Community Learning Centers

# PARTNER spotlight

## PARTNER

Nebraska Museums Association (NMA)

## WEBSITE

[www.nebraskamuseums.org](http://www.nebraskamuseums.org)

## MISSION

To create, foster, and promote interest in, advancement of, and appreciation of, museums throughout Nebraska. Further, the Nebraska Museums Association is organized to increase and disseminate knowledge about the museum field and to encourage cooperation among museums and those interested in them.

## RELEVANT PROJECTS TO SCHOOL/ AFTERSCHOOL PROGRAMS

Nebraska museums offer many opportunities for active learning afterschool and in the summer. Staff, family members, and students may visit one of the many museums listed on the Nebraska Museum Association website to actively explore their interests and learn together. Visit the website below to access a comprehensive list of museums by region including the Panhandle, Sandhills, Southwest, South Central, Northeast, and Southeast.

Museums listed feature artifacts tied to local history, natural history, art, and more, intended to enhance student learning across the curriculum. Many museums have staff and volunteers who would be happy to assist with information and planning.
