

# NEBRASKA TEACH

The Educator Application and Certification Hub is THE educator certification system for new applications and renewals!

The **TEACH** system includes:

- an individualized dashboard allowing for real-time communication between the applicant and certification analyst
- timely status updates sent via text message and email
- a dashboard checklist notifying applicants of what is needed to complete the certification process
- college and district transcripts, test scores, and forms directly uploaded or imported
- a shortened, adaptive application process, with only what is needed - nothing more!
