

## Targeted Teaching Topic

**Author:** Cathy Kloch  
**School:** Alliance High School

**Summary of Topic:**

Health Career Comparison

**Main Curriculum Tie:**

Health careers that interest the specific student.

**Required Materials for Lesson:**

- Careers in Health Care 2010:  
[http://issuu.com/bulldawglearning/docs/health\\_care\\_careers\\_unmc](http://issuu.com/bulldawglearning/docs/health_care_careers_unmc)
- Blank chart to be filled in for 3 health careers.

**Background for Teacher:**

The chart may be used as starting place for students to select careers for further research.

**Student Prior Knowledge:**

Exposure to the health career booklet. Tests that let them pinpoint their aptitudes and interests.

**Intended Learning Outcome:**

Students will select 3 careers of interest to them. Students will compare the 3 careers.

**Instructional Procedure:**

- Create a chart listing the categories in the booklet (career, nature of profession, aptitude, education, programs in Nebraska, licensure, associations).
- Students will select 3 careers.
- They will fill in the chart for each career selected.
- Students will then compare the careers.

**How to Measure Outcome:**

The chart can be graded for completion. The next step would be to have students do more research on one of the 3 selected careers.
