

Targeted Teaching Topic

Author: Lindy Fernau
School: O'Neill Public Schools

Summary of Topic:

Alternative Medicine

Main Curriculum Tie:

Academic foundation and use of internet.

Required Materials for Lesson:

Internet resources available.

Background for Teacher:

Provide a list of alternative medicine and sample resource sites. Create iGoogle accounts for each student and show them how to get connected and use the PowerPoint.

Student Prior Knowledge:

Use of Google Docs and PowerPoint.

Intended Learning Outcome:

Compare and contrast the variety of alternative types of medicine available.

Instructional Procedure:

Each student selects a different type of alternative medicine to research and add 3-4 slides to the shared PowerPoint.

How to Measure Outcome:

Completed PowerPoint online that all students can access.
