All districts must complete the Nebraska Student and Staff Record System (NSSRS) Programs Fact template for all children enrolled in a district or ESU center-based early childhood program. The lists below will assist district personnel in determining the appropriate Participation Info Code [Programs Fact: Participation Info Code (18)] to use for the early childhood program(s) operated by the district. It may be appropriate that more than one participation info code will be used within the district; however, an individual student will only be assigned one participation info code.

Please refer to the NSSRS website www.education.ne.gov/nssrs for additional information. Districts with a new early childhood program, districts that no longer have an early childhood program, and districts with questions regarding the Early Childhood Programs Fact template should contact the NDE Office of Early Childhood: Tammi Hicken, Data Manager; 402-471-3184; tammi.hicken@nebraska.gov.
