

The “NEW” Side of Web Design

Start With Fundamentals

A GOOD teacher will LEARN and TEACH the basics of HTML and CSS before allowing students to use WYSIWYG editors! Yes, it's programming, technically, but they can handle it! And, so can you!

Free Web Tools and Widgets

<p>Embeddable Video Hosting (online)</p> <p>http://schooltube.com (school video hosting and embed code) http://screentoaster.com (capture screencast and embed code given)</p> <p>http://screencastle.com (capture screencast and get embed code)</p> <p>Embeddable Forum http://tal.ki/</p> <p>Embed RSS Feed from Blog http://www.makeuseof.com/dir/scrollbox-embed-rss-feeds/</p> <p>Embed Photo Galleries/Presentations Hosted Online</p> <p>http://www.slideserve.com (embed PPT files; no transitions/animation unless plugin downloaded—trial does 10 slides only) http://picasaweb.google.com/home</p> <p>Embed Documents Hosted Online (can upload)</p> <p>http://embedit.in (embed document or embed baby thumbnail link)</p>	<p>Embeddable Audio (offline)</p> <p>http://www.audioflash.org/ (free streaming audio recorder)</p> <p>Embeddable Photo Galleries (offline)</p> <p>http://www.snapfiles.com/get/sothinkalbum.html SoThink Album http://www.snapfiles.com/get/skyalbum.html SkyAlbum</p> <p>“Top” Widgets</p> <p>AddThis Button http://addthis.com/ ModPoll http://www.modpoll.com</p> <p>Random Widget Collections</p> <p>http://www.iwidgetworld.com/ http://www.widgetbox.com/ http://www.freewidgetzone.com/ http://www.tickerfactory.com/ezticker/ticker_designer.php</p>
