GUIDELINES FOR COMPLETING TUITION RECOVERY CASH FUND FORM

Title 92, Nebraska Administrative Code, Chapter 44, Private Postsecondary Career Schools Tuition Cash Fund, went into effect April 3, 1994. On the reverse side is the form for calculating your school's contribution to the Tuition Recovery Cash Fund. Follow the instructions given below which will help you determine the amount your school needs to pay into the Fund. Please make your check payable to **Nebraska Department of Education**.

We draw your attention to a few key definitions in Rule 44:

Assessment Year shall mean the school's most recently completed fiscal year.

Gross Tuition Revenue shall mean the total tuition and fees received during the assessment year less tuition and fees refunded, and unearned tuition and fees.

Fee shall mean a fixed charge for, but not limited to, registration fee, lab fees and the cost of materials, or equipment, if they are portrayed as fees by the school.

Tuition shall mean money charged for instruction.

Unearned Tuition shall mean money paid by an individual to a school for classes that will be held in a future attendance period and for classes that are no longer available due to termination of the school.

INSTRUCTIONS FOR COMPLETING PART A: CALCULATION OF FUND PAYMENT

Line 1: Show total tuition and fees collected by your school for the reporting period. Your reporting period will be determined by using the financial statements for your most recently completed fiscal year. If your statement does not have a number next to the line where you show your tuition and fee amounts, write a number 1 next to the amount and circle it. Write the corresponding number on Part A #1, Item #, as requested.

Line 2: During the period you are reporting, you may deduct from your tuition and fee amount on line 1, tuition and/or fee refunds you made to students. If the amount you show on line 1 is a "net" amount with refunds already subtracted, enter zero on line 2 of Part A. If the amount shown on line 1 is not a "net" amount, enter the total amount of allowable deductions on line 2 of Part A.

Write a number 2 next to the amount and circle it, and write the corresponding page number on Part A #2, Item #, as requested. Follow the same procedure for #2 (a) and (b). Please remember to appropriately cross-reference the allowable deductions with your financial statement.

Line 3: Subtract line 2 from line 1 and enter the amount on line 3.

Line 4: Multiply line 3 by .001 and enter the amount on line 5.

Line 5: Payment due the Fund.

We hope the definitions and calculations above will assist you in completing the form correctly. Should you have any questions, please contact our office at (402) 471-4825 or by email at Marisol.birth@nebraska.gov.
