Kendal Wofford of Aurora High School in Aurora, NE designed the feature artwork for the 2007-2008 Nebraska Education Directory. Kendal is the daughter of Bill and Shelly Wofford. Kendal’s artwork is entitled “…so you will know me elsewhere…”, Jane Marie was Kendal’s art teacher.

Printed copies are not available for the 2007-2008 Education Directory. The Department of Education will use electronic means whenever possible to publish information to our customers.

The Directory is accessible on the Internet through our web site in various formats to view, print, or download.  http://ess.nde.state.ne.us

This information is current as of January 2008. Any changes after that time will not be reflected here. Go to “DIRECTORY SEARCH” listed under the “A-Z Topic List” at http://www.nde.state.ne.us for the most up-to-date information.

“SEARCH THE DIRECTORY”

http://ess.nde.state.ne.us

- A-Z Topic List

- Directory Search

The purpose of the Directory Search is to provide users access to customized directory information.

Some of the features of the Directory Search are:

- Search for ESU’s, Districts or Schools.
- Allow a search for specific types, kinds of schools or classes of districts.
- Search for staff assigned to specific positions, subject areas, Schools, Districts, and ESU’s.
- Allow the user to create data files or reports.

There are two search areas in this system:

1) Quick Lists – provides you with a “most” requested list of districts and school information.

2) Custom Search – allows you to generate a more specific, narrower list of information for districts, schools and staff.

For questions or suggestions regarding this system, contact Kathy Heskett, NDE Data Center.
e-mail: kathy.heskett@nde.ne.gov, phone: (402) 471-4738.

Interim-program schools are those schools located in or run by county detention homes, public or private institutions not owned or operated by a school district, or juvenile emergency shelters providing twenty-four hour custodial care and approved under Rule 18. These schools provide regular and/or special education services to students who are in temporary residence and who are unable for reasons of health or safety to attend the regular public school of the district in which the residence is located. These schools are created to provide continuity of instruction and to insure students are eligible to receive academic credit towards grade promotion or high school graduation.

A public school district in Nebraska means the territory under the jurisdiction of a single school board. Nebraska school districts are divided into the classifications as follows:

1. Class II includes any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board;

2. Class III includes any school district embracing territory having a population of more than one thousand and less than one hundred fifty thousand inhabitants that maintains both elementary and high school grades under the direction of a single school board;

3. Class IV includes any school district embracing territory having a population of one hundred thousand or more inhabitants with a city of the primary class within the territory of the district that maintains both elementary and high school grades under the direction of a single school board; and

4. Class V includes any school district embracing territory having a population of two hundred thousand or more inhabitants with a city of the metropolitan class within the territory of the district that maintains both elementary grades and high school grades under the direction of a single school board.

In 1998, legislation was passed which allows school districts to form a unified system. A unified system is two or more Class II or Class III school districts that participate in an interlocal agreement and is approved by a petition process through the State Committee for the Reorganization of School Districts. The first unified systems were operational in 1999-00. For statistical purposes, these unified systems are treated as a single school district.

In 2005-06, a school district reorganization plan (known as LB 126) was effective on June 15, 2006, with the elementary-only school districts throughout the State merging into their corresponding local high school districts (known as ‘receiving districts’). The impact of this reorganization reduced the number of school districts in the State from 460 to 254. Under the terms of the reorganization plan, those districts which were merged into their local corresponding districts were deemed to be no longer in existence. Class VI districts were also reclassified into a Class II or Class III district.

The table in this section lists all of Nebraska’s 254 public school districts by county in which the district administration office is located. The following is an explanation of the information contained in each column of the table.

**County, School District** – The large boldface line indicates the county name and number. The public school districts within the county are listed by district order.

**County-District Number** – The number assigned to each district by the Commissioner of Education.

**Class of District** – See preceding definitions.

**Fall 2007 Membership** – Student count by grade levels as of the last Friday in September, 2007.
Levies – All levies are expressed in dollars and 10,000th of a cent per $100 of valuation.

    General Fund – The column reflects only the General Fund levy of the district.

    Total Others – This column indicates any applicable Bond, Special Building Fund, and Qualified Capital Purpose Undertaking Fund (formerly the Hazardous Materials Abatement/Handicapped Accessibility Fund).

Assessed Valuation – School district valuation as reported by school districts on the State Aid Supplement to the School District Membership Report.
