

Targeted Teaching Topic

Author: Krista Holliday
School: Ewing Public Schools

Summary of Topic:

Build It – Define It

Main Curriculum Tie:

Medical terminology foundation standard.

Required Materials for Lesson:

Index cards with the chapters in different colors. Prefixes = Green. Root word = Red. Suffixes = Yellow.

Background for Teacher:

Know how medical terms go together.

Student Prior Knowledge:

Definition of medical terms and knowledge of how these words combine.

Intended Learning Outcome:

Put together medical terms and define them.

Instructional Procedure:

- Each group is given 3-5 prefix cards, 3-5 root word cards, and 3-5 suffix cards.
- Try to come up with as many medical terms as possible and their definitions.
- 2 points per medical term.
- 2 points for correct definition.

How to Measure Outcome:

Winning team gets an award. Could also do this individually and give credit as above.
