Purpose of *Results Matter in Nebraska*

Results Matter in Nebraska is a child and family outcomes system designed to improve programs and supports for all young children birth to age five served by school districts, the Early Development Network, the Birth to Age Three Endowment and their partners. The family, child and program outcomes apply to all school-based early childhood programs. The purpose of the system is to:

- ✚ improve experiences, learning, development and lives of young children (birth to age five) and their families
- ✚ inform program practices
- ✚ demonstrate program effectiveness
- ✚ guide the development of local and state policies and procedures
- ✚ provide data to demonstrate results

Results Matter in Nebraska calls for curriculum and child outcome assessment that ...

- ✚ is based on ongoing observation of children engaged in real activities, with people they know, in natural settings
- ✚ reflects evidence-based practices
- ✚ engages families & primary care providers as active participants
- ✚ integrates information gathered across settings
- ✚ is individualized to address each child's unique ways of learning
- ✚ informs decisions about day-to-day learning opportunities for children
- ✚ reflects that development and learning are rooted in culture and supported by the family

FAMILY AND CHILD OUTCOMES

Children ...

- ✚ have positive social-emotional skills
- ✚ acquire and use knowledge and skills
- ✚ use appropriate behaviors to meet their needs

Child Outcomes Measurement System
