RE: Changes in Nebraska Department of Education (NDE) Approved
Mileage Rate for Special Education for the 2015-16 School Year

Through state statute 81-1176 the State Department of Administrative Services (DAS) establishes mileage reimbursement rates for state business trips made by state employees with personal automobiles. Approved special education mileage rates for school districts/approved cooperatives, ESUs, approved individual providers and service agencies, and the mileage reimbursement rate paid to parents transporting children with disabilities are linked to state statute 81-1176. Effective **January 1, 2016**, the provisionally approved mileage rate will decrease from **\$.575** per mile to **\$.54** per mile. Mileage incurred prior to December 31, 2015 will be reimbursed at \$.575 per mile while mileage incurred after January 1, 2016 will be reimbursed at \$.54 per mile.
