I want to give them the support they may not receive at school or home and make them feel that their ideas are welcome and that they should go for their goals and to keep being creative. I will also hopefully tie in more creative opportunities in my programs to enhance their learning to keep their imagination and minds working!	11/18/2016 11:30 AM

Q14 What would you like to see happen at the next conference:

Answered: 18 Skipped: 19

#	Responses	Date
1	Invite minority business owners from all over Nebraska to present their successes.	12/9/2016 10:23 AM
2	One of the action steps mentioned inviting DECA students. That is a fantastic idea, but extend it to FCCLA, FFA, SkillsUSA and FBLA student groups. Each of these national student organizations have entrepreneurship components in their competition activities. I would love to see more students there to interact with the adults. Not only does that broaden a students' understanding of the possibilities, it also gives them an opportunity to hone their "soft skills/21st Century/college- & career-Readiness/employability skills" with actual business people.	12/8/2016 5:52 PM
3	More recognition & involvement of those businesses committed to the startup community.	12/5/2016 10:26 AM
4	Minority entrepreneurship in Nebraska and more representation from current business owners.	11/21/2016 7:33 PM
5	More ideas to support entrepreneurs. More ideas to give entrepreneurs that are looking for start-up ideas.	11/21/2016 9:27 AM
6	Longer with more time to meet people and network.	11/18/2016 9:38 PM
7	See more minority entrepreneurs	11/18/2016 3:32 PM
8	More booths	11/18/2016 3:12 PM
9	Resource Roundtable for startups on a limited budget. The B3 table was a good idea. If the resource directory idea (last session) comes to fruition, make it available to attendees next year. Provide NE SBA Small Business guides to all attendees.	11/18/2016 3:04 PM
10	Workshops are preferable to seminars.	11/18/2016 2:50 PM
11	Survey of the top half dozen best e-ship programs in the nation/world.	11/18/2016 1:54 PM
12	I like the grass roots emphasis and making/doing vs. talking and talking and starting small	11/18/2016 12:31 PM
13	More information on helping minority businesses start and thrive. What are minority students at UNL doing with entrepreneurship? The Big Idea panel was awesome and inspiring ... but not very diverse. More women! More people of color!	11/18/2016 12:04 PM
14	I was not able to connect my iPad to the wireless so was unable to use the online app.	11/18/2016 11:53 AM
15	If you could recreate the atmosphere and the amazing speakers like you had for this year, I would definitely come again. Also hearing stories of young entrepreneurs was wonderful and should be kept in the schedule. Using SCHED was also really useful and easy to do.	11/18/2016 11:30 AM
16	Move the Big Ideas to the morning so more people attend.	11/18/2016 11:29 AM
17	Perhaps a more focused topic relating to entrepreneurship. The main presenters could have been more focused in their speeches instead of jumping from topic to topic. There needs to be a better way to engage in action-step conversations than an end-of-the-day group conversation.	11/18/2016 11:23 AM
18	Attendance from more entrepreneurs and less practitioners.	11/18/2016 11:16 AM

Q15 Speakers / topics you would like to see at the next conference:

Answered: 13 Skipped: 24

#	Responses	Date
1	More minority related/ boost these entrepreneurs speakers and information.	12/9/2016 10:23 AM
2	Loved the variety that was available this year. I deal in food and fashion, so I was super-excited for the speakers/sessions. If more students were to attend, I would definitely break up the morning keynote speaker. 1 hour is a really long time (even for adults) to sit and listen. Also, if students were to become a larger segment of the audience, having sessions with business people or extension on topics such as "creating a pitch" or "creating a personal pitch", how to network/introducing yourself/shaking hands, etc.	12/8/2016 5:52 PM
3	Topic: where to find financial assistance for different type of businesses. Topic: government laws effecting positively and negatively entrepreneurs	11/21/2016 7:33 PM
4	How to support 'failing'. How do we give youth a safe way to fail where they feel they can do it many times till they succeed?	11/21/2016 9:27 AM
5	Gary Schoeninger from ELI in Ohio.	11/18/2016 9:38 PM
6	Who is successfully working with the Latino population?	11/18/2016 3:12 PM
7	Legal issues: entity formation; intellectual property (patent, copyright, trademark) Finding capital (NDED; DOR; venture capital groups; SBA loans; REAP loans and microlending).	11/18/2016 3:04 PM
8	Available funds and grants for proposals to promote entrepreneurs How does nebraska overlay the marvelous kansas system on ne econ dev, regional econ dev, local economic, iniversities, and other state funded agencies attempting and failing to do this work? Is the descriptive phrase Balkanized the work so that few succeed?	11/18/2016 12:31 PM
9	How to involve the immigrant population in your town's efforts to revitalize business and the town overall. How communities as a whole can give under-served populations the resources they need to be successful entrepreneurs. The family that has restaurants in Iowa and Nebraska might be an option for a breakout session. They own La Juanita in Sioux City, IA, Lemars, IA, South Sioux City, NE, Storm Lake, IA and I'm not sure where else (Mexican food). Different family members run each one. Very popular. Maybe a similar story out there as well ... strong Latino family business that has expanded.	11/18/2016 12:04 PM
10	Good to bring in success stories to inspire us and leaders in Nebraska. Would be nice to get more legislators and community leaders there.	11/18/2016 12:02 PM
11	More entrepreneurs speaking about the most value and support that educators and economic developers can provide to them and their colleagues.	11/18/2016 11:29 AM
12	I would like to see more youth at the conference/or more young entrepreneurs...and just more people in general.	11/18/2016 11:23 AM
13	Actual entrepreneur tech assistance topics rather than sessions for service providers.	11/18/2016 11:16 AM

6	Dell Gines was awesome! Informative and great speaker. Really enjoyed that; strong start to the summit. I think the challenge for "The Challenge" was so many people left before and so less interaction. But I liked the opportunity to speak to a few more people and eat a little something before hitting the road!	11/18/2016 12:07 PM
7	Wonderful conference!!!! Will be talking about it to many professionals and friends for time to come and definitely suggest it for the net time it happens!	11/18/2016 11:31 AM
