Purpose: The purpose of the 2004 Building for the Future Awards is to identify and recognize State agencies and sponsoring organizations for innovative practices or methods that have improved Program efficiency, integrity, outreach, or effectively facilitated implementation of the new integrity regulations published in June of 2002. The Awards also identify innovative practices and initiatives in the CACFP that can be transferred for use to other Program operators.

Time Period: The Awards are given on a bi-annual basis to coordinate with the CACFP National Professional Association conference. Applications may be for either 2002, 2003 or both years.

Award Categories: Applicants may apply by selecting the appropriate Category and addressing one of the Areas. For applicants who wish to be considered for more than one Area, please submit a separate application for each Area.

Judging Criteria: All applications will be evaluated based on the ability to demonstrate:

- Innovation: practice(s) that makes the initiative or activity outstanding or innovative.
- Effectiveness: measurable results that have been achieved through this initiative or activity.
- Transferability: practice(s) that can be duplicated by other State agencies or sponsoring organizations.

Please note that the complexity of the submission is not a factor in judging the application – it could be a form, product, procedure or process. Submissions in any category that include a online or software system must have been designed in-house by the sponsor or State agency using commercial off-the-shelf software packages. Systems utilizing proprietary software will not be considered for an award.
To Apply: Applicants must complete and submit the following documents:

1. **Entry Form** (see attachment).
2. **Written Application**: Select one Area (A, B, C, D, or E) per application and submit your justification. Suggestions for each of the award areas are provided on pages 3 through 6 of this application packet. **Please note that these are simply suggestions and applications are not limited to the items listed.** Applications must be no longer than 2 pages, single-spaced, 12 pt. font with 1 inch margins. You may include supporting material with your application if you believe it will strengthen your application (e.g., promotional materials developed, videos produced, examples of forms developed, etc.). Please note that materials submitted may not be returned.
