Innovation Grant Program Application Materials Available November 4
Nebraska’s Department of Education Innovative Grant Fund and the Innovation Grant Program were created with the passage of Legislative Bill (LB) 519. This competitive grant program provides funding opportunities to Local Education Agencies (LEAs) to support the development, expansion and investment in innovative best practices that improve:

- Education outcomes for early childhood, elementary, middle school or high school students;
- Transitions between any successive stages of education; or
- Transitions between education and the work force.

There is currently approximately $7.8 million available for use over the next three years for competitive grants through this program. Eligible applicants include a school district, Educational Service Unit (ESU), or combination of entities containing at least one school district or ESU.

Information about the Innovation Grant Program will be available on the NDE website, November 4 after 9 a.m CDT. [https://www.education.ne.gov/dataservices/innovation_grant.html](https://www.education.ne.gov/dataservices/innovation_grant.html)

**Monitoring Graduation Cohorts**

Contact: NDE Helpdesk (888-285-0556 or nde.helpdesk@nebraska.gov)

NDE recommends someone from your district should monitor the Graduation Cohorts, past and present at least once or twice a year. This can be done using the Graduation Cohort Analysis tool in NSSRS Validation under System Lookups. In Fall 2016 you should be monitoring these cohorts: 2013 (7th year), 2014 (6th year), 2015 (5th year), 2016 (4th year), 2017, 2018, 2019, 2020 (first time 9th graders).

The cohort graduation rate is built over four years so monitoring it annually is very important. The data is used for federal reporting and state accountability.

ESEA/NDE Consolidated Application and Title I Accountability Applications

The 2016-17 ESEA/NCLB Consolidated Application is now available. Completed applications must be submitted by November 30, 2016.

The 2016-17 Title I Accountability Application is now available. Completed applications must be submitted by November 30, 2016. The Title I Accountability Application provides additional Title I funds for Districts having one or more schools identified for Title I Needs Improvement. Determinations were based on AYP data from the 2014-15 school year. The Needs Improvement year is “frozen” at the same level it was for the 2015-16 school year. Since NDE did not have to wait for AYP Determinations, we were able to open this application at the same time as the ESEA/NCLB Consolidated Application, rather than waiting until January. These funds should address making improvements in the subject area that caused the Needs Improvement identification. For example, if the school was identified in the area of Reading, the Accountability funds need to address improving Reading skills.
Typically the Accountability funds are minimal and easily forgotten about. The NDE Federal Programs Team encourages districts to use these funds early in the year so they are not overlooked. When all of the accountability funds have been spent, the District can close out the financial side of the application.

**REMINDER:** Several Districts have not yet requested a Final Request for Reimbursement for Title I Accountability funds for the 2014-15 and 2015-16 School Years. Funds from 2014-15 had to be expended by September 30, 2016 and Final Requests are Due no later than November 15, 2016. 2015-16 Accountability funds may be expended through September 30, 2017; but, again, Districts are encouraged to spend them sooner, rather than later.

Both of these applications are in the NDE Grants Management System (GMS), [https://nde.mtwgms.org/NDEGMSWebv02/logon.aspx](https://nde.mtwgms.org/NDEGMSWebv02/logon.aspx)
