

2014-2015 Entrepreneurship Week Celebrations

Engage your school and community in celebrating the important role that entrepreneurs play in growing our state and national economies during one of these special weeks in 2014-15.

Global Entrepreneurship Week

November 17-23, 2014

www.gew.co

Global Entrepreneurship Week celebrates the innovators and job creators who launch startups that bring ideas to life, drive economic growth and expand human welfare.

During one week each November, GEW inspires people everywhere through local, national and global activities designed to help them explore their potential as self-starters and innovators. These activities, from large-scale competitions and events to intimate networking gatherings, connect participants to potential collaborators, mentors and even investors—introducing them to new possibilities and exciting opportunities.

National Entrepreneurship Week

February 21-28, 2015

www.entre-week.org

National Entrepreneurship Week is hosted by the Consortium for Entrepreneurship Education. Major events are staged at state and local venues across the nation each year. February 21-28, 2015 will mark the 9th annual celebration of National Entrepreneurship Week. Educators and entrepreneurs alike recognize the importance of the contributions of American risk-takers as they innovate, create jobs and build the economy. Parents, teachers, entrepreneurs and community leaders everywhere are encouraged to plan their own local and state events to carry forward the message that "The entrepreneurs of tomorrow are in our schools today."
