

## Nebraska's Child Nutrition Program Approved Equipment List

The following is a list of kitchen equipment approved by NDE Nutrition Services. When a SFA is considering purchasing a piece of kitchen equipment using money from the non-profit school food service account, the SFA must utilize this list of approved equipment.

If the SFA is in need of purchasing a piece of equipment that is not on the approved list, and the cost of the equipment is more than or equal to the SFA's district defined per-unit capitalization threshold amount *or* the Federal defined capitalization threshold amount of \$5,000, an equipment purchase request must be submitted in writing to NDE Nutrition Services for prior approval. (SP 39-2016; 2 CFR 225, Appendix B, Section 15)

**Note:** All equipment purchases using Federal funds must be properly procured by following the Federal procurement regulations, should be cost prorated if shared with other programs, and should be reasonable and necessary for the school food service program.

Washers and dryers (for use by food service only)  
Delivery car or truck for food/supply transport between schools (for use by food service only)

**Equipment Purchase Approval Request Form**

<b>SFA Name</b>	<b>LEA/Agreement Number</b>

**Description of the anticipated capital expenditure (Refer to 2CFR 200.33)**

**The acquisition cost of the anticipated capital expenditure** (“Acquisition cost” means the cost of the asset including the cost to put it in place. For example, the net invoice price of the equipment, including the cost of any modifications, attachments, or auxiliary apparatus necessary to make it usable for the purchase for which it was acquired. Ancillary charges, such as taxes, duty, protective in transit insurance, freight, and installation may be included in, or excluded from the acquisition cost in accordance with the non-profit organization's regular accounting practices.)

*Please read and check the box next to each statement.*

- I certify that the above referenced capital expenditure is necessary and reasonable for proper and efficient performance and administration of the Child Nutrition Program.**
  
- I certify that the above referenced capital expenditure is allocable to the federal award.**  
A cost is allocable to a particular cost objective if the goods or services involved are chargeable or assignable in accordance with relative benefits received.
  
- I certify that the above referenced capital expenditure is accorded consistent treatment.**  
A cost may not be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated as an indirect cost.
  
- I certify that the above referenced capital expenditure is not included as a cost or used to meet cost sharing or matching requirements of any other federal award.**
  
- I certify that the above referenced capital expenditure is the net of all applicable credits.**
