommendations, not requirements. Therefore, districts may choose to report a test other than the five recommended above, and results might be reported in a grade level other than those recommended.
- A set of scores must be provided for every student enrolled in one of the reporting grades during the national assessment instrument administration window.
- If a student is enrolled during the national assessment instrument administration window and takes the national assessment instrument, then the district needs to report the student's normal curve equivalent (NCE) scores for the student's composite score ("Composite"), sub-score for total reading ("Total Reading"), and sub-score for total mathematics ("Total Mathematics").
- Note: The range of valid NCE scores is 1-99. The NWEA does not report NCE scores nor does it report a composite score; therefore, school districts reporting NWEA test results will report the middle score in the student percentile range for the most recent reading and mathematics assessment. School districts administering the PLAN (or EXPLORE) will also not report NCE scores, but rather "the percent of students scoring at or below your score" for the required composite, reading, and mathematics scores. It should also be noted that each test includes different content areas in its composite scores. The data displayed for the State of the Schools Report will reflect those differences.
- If a student is enrolled during the national assessment instrument administration window, but does not take the national assessment instrument, then the student needs to be included in the national assessment instrument results reported and the field for the student's score(s) should be left blank.
- A student shall not be included in Assessment Fact for National Assessment Instrument results if not enrolled at any time during the national assessment instrument administration window.

- A student who receives a majority of instruction at a nonpublic school or an exempt school shall not be included in Assessment Fact for National Assessment Instrument results.
- For the State of the Schools Report, state averages will be calculated for each test separately (an average for Terra Nova, an average for ITBS, etc.) and will include only the score and sub-scores reported. The blank fields will not be included in building, district, or state averages. Participation percentages, however, will be displayed.

Please visit the NDE Standards, Assessment and Accountability website (<http://www.education.ne.gov/assessment>) for additional information regarding the national assessment instrument reporting. The “Standards, Assessment, and Accountability Update” contains information regarding which fields from specific national assessment instruments are appropriate for use as “Composite”, “Total Reading”, and “Total Mathematics” scores.

A Student template must first be submitted for each student appearing in an Assessment Fact template or the data loading process will reject the record.

**\* County District Number [Assessment Fact:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen (“-”) between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

Provide the School of Membership (see instructions, page 1) for the student. The three-digit School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>). This is a mandatory field; a value must be supplied for each record or the data loading process will reject the record.

**Composite [Assessment Fact:Scale Score (20)]**

- A set of scores must be provided for every student enrolled in one of the reporting grades during the national assessment instrument administration window.
- If a student is enrolled during the national assessment instrument administration window and takes the national assessment instrument, then the district needs to report the student's normal curve equivalent (NCE) scores for the student's composite score ("Composite").
- If a student is enrolled during the national assessment instrument administration window, but does not take the national assessment instrument, then the student needs to be included in the national assessment instrument results reported and the field for the student's "Composite" score should be left blank.
- The NWEA does not report a composite score; therefore, the student's "Composite" score should be left blank.

The following table specifies which scores provided by the national assessment instruments recommended by the state board of education must be provided as Composite [Assessment Fact:Scale Score (20)]. # SPECIAL EDUCATION SNAPSHOT

## SPECIAL EDUCATION SNAPSHOT

### Scope

All public districts and Special Purpose Schools (State Operated Systems). The Special Education Snapshot template collects data on students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP).

### Frequency

The Special Education Snapshot is collected at different points during the school year. The information for each student, particularly Entry Date [Special Education Snapshot:Special Ed Entry Date (33)] and Exit Date [Special Education Snapshot:Special Ed Exit Date (34)], must reflect the values as of certain dates.

Demographic data provided in the Student template, not Student Snapshot, will be used for those students included in Special Education Snapshot.

Both the "Monthly Special Education Snapshot" and "Year-end Special Education Snapshot" are cumulative sets of all students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) at any time during 2013-2014 with information current as of a particular date. However, the "October Special Education Snapshot" is not cumulative; it must include only students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) as of October 1, 2013.

### October Special Education Snapshot

Include only students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) as of **October 1, 2013** and any student who exited special education between July 1, 2013 and October 1, 2013. The value of Snapshot Date [Special Education Snapshot:Snapshot Date (35)] is to be "2013-10-01". The October Special Education Snapshot is accepted during the NSSRS Fall Collection Window.

