GENERAL INSTRUCTIONS

This instruction manual describes the data elements collected by the Nebraska Student and Staff Record System (NSSRS) via the Title I Programs template. The Title I Programs template collects information about students receiving Title I services. Valid values and data validation rules that can be performed prior to data submission are listed where appropriate. NSSRS validations ensure data submitted is of high quality. A link to an interactive list of all NSSRS validations is available on the NSSRS Resources page of the NSSRS website (http://www.education.ne.gov/nssrs).

The detailed NSSRS Data Source Templates (i.e., file layout specifications) for all NSSRS templates can be downloaded from the “NSSRS Secured Information website”, which is accessible via the NDE Portal (http://portal.education.ne.gov). The “NSSRS Desktop Database” is also available for download from this website. Contact the NDE Helpdesk (nde.helpdesk@nebraska.gov or 888-285-0556) for additional information regarding the NSSRS Secured Information website and the NSSRS Desktop Database.

Scope

This is a cumulative set of students; include all students that met any of the following criteria at any time during the school year:

1. Title I services provided to nonpublic students (always considered “targeted”).
2. Services in a Title I Targeted Assistance School.
3. Title I funded Early Childhood services (not part of a schoolwide project).

NOTE: Do not include students served in Title I Schoolwide programs.

Portions of the Title I Annual Participation Report not included in the Title I Programs template will be collected separately via the “Title I Annual Participation Report” collection within the Consolidated Data Collection (CDC) on the NDE Portal.

Please visit the Title I Schoolwide Resources page (http://www.education.ne.gov/federalprograms/TITLEI/schoolwide.htm) for additional information, including the Title I Schoolwide Projects for the 2011-2012 school year.

Data Element Names
The following syntax is used throughout this document when referencing data elements.

Format: * NDE Field Name [Template Name:Field Name(Field Number)]

Where:

- An asterisk (*) indicates the data element is a key field. A value must be supplied in all key fields for each record or the data loading process will reject the record.
- **NDE Field Name** represents the name of the data element commonly used by the Nebraska Department of Education (NDE).
- **Template Name** indicates the formal name of the template.
- **Field Name** indicates the formal name of the field within the specified Template Name.
- **Field Number** indicates the position of the field within the specified Template Name.

Example: * County District Number [Title I Programs:District Code (1)] indicates a key field referenced at NDE as “County District Number” that is the first field on the Title I Programs template with a field name of “District Code.”

School Year
June 30 is used throughout NSSRS as the logical representation of a school year. As with all dates in NSSRS, it must be in ISO format (YYYY-MM-DD). Therefore, since this document applies to the “2011-2012” school year, all template fields that are to be populated with a logical school year will simply read: Provide the literal “2012-06-30”.

TITLE I PROGRAMS

The Title I Programs template collects information on a variety of Title I services a student may have received at any time during this school year.

The Title I Programs template will only include nonpublic students who received Title I services from your district at any time during the school year; students who received services in Title I Targeted Assistance Schools at any time during the school year; or students served by Title I funded Early Childhood services (not part of a schoolwide project) at any time during the school year.

* NOTE: Do not produce a Title I Programs template record for students who did not receive Title I services listed above. That is, do not produce records for which all indicators are “No”.

A Student template must first be submitted for each student appearing in a Title I Programs template or the data loading process will reject the record – this includes nonpublic students. Refer to the Student Templates Instruction Manual regarding Nonpublic Targeted Assistance [Student:Targeted Assistance (44)] when reporting nonpublic students receiving Title I services.

* County District Number [Title I Programs:District Code (1)]
  This is the number assigned to your school district by NDE and should include a dash (“-“) between the county number and the district number. The number is based on the county in which the district headquarters is located and an assigned district number. You have used this number in reporting before NSSRS; it was preprinted on your forms in the past. This value is used in every template. This is a key field; a value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search (http://educdirsrc.education.ne.gov).

* School Year [Title I Programs:School Year Date (2)]
  Provide the literal “2012-06-30”. This is a key field; a value must be supplied for each record or the data loading process will reject the record.

* NDE Student ID [Title I Programs:Student ID (3)]
  Provide the 10 digit Nebraska Department of Education Student Identifier. This is a key field; a value must be supplied for each record or the data loading process will reject the record. This ID is validated against the Nebraska Uniq-ID system during the File Validation process.

* Reporting Date [Title I Programs:Reporting Date (4)]
  Provide the literal “2012-06-30”. This is a key field; a value must be supplied for each record or the data loading process will reject the record.
