TERMINOLOGY

Class of District – Public school districts in this State are classified as follows:

- Class 2** - Any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board.
- Class 3** - Any school district embracing territory having a population of more than one thousand and less than one hundred fifty thousand inhabitants that maintains both elementary and high school grades under the direction of a single school board.
- Class 4** - Any school district embracing territory having a population of one hundred thousand or more inhabitants with a city of the primary class within the territory of the district that maintains both elementary and high school grades under the direction of a single school board.
- Class 5** - Any school district embracing territory having a population of two hundred thousand or more inhabitants with a city of the metropolitan class within the territory of the district that maintains both elementary and high school grades under the direction of a single school board.

Elementary: Represents data for elementary schools (6-year or less elementary, 7-year elementary, 8-year elementary, middle school, and Special Education).

Secondary: Represents data for secondary schools (2-year junior high, 3-year junior high, 3-year senior high, 4-year senior high, 5-year secondary and 6-year secondary).

Full-Time Equivalency (F.T.E.) – The indication of the time an individual spends in a position as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .50. In all cases, a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as the number of individuals.

Membership: Count of students on the current role on the last Friday in September.

Note: “County Membership” figures represent the aggregation of districts/systems whose administrative offices are located in the county. Example: If a district crosses county lines, their full membership is shown in the county in which the administrative office is located.

Educational Service Units (ESU): The role and mission of Educational Service Units is to serve as education service providers, by providing core services and other services as identified and requested by member school districts, in the states system of elementary and secondary education.

Interim Program Schools: Interim-program schools are those schools located in or run by county detention homes, public or private institutions not owned or operated by a school district, or juvenile emergency shelters providing twenty-four hour custodial care and approved under Rule 18. These schools provide regular and/or special education services to students who are in temporary residence and who are unable for reasons of health or safety to attend the regular public school of the district in which the residence is located. These schools are created to provide continuity of instruction and to insure students are eligible to receive academic credit towards grade promotion or high school graduation.