This will be the source for the Individuals with Disabilities Education Act (IDEA) Annual Child Count.

### Monthly Special Education Snapshot

Include all students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) at any time during 2013-2014 with information current as of the submission date. The value of Snapshot Date [Special Education Snapshot:Special Ed Snapshot Date (35)] is to be "2014-06-30". Submission of the Monthly Special Education Snapshot is optional and is accepted during all collection windows that follow the NSSRS Fall Collection Window.

The Monthly Special Education Snapshot will be the source of special education data to be compared with data provided by the Department of Health and Human Services (DHHS) that occurs on the 24<sup>th</sup> day of each month for the purpose of creating the Medicaid in Public Schools (MIPS) claim forms/lists.

### Year-end Special Education Snapshot

Include all students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) at any time during 2013-2014 with information current as of **June 30, 2014**. The value of Snapshot Date [Special Education Snapshot:Special Ed Snapshot Date (35)] is to be "2014-06-30". The Year-end Special Education Snapshot is accepted during the NSSRS Year-end Collection Window.

The Year-end Special Education Snapshot will be the source for the Individuals with Disabilities Education Act (IDEA) Special Education Exiter Report. Records from the October Special Education Snapshot do NOT carry over to the Year-end Special Education Snapshot; initial Year-end Special Education Snapshot files should include all students from the October Special Education Snapshot.

The Special Education Snapshot template collects data on students with verified disabilities on an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP).

A Student template must first be submitted for each student appearing in a Special Education Snapshot template or the data loading process will reject the record.

**\* County District Number [Special Education Snapshot:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**School Number [Special Education Snapshot:Primary Special Ed Location Code (2)]**

Provide the School of Membership (see definitions, page 1) for the student. The three-digit School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

OPTIONAL: Provide this student's name given to this individual at birth, baptism, or during another naming ceremony, or through legal change. Including this optional field will make locating an individual student's record easier when district staff are working with the output data file.

**Middle Initial [Special Education Snapshot:Middle Initial (8)]**

OPTIONAL: Provide the middle initial of this student. Please note that this is the middle initial only - not the full middle name. If the Student Information System (SIS) contains the full middle name, the extract program must pull the initial only. Leave blank if not applicable or not available. Including this optional field will make locating an individual student's record easier when district staff are working with the output data file.

**Verified Disability [Special Education Snapshot:Primary Disability Code (11)]**

Provide the appropriate code indicating the verified disability of this student who is receiving special education and related services according to an Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP). A student should only have one verified disability on the IEP and IFSP. If you have any questions on the disability categories, please see 92 NAC 51-006.

**School Aged Indicator [Special Education Snapshot:School Aged Indicator (47)]**

Provide the appropriate code indicating if this student is of school age as of October 1, 2013. The date of October 1, 2013 is used for this determination in all instances without regard to Snapshot Date [Special Education Snapshot:Special Ed Snapshot Date (35)] value.

- This value is to be "N" (No) for all students age 2 or less as of October 1, 2013.
- This value is to be "N" (No) for all students age 3 **after August 31, 2013**, if on an Individualized Family Service Plan (IFSP) as of October 1, 2013.
- This value is to be "Y" (Yes) for all students age 3 **prior to August 31, 2013**, if on an Individualized Education Plan (IEP) as of October 1, 2013.
- This value is to be "Y" (Yes) for all students ages 4 thru 21 as of October 1, 2013.

| Code | Description |
|------|-------------|
| Y    | Yes         |
| N    | No          |

NOTE: This is the only Yes/No field in NSSRS where the codes "Y" (Yes) and "N" (No) are used. This inconsistency is unfortunate but beyond the control of the Nebraska Department of Education.

**Surrogate Appointed [Special Education Snapshot:Surrogate Appointed Code (48)]**

Provide the appropriate code indicating if a surrogate has been appointed for this student.

| Code | Description |
|------|-------------|
| 1    | Yes         |
| 2    | No          |

**Special Education Percentage [Special Education Snapshot:Program Special Ed Percentage (50)]**

Provide the percentage of time this student spends receiving special education and/or related services separate from general education peers. This value is to be provided as an integer without a percentage sign. For example, 25% is to be specified as 25.

