About the Equipment Assistance Grant:

The American Recovery and Reinvestment Act (ARRA) 2009 provides a unique opportunity for School Food Authorities (SFAs) that participate in the National School Lunch Program (NSLP) to obtain, renovate, or replace equipment for the school meals program. If you need funding to replace old equipment with something more energy efficient, obtain new equipment to improve the quality or safety of the program, or expand the program, this grant opportunity may be of help to you.

Public Law 111-5, the American Recovery and Reinvestment Act of 2009 (ARRA), was signed into law by President Obama on February 17, 2009. The ARRA provides a onetime appropriation of $100,000,000 for equipment assistance to school food authorities (SFAs) participating in the National School Lunch Program (NSLP). Nebraska was allocated $532,209. As stipulated in the ARRA, priority will be given to SFAs for equipment for school buildings in which at least 50 percent of the students are eligible for free or reduced-priced meals. While the primary effect of the NSLP equipment assistance grants authorized by the ARRA will be to improve the infrastructure in the NSLP, it is important to note that the authority for the grants was provided in the context of the overall effort to stimulate activity within the American economy.

Eligibility requirements:

The two USDA memos providing guidance on the ARRA Equipment Assistance Grant are available to view or print on the Nutrition Services’ web site at http://www.nde.state.ne.us/ns/nslp/ARRA/ARRA.htm

- Grants will be awarded on a competitive basis.

- SFAs must participate in the National School Lunch Program (NSLP).

- Any SFA participating in the National School Lunch Program is eligible to submit an application to receive a NSLP equipment assistance grant; however, priority will be given to SFAs for equipment for school buildings in which at least 50% of the students are eligible for free or reduced-priced meals based on October 2008 data.

- SFAs should be prepared to fully expend their grant funds within 3 months of notification of the grant award.

- SFAs will be required to follow all Federal, State and Local procurement laws when purchasing equipment with the grant funds.

- Equipment obligations made prior to the grant award will not be considered for payment.
Equipment definition:

- Equipment requests may include new equipment, renovation of equipment or replacement of equipment.

- USDA regulations at 7 CFR 3016.3 and Office of Management and Budget Circular A-87 define equipment for the purpose of NSLP equipment assistance grants as articles of nonexpendable, tangible personal property with a useful life of more than one year and a per unit acquisition cost of $5,000 or such lesser amount as the SFA uses when reporting equipment as assets in its financial statements.

If your district/institution defines equipment (reported as a fixed asset on financial statements) with a lesser dollar amount than the Federal $5,000 threshold, items in excess of your district/institution’s threshold amount are eligible under the ARRA Equipment Assistance Grant. Part 4 of the application requires you to report your district/institution’s defined equipment threshold amount.

- Equipment procured using NSLP Equipment Assistance Grant funds must be reasonable and allocable in order to be reasonable and permissible costs. (Generally, using NSLP Equipment Assistance Grant funds to purchase a walk-in freezer for school food service use would be an allowable cost; whereas renovation of the food service area would fall under the category of construction costs which must be borne by the school district’s general fund.)

Focus Areas

Equipment purchases must fall into at least one of the four focus areas listed below:

1. Equipment that lends itself to improving the quality of school foodservice meals that meet the dietary guidelines (e.g. purchasing an equipment alternative to a deep fat fryer)

2. Equipment that improves the safety of food served in the school meal programs. (e.g. cold/hot holding equipment, dish washing equipment, refrigeration, milk coolers, freezers, blast chillers, etc.)

3. Equipment that improves the overall energy efficiency of the school foodservice operation (e.g. purchase of an energy-efficient walk-in freezer replacing an outdated, energy-demanding freezer)

4. Equipment that allows SFAs to support expanded participation in a school meal program. (e.g. equipment for serving meals in a non-traditional setting or to better utilize cafeteria space)

Selection Criteria

Applications will be scored based on the following criteria:

Checklist for Submitting the 2009 ARRA Equipment Assistance Grant Application

1. Complete the 5 parts of the Application. If all questions are not answered, the application will be considered incomplete and will be excluded from grant award consideration.

2. If an application is being submitted for more than one school building in a district, even though some information may be common to all, a separate Equipment Assistance Grant Application must be submitted for each school.

3. The Signature Page is the last page of the application. This form must be signed by the district’s Authorized Representative and the district’s Food Service Manager/Director.

4. A complete application packet includes:
   - Part 1: Grant Criterion Justification
   - Part 2: ARRA Required Reports
   - Part 3: SFA/School Profile
   - Part 4: Equipment Capitalization Threshold
   - Part 5: Signature Page

5. Be sure to keep a copy of the application for your records.

6. Verify the application is complete and mail the original and 3 copies of the application to:

Part 1: Grant Criterion Justification

<table>
<thead>
<tr>
<th>Criteria 1</th>
<th>Equipment request meets at least one of the four focus areas.</th>
<th>Points 10</th>
</tr>
</thead>
</table>

Briefly describe which of the four focus area(s) will be enhanced with the purchase of this equipment (must select one or more areas):

1. How will the purchase of this equipment improve the quality of school foodservice meals that meet the dietary guidelines?

2. How will this equipment improve the safety of food served in the school meal programs?

3. How will this equipment improve the overall energy efficiency of the school foodservice operation?

4. How will this equipment allow for expanded participation in a school meal program?
Criteria 2 | The application clearly and concisely explains why the school building needs the equipment and why the equipment is appropriate for the site. | Points 10

Briefly describe the equipment being requested and the site location. Why is this equipment appropriate for the site? Describe the estimated life of the equipment and how frequently it will be used.

Criteria 3 | The application clearly explains why ARRA funds are needed to purchase the equipment for the school building. | Points 10

Describe why the district needs the ARRA funds to purchase this piece of equipment. If your district has excess Net Cash Resource funds in your school lunch account, provide an explanation/justification for not using these funds to purchase the equipment.

*Total Dollar Amount Requested: $

*Reimbursement will be for actual costs incurred not to exceed total dollar amount requested.

Attach a copy of the equipment bid you have chosen with the grant application. The bid should include the installation and labor costs.

Briefly describe an estimated timeline for the purchase and installation of the proposed equipment. *(The grant amount should be expended within three months of the grant award.)*
Criteria 5 | The application reflects the effort to get the best possible value for the money including equipment selection criteria, bid research process and bid reliability. | Points 10

Provide assurance that all Federal, State and Local procurement procedures were followed. Describe efforts to research competitive prices. Indicate how you are getting the best possible value for the money (the lowest price is not always indicative of the best value). What criteria were used to determine the best product?

Criteria 6 | The application clearly identifies how the equipment will contribute to the enhancement of the quality of meal service and/or foodservice. | Points 10

How will this equipment enhance the quality of the meal service and/or foodservice?

Nutrition Services will determine the percent free/reduced-price eligibility from NDE’s Nebraska Student and Staff Record System (NSSRS) database.

Additional comments supporting your request may be added below:
Part 2: ARRA Required Report(s)

1. ARRA requires a reporting of the number of jobs created or saved. Even though these funds cannot be used for staff, an expanded program might create jobs.
