Dear Dr. Foy:

DRC is submitting for your review revised program pricing for DRC's contract with the Nebraska Department of Education for the Nebraska Alternate Assessment contract.

SCIENCE EXTENDED INDICATORS

BACKGROUND

The Nebraska Department of Education (NDE) requested pricing from DRC for support in the development of the science extended indicators for the Nebraska Alternate Science Assessment. This pricing memo reflects this additional scope.

DETAIL

The information below outlines the scope associated with this request.

- DRC Test Development (TD) will draft the new extensions.
- TD will work closely with NDE personnel to review, edit, refine, and finalize the extended indicators.
- TD will update the standards in IDEAS, our item banking system, after the standards are finalized.
- TD will develop a cross-walk between the old science alternate standards and the new standards.
- TD will update the Table of Specifications (test blueprint).
- TD will align current science alternate items in IDEAS to the new standards.

PRICING

The changes impact DRC's scope of work and corresponding pricing for 2017-2018. The pricing listed in the table below reflects increases relative to the existing contract.

	2017-2018
Science Extended Indicators	\$22,010

Please let me know your decision so that we can prepare accordingly.
