Lincoln Public Schools - 1000 South 70th - Lincoln, NE 68510 - (402)-436-1302/Fax 436-1325

Dear Coach,

Lincoln East High School will be holding its second annual Science Olympiad Invitational for Division C teams on Saturday, March 19th. This event will be held much like the Nebraska State tournament in an attempt to give students extra practice. In order for this to happen we are asking schools to limit each team they bring to 15 students with up to 7 seniors. Teams are, however, allowed to bring as many different sub-teams as they wish (for example, Lincoln East A and Lincoln East B).

For schools to participate, they will need to pay the registration fee of \$4 per student. In order to get judges, we are asking coaches from each participating school to judge at least 1 event. We have many resources already available at the school, so please feel free to ask if you need anything to help your judging.

The tentative schedule of events will run from 8:30 to 2:30 with awards as soon as possible afterward. Once your team gives the preliminary information you will receive information on how to register students for each event.

There will be a concession stand open for teams to each lunch, or there are a variety of restaurants and a mall in close proximity to the school.

If you are at all interested in this meet, as an extra practice for your team, please send in the interest form on the back as soon as possible to Kyle Thompson. Contact information is below.