**Placement Reason [Special Education Snapshot:Primary Entry Reason Code (51)]**

Provide the appropriate code indicating the placement reason for this student. A Placement Reason of "1" (Parent Placement) is provided only if a student attends a nonpublic school for their general education and is a parental placement. A Placement Reason of "0" (Not Applicable) is provided for all other students, including students who do not attend a nonpublic school.

| Code | Description      |
|------|------------------|
| 0    | Not Applicable   |
| 1    | Parent Placement |

Placement Reason [Special Education Snapshot:Primary Entry Reason Code (51)] of "1" (Parent Placement) is only appropriate for students age 6 to 21.

If Placement Reason [Special Education Snapshot:Primary Entry Reason Code (51)] equals "1", then Placement Type [Special Education Snapshot:Primary Placement Type (32)] must equal "1" (Nonpublic Placement) and Setting [Special Education Snapshot:Primary Setting Code (44)] must equal "14" (Private School).

**Exit Reason [Special Education Snapshot:Primary Exit Reason Code (52)]**

Provide the appropriate code indicating the circumstances resulting in this student's exit from special education. Leave Exit Reason blank if this student continues to receive special education services at this district. The last column in the table indicates the appropriate Enrollment Code [School Enrollment: Enrollment Code (7)] to be used when completing the School Enrollment template.

# PROGRAMS FACT

**PROGRAMS FACT: Career Education**

| Type of Program  | When included in Programs Fact |
|------------------|--------------------------------|
| Career Education | Expected at year-end.          |

Career Education Programs Fact data is collected to support the federal reporting of the Carl D. Perkins Career and Technical Education Act.

Key considerations when reporting the Career Education: Programs Fact template data:

- Data submission includes all grades 7-12 in schools that offer career education courses.
- Career Education Participants are determined during the current program year (July 1, 2012 – June 30, 2013) only.
- Concentrators are determined by evaluating the course sequences of the student throughout the 9-12 high school experience in specific program areas.
- No students can concentrate in CEFOUND Programs Code.
- Students may have multiple Programs Fact records if participating and/or concentrating in more than one Programs Code.
- Although students may only concentrate in an approved program of study, students may be considered participants in courses not part of an approved program of study.

For more information and resources on definitions, crosswalks, and other resources please visit the Perkins Accountability Resources at <http://www.education.ne.gov/nce/Accountability/Secondary/index.html>.

A Student template must first be submitted for each student appearing in a Programs Fact template or the data loading process will reject the record.

**\* County District Number [Programs Fact:District Code (1)]**

This is the number assigned to your school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). The number is based on the county in which the district/system headquarters is located and an assigned district number. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**School Number [Programs Fact:Program Location Code (2)]**

Provide the School of Membership (see definitions, page 1) for the student. The three-digit School Number can be obtained from the Education Directory Search (<http://educdirsrc.education.ne.gov>).

**\* School Year [Programs Fact:School Year Date (3)]**

Provide the literal "2014-06-30". This is a key field; a value must be supplied for each record or the data loading process will reject the record.

**\* NDE Student ID [Programs Fact:Student ID (4)]**

Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

**\* Programs Code [Programs Fact:Programs Code (5)]**

Use the appropriate Programs Code from the list below. This is a key field; a value must be supplied for each record or the data loading process will reject the record. There may be multiple Programs Fact records if a student participates in more than one Program. For a course crosswalk and other resources related to the Programs Codes visit

The methodology used to determine Technical Skill Attainment for concentrators may vary by individual and program area. Choose the highest rated method (using the rank of rigor scale) for each concentrator reported. For a more detailed description of the methodologies please visit <http://www.education.ne.gov/nce/Accountability/Secondary/PDFs/SecondaryPerkinsManual.pdf>.

Title I services provided to **nonpublic** students (always considered "targeted").

Services in a Title I Targeted Assistance School.

Title I funded Early Childhood services (not part of a schoolwide project).

NOTE: Do not include students served in Title I Schoolwide programs.

Portions of the Title I Annual Participation Report not included in the Title I Programs template will be collected separately via the "Title I Annual Participation Report" collection within the Consolidated Data Collection (CDC) on the NDE Portal.
