

Targeted Teaching Topic

Author: Kathy Gifford
School: Kearney Public Schools

Summary of Topic:

Exploration of Health Careers in All Pathways

Main Curriculum Tie:

Exploring health careers.

Required Materials for Lesson:

[Nebraska Career Connections](#)

Background for Teacher:

Explore site yourself.

Student Prior Knowledge:**Intended Learning Outcome:**

Student will describe the career pathways and provide examples of occupations at various education levels.

Instructional Procedure:

- Student will need to create a log-in if they've never been to this site. They will need to remember their own password or give it to you for future reference.
- Explore the pathways and occupations.

How to Measure Outcome:

Have students turn in a copy of their research notes.
